Computer Expense Form

_____ _____ 991-_____
Student First Name M.I. Last Name ID Number

Freshmen are required to have a laptop computer to enhance and support their educational goals at ISU. Students who need to make a first-time purchase may request an adjustment to their cost of attendance. (Students receiving a laptop through the ISU Laptop Award are not eligible for this adjustment.) An adjustment is available only once per student while enrolled at ISU.

The adjustment is $1400. This adjustment to the cost of attendance will increase your student budget. However, it may not increase the amount of financial aid available to you if you have already borrowed the maximum loan eligibility available to you. A PLUS/Private loan may be an option if you have exhausted your Stafford eligibility. Laptop purchases may be made through ISU. Laptop information is available at http://www.indstate.edu/oit1/laptop//.

All financial aid funds are applied to your student account. Any unused financial aid after all charges are paid will be refunded to you through appropriate means. The computer adjustment will apply to the semester in which the adjustment is requested.

Certification

I understand the conditions that will apply to the request for a computer adjustment. The computer purchase is directly related to my educational program.
