

How To Access Review Modules

If your institution has purchased the appropriate package, you have online access to ATI's Review Modules. These eBooks supplement all of your classroom content and can assist greatly in the remediation process.

To access Review Modules, please sign into www.atitesting.com with your Username and Password or create a new account if needed.

On your Student Landing Page, under the Resources Section, your Review Modules will be available.

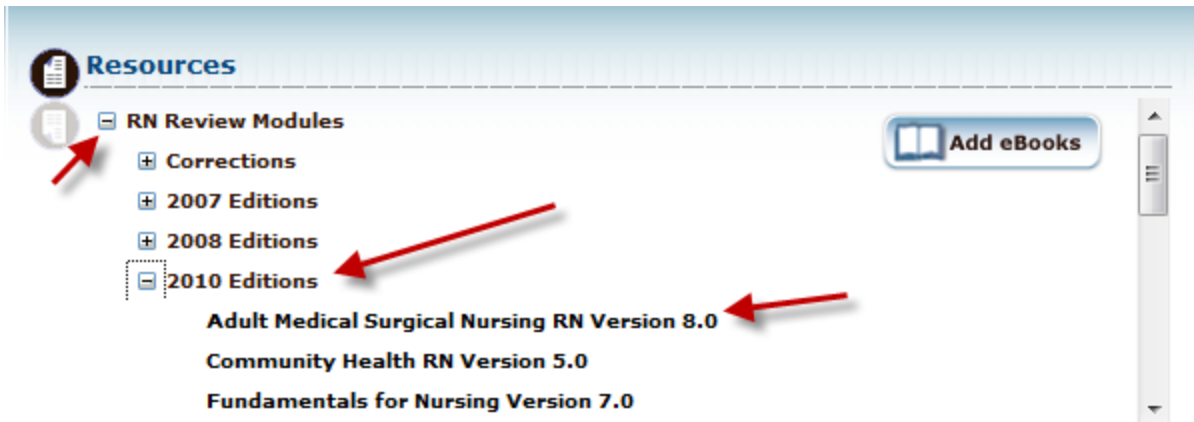

The screenshot shows the ATI Student Home page. At the top, there is a navigation bar with links for Home, Online Store, Contact Us, and Logout. Below this is a banner for account management. The main content area is divided into several sections: Account Information, Orientation Materials, Frequently Asked Questions, News & Updates, and Resources. The Resources section is highlighted with two red arrows pointing to the RN Review Modules link and its sub-items (2007, 2008, and 2010 Editions). Below the Resources section is a Drug Guide Term Search box. At the bottom, there is a red banner with a warning icon and text: "Enhancements to the My eLearning page coming soon. Preview these exciting enhancements." The ATI logo and "NURSING EDUCATION" are also visible in the bottom right corner of the banner.

Using Review Modules:

To open a Review Module, click on the plus sign (+) next to the Review Module to view available editions. Click on the plus sign next to the edition you wish to view. Then select the Review Module you wish to review.

Once selected from the Resources section, the Review Modules launch in a user-friendly pdf format.
