

MICROPHONES

To use the **wireless microphone**:

First: Turn on the red MASTER POWER SWITCH

Second: Take the wireless microphone from the STORAGE drawer and "flip" the two buttons located on the top of the microphone to "on"

Third: Clip the microphone onto a lapel and the microphone case onto a waistband or put in a pocket

Fourth: The short wire must hang freely from the microphone case

Fifth: When finished using microphone: Please be sure to flip both power switches to **OFF** before placing wireless microphone in the STORAGE drawer of the Sympodium. Also, be sure to turn the red MASTER POWER SWITCH **OFF** and place all wires completely in the STORAGE drawer before closing and locking the Sympodium.
