

RN ATI PLAN DVD® Series (2006 Edition)

BASIC SKILLS	Introduction: RN Scope of practice Ophthalmic Drug Administration Otic Drug Administration Nasal Drug Administration Intramuscular Injection Blood Glucose Testing Subcutaneous Insulin Administration Venipuncture Peripheral IV Insertion Surgical Asepsis Application of Sterile Dressing to Sutured Wound Application of Transparent Wound Barrier Wet to Dry Dressing Insertion of an Indwelling Urinary Catheter Stoma Care Insertion and Removal of Nasogastric Tube Endotracheal Suctioning Tracheostomy Care Restraints and Non-Restraints for Injury Protection Passive Range of Motion Proper Body Mechanics
RUNNING TIME 2:34:37	

MEDICAL-SURGICAL NURSING – DISK 1	RUNNING TIME 4:35:00
CARDIOVASCULAR/BLOOD DISORDERS	Electrocardiography Management of Dysrhythmias Coronary Artery Disease Angina Pectoris Myocardial Infarction Central Venous Pressure Monitoring Coronary Artery Bypass Grafting Digitalis Toxicity Hypertension Congestive Heart Failure Thrombophlebitis Abdominal Aortic Aneurysm Femoral-Popliteal Bypass Grafting Blood Transfusion Iron-Deficiency Anemia

NEUROSENSORY	Head Injury Cerebrovascular Accident Spinal Cord Injury Seizures Alzheimer's disease Parkinson's disease Multiple Sclerosis Meningitis Pain Eye Trauma Cataracts Glaucoma Sensorineural Hearing Loss
---------------------	--

MEDICAL-SURGICAL NURSING – DISK 2	RUNNING TIME 4:10:00
RESPIRATORY	Bronchitis Pneumonia Asthma Emphysema Pneumothorax/Hemothorax A.R.D.S./A.R.F. Pulmonary Edema Lung Cancer Laryngeal Cancer Chest Tube Placement Tracheostomy Atelectasis Bronchoscopy Thoracentesis Arterial Blood Gas Analysis Oxygen Therapy Pulmonary Embolism
ENDOCRINE DISORDERS	Thyroid Disorders Thyroidectomy Adrenal Disorders Diabetes Mellitus
INFECTIOUS DISEASES	HIV/AIDS Candidiasis Autoimmune Disorders Hepatitis Cancer Colds/Influenza Immunizations
MUSCULOSKELETAL	Osteoporosis Osteoarthritis Fractures Traction Amputation Joint Replacement Soft Tissue Injuries/Disorders

INTEGUMENTARY	General Skin Care Burns Skin/Wound Infections Wound Dehiscence and Evisceration Pressure Ulcers Rashes Herpes Zoster (Shingles)
----------------------	---

MEDICAL-SURGICAL NURSING – DISK 3	RUNNING TIME 4:16:00
DIGESTIVE	Endoscopy/Colonoscopy Peptic Ulcers Cirrhosis Cholecystitis/Cholelithiasis Appendicitis Inflammatory Bowel Disease Diverticular Disease Gastroesophageal Reflux Disease Pancreatitis Hernia Colorectal Cancer Colostomy/Ileostomy Diarrhea Constipation/Fecal Impaction Gastrectomy
URINARY	Urinary Tract Infection Renal Calculi Urinary Incontinence Renal Failure Other Renal Disorders Treatment Options
FLUID & ELECTROLYTES	Hypernatremia Hyponatremia Hyperkalemia Hypokalemia Acid-Base Imbalance Extracellular Fluid Volume Deficit Dehydration Fluid Volume Excess Total Parenteral Nutrition
REPRODUCTIVE	Cervical Cancer Ovarian Cancer Endometriosis Menopause Breast Cancer Fibrocystic Breast Disease Hysterectomy Ovarian Cysts Benign Prostatic Hypertrophy Prostate Cancer Sexually Transmitted Diseases

MATERNAL NEWBORN NURSING	RUNNING TIME 3:41:49
Antepartum	Menstrual (Reproductive) Cycle Conception Physiological Changes of Pregnancy Fetal Development Nutritional Needs Complications
Intrapartum	Preparing for Labor Leopold's maneuvers Pain Management Fetal Heart Rate Monitoring Rupture of Membranes Preterm Labor Post-term Labor Episiotomy Forceps-Assisted Birth Vacuum-Assisted Birth Umbilical Cord Prolapse Multifetal Pregnancy Meconium-Stained Amniotic Fluid Labor Induction Cephalopelvic Disproportion Cesarean Birth
Postpartum	Physiological Changes/Assessment Breastfeeding Bonding Complications
Newborn	Physical Assessment Apgar Scoring Routine Care Temperature Regulation and Assessment Nutritional Needs Circumcision Complications

NURSING CARE OF CHILDREN	RUNNING TIME 5:16:43
Pediatric Basics	Growth and Development Hospitalization Vital Signs/Fever Pain Management Nutritional Needs Medications End-of-Life Issues
Respiratory	Asthma Croup Tonsillectomy Cystic Fibrosis Oxygen Therapy
Cardiovascular/Blood	Congenital Heart Disease Hodgkin's disease Leukemia Anemia Hemophilia Sickle Cell Disease
Neurosensory	Seizures Meningitis Cerebral Palsy Head Injury Strabismus Attention-Deficit Hyperactivity Disorder
Endocrine	Type 1 Diabetes Mellitus
Musculoskeletal	Clubfoot Fractures Scoliosis Muscular Dystrophy
Integumentary	Burns Impetigo Pediculosis Ringworm Diaper Rash Thrush
Lymphatic/Infectious/Immune	Immunizations HIV/AIDS Chickenpox/Shingles Measles/German Measles Mononucleosis
Digestive	Cleft Lip/Palate Failure to Thrive Pinworms Gastroenteritis/Diarrhea
Urinary/Reproductive	Hypospadias Undescended Testicles Wilms' Tumor
Developmental/Disability	Down syndrome Autism
Pediatric Emergencies	SIDS Child Abuse Poisoning – Ingestion, Lead

<p>MENTAL HEALTH NURSING RUNNING TIME 2:21:15</p>	<p>Mental Status Exam Clients' Rights Legal Issues: Confidentiality Inpatient and Outpatient Care Protection in Mental Health Facilities Therapeutic Relationship Phobias Obsessive Compulsive Disorder Post-Traumatic Stress Psychoses Schizophrenia Depression and Suicidal Bipolar Delirium Dementia Anorexia Nervosa Bulimia Compulsive Overeating Substance Abuse Family Therapy Group Therapy Pharmacotherapy Stress Management Electroconvulsive Therapy Psychiatric Disorders in Children and Adolescents Homeless with Psychiatric Illness Victim of Crime</p>
<p>LEADERSHIP AND MANAGEMENT RUNNING TIME 1:22:40</p>	<p>Legal Issues Ethical Issues Variance Reporting Confidentiality/Client's Rights Advance Directives Organ Donation Priority Setting Supervision/Management Continuous Quality Improvement</p>
<p>COMMUNITY HEALTH RUNNING TIME 1:27:06</p>	<p>Introduction to Community Health Nursing Age-Specific Considerations Environmental Health/Safety Epidemiology/Communicable Disease Health Promotion/Disease Prevention Disaster Management Community Resources Special Considerations/Populations</p>
