ISU supports a technological educational experience for our students. ISU students who need to make a **first time** computer purchase for their educational pursuit may complete this form to request that the extra cost be factored into their Cost of Attendance (COA). A Computer Cost Adjustment is only offered **once** per student. The amount cannot exceed the cost of the laptop recommended for use by the University. Adding the expense of a computer purchase to the COA may increase your financial need, but does not guarantee that additional financial aid will be available. The Lenovo laptop options offered for purchase through the ISU web site may be viewed at [www.indstate.edu/laptop](http://www.indstate.edu/laptop).

### Identify the computer you intend to purchase and the anticipated purchase date:
