Administrative Stipend

The **Chart** (below) indicates the total yearly administrative stipend at various enrollment levels up through 20 student registrations in the College Challenge Program.

To arrive at the stipend amount, the following formula is used: instructors with a minimum of 3 enrollments during the school year receive \$175.00 and then are paid \$10.00 for each additional enrollment beyond three. Stipends are disbursed at the end of each ISU semester, based on those students completing the course and receiving a grade in it.

Enrollments	Stipend	Enrollments	Stipend	Enrollments	Stipend
1 or 2	\$0	9	\$235	16	\$305
3	\$175	10	\$245	17	\$315
4	\$185	11	\$255	18	\$325
5	\$195	12	\$265	19	\$335
6	\$205	13	\$275	20	\$345
7	\$215	14	\$285		
8	\$225	15	\$295		

Note: It is important that teachers check with their high schools to verify that they will be allowed to receive the administrative stipend directly. If for any reason the teacher's school objects, contact the College Challenge Program as soon as possible. In that event, the University will offer to send the stipend to the high school requesting that it be used on the teacher's behalf for equipment or supplies, to help fund professional development or travel, etc.
