IMPORTANT PHONE NUMBERS
FROM THE PRESIDENT

To the Indiana State University Community—

It is up to each one of us to help foster a secure and supportive environment at Indiana State University—an environment where individuals can feel safe to visit, learn, work, and live. Primary to this goal are the principles of responsibility, respect, and integrity. These values are essential to any community, and serve as the foundation for the success and productivity of our students, faculty, and staff. Safety on campus is one of the highest concerns. A truly safe campus can only be achieved through the cooperation of everyone. This publication contains information about campus safety measures and reports statistics about crime in our University community. It also describes our efforts to combat alcohol and drug abuse. Please take the time to read it and help foster a more caring and safe environment.

Dr. Daniel J Bradley
President

FROM THE CHIEF OF POLICE

To the Indiana State University Community—

Creating and maintaining a safe campus environment for students, staff, alumni, and visitors of Indiana State University is of paramount importance to the college. We strive to foster an environment in which individuals feel safe to visit, learn, and work. Our goals are principles of responsibility and respect. These values are essential to our community and serve as the foundation for mutual success and productivity. A safe, supportive campus can be achieved with everyone’s cooperation. This publication contains information about campus safety measures and reports crime statistics for Indiana State University. Help foster a safe, caring campus.

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The Indiana State University (ISU) Public Safety Office prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at http://www.indstate.edu/pubsafety/. This report is prepared in cooperation with the local law enforcement agencies surrounding our campus and alternative sites, Residential Life, Student Conduct and Integrity a division of Student Affairs, and Business Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the ISU Public Safety Office, designated campus officials (including but not limited to directors, deans, department heads, Student Conduct and Integrity, affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. The Student Counseling Center and the Psychology Clinic inform their clients of the procedures to report crime to the ISU Public Safety Office on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the web site to access this report. Copies of the report may also be obtained at the ISU Public Safety Office located next to Pickerl Hall at 210 N. 6th Street, or by calling 812-237-7829. All prospective employees may obtain a copy from Human Resources located in Rankin Hall, Room 300 or by calling 812-237-4114, and the web site address will be attached to ISU employment applications.

ABOUT THE ISU PUBLIC SAFETY OFFICE/ LAW ENFORCEMENT

The ISU Public Safety Office has complete police authority to apprehend and arrest anyone involved in illegal acts on any property owned, leased, or used by Indiana State University and, throughout the State of Indiana. If any offenses involving University rules and regulations are committed by a University student, the

Campus Police may also refer the individual to Student Conduct and Integrity, a division of Student Affairs.

Indiana State Public Safety Office maintains a twenty-four hour police operation located at 210 N. 6th Street between Erickson and Pickerl Hall.

The ISU Public Safety Office jurisdiction boundaries are: Tippecanoe Street on the north, Cherry Street on the south, CSX Railroad tracks on the east and Third Street on the west. Also, any University owned or leased property in outlying areas is patrolled jointly by both University and Terre Haute City Police.

ISU Public Safety Mission Statement

We are dedicated to providing our community with the highest quality of law enforcement services. We are committed to developing a partnership with the University community, local law enforcement agencies, and the citizens of Terre Haute to provide a safe environment in which we can live, and work.
Working Relationship with Local, State, and Federal Law Enforcement Agencies

The ISU Public Safety Office maintains a close working relationship with the Terre Haute City Police Department. The ISU Public Safety staff occasionally works with other law enforcement agencies in Indiana, including the Vigo County Sheriff Department, the Indiana State Police, and others. University Police communicate regularly on the scene of incidents that occur in and around the campus area. The University Police work closely with agencies when incidents arise that require joint investigative efforts, resources, crime related reports and exchange of information, as deemed necessary.

There is no written memorandum of understanding between the University Police and other law enforcement agencies.

Crimes Involving Student Organizations at Off-Campus Locations

Indiana State University relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Indiana State students and recognized student organizations, on and off campus. In coordination with local law enforcement agencies, the ISU Public Safety Office will actively investigate certain crimes occurring on or near campus.

If the department learns of criminal activity involving students or student organizations, it will coordinate with the appropriate external law enforcement agency and forward information about the situation to the Office of Student Conduct and Integrity, as appropriate.

