

Graduate Athletic Training Student **COACH** Evaluation

Students Name _____ Date _____

Coach _____ Sport _____ Signature _____

The following evaluation is designed to evaluate the performance of your Graduate Athletic Training Student. Please respond as critically and fairly as possible. The athletic training student receives no grade based on the evaluation. However, the evaluation is designed to provide constructive feedback on his/her performance.

Please complete the evaluation based on the following scale. If you determine the student is not meeting expectations, please provide specific feedback that will help the student improve.

3- Exceeds Expectations	
	Performance is clearly above the expected standards. The athletic training student can be counted on to deliver high quality healthcare
2-Meets Expectations	
	Consistent performance at expected level of athletic training student. Some areas could be improved. Specific areas of improvement should be noted where appropriate
1-Below Expectations	
	Performance is below what would be expected and requires improvements. Specific improvements should be noted next to the area with this score.
NA-Not applicable	
	Use this column when you do not have direct knowledge of the item being judged
