Personal Statement
Indiana State
University Master's
Program

Please address the following in your personal statement:

1) Your professional goals and any particular interests you have within the field of psychology.
2) Prior research experience.
3) Relevant clinical/volunteer experiences.
4) Experience you have had working with underrepresented groups.
5) Why the program at ISU, in particular, is a good fit for you.
6) Feel free to include any other information that you would like to share with the admissions committee.