The University requires all recognized student organizations to abide by federal, state, and local laws, and University regulations. The University may become involved in the off-campus conduct of recognized student organizations when such conduct is determined to affect the Code of Student Conduct at http://www.indstate.edu/sci/docs/CodeConduct.pdf.

REPORTING CRIMES AND OTHER EMERGENCIES

We encourage accurate and prompt reporting of all crimes to the ISU Public Safety Office and the appropriate law enforcement agencies.

Emergency Reporting:

- To report by phone, dial 9-1-1 from any campus telephone or use the “Help” button on the Code Blue Phone system to reach the ISU Public Safety Office. If using a cell phone on campus, dial 812-237-5555 for an emergency.

- To report in person, visit ISU Public Safety Office at 210 N. 6th Street, Terre Haute, Indiana.

- To report a crime online, go to the ISU Public Safety Office website, http://www.indstate.edu/pubsafety/, click on Silent Witness Program.

The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire Indiana State community that you immediately report all incidents. This, so that the ISU Public Safety Office can investigate the situation and determine if follow-up actions are required, including issuing a Timely Warning or Emergency Notification.

Voluntary, Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage University community members to report crimes promptly and to participate in and support crime prevention efforts. The University community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of or witness to a crime, you may still choose to make a report and request that it remain confidential. The purpose of such a report is to comply with your wish to keep your identity confidential, while also providing information to help ensure the future safety of yourself and others. An individual’s request
regarding the confidentiality of reports of sexual assault or harassment will be considered in determining an appropriate response; however, such requests will be considered in the dual contexts of the University’s legal obligation to ensure a working and learning environment free from sexual assault and harassment and the due process rights of the accused to be informed of the allegations and their source. Some level of disclosure may be necessary to ensure a complete and fair investigation, although the University will comply with requests for confidentiality to the extent possible. Using the information provided in the confidential police report, the University can keep an accurate record of: the number of incidents involving students, employees, and visitors; determine whether there is a pattern of crime with regard to a particular location, method, or assailant; and alert the university community of potential dangers. Reports filed in this manner are counted and disclosed in the annual crime statistics for the university.

Blue Light Phones

The University has Blue Light Phones on the Indiana State campus. The “Push for Help” button is linked to the ISU Public Safety Office and to 9-1-1 services and should be used for emergencies. The “Info” button should be used for non-emergencies situations, such as escort requests, battery jump, vehicle lock-outs, and to report minor incidents. For additional information on the Blue Light Phones system, please contact the ISU Public Safety Office at 812-237-5555.

Silent Witness

If you are interested in reporting a crime online, you can utilize the ISU Public Safety’s, Silent Witness Program, which can be accessed through the department’s website at: http://www.indstate.edu/pubsafety/. It is our policy to not attempt to trace the origin of the person who submits this form, unless such is deemed necessary for public safety. Cases reported anonymously are disclosed in the annual crime statistics.

Campus Security Authorities (CSA’s)

If someone reports a crime to you, you may have an obligation to share this information if you have been identified as a Campus Security Authority. Campus Security Authorities have a legal obligation to respond to reports of sexual violence, even if the individual making the report requests that no action be taken.

What is a Campus Security Authority?

A Campus Security Authority is a term used to describe someone who has significant responsibility for student and campus activities. The regulations that govern the Clery Act (34 CFR 668.46) define a CSA as:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring entrance into institutional property).
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student complaint resolution, and University administrative conduct process.

Pastoral and professional counselors are not considered a campus security authority when acting in their roles as a pastoral or professional counselor.

While the University has identified a number of CSAs, we officially designate the following department as a place where campus community members should report crimes:

Other Reporting

Although the ISU Public Safety Office serves as the primary law enforcement agency for the campus, occasionally community members may need to contact other law enforcement agencies.

Maxient Online Reporting System

An online report form is available on the Office of Student Conduct and Integrity website (http://www.indstate.edu/sci) for information/complaints against student when law enforcement is not necessary (i.e. University specific policy violations, concerns for wellbeing, academic integrity violations, or non-threatening disruptive behavior).

Pastoral and Professional Counselors

Campus “Pastoral Counselors” and “Professional Counselors,” when acting as such are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, the University encourage Professional Counselors, if and when they deem it appropriate, to inform the persons they are counseling of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual crime statistics. A Pastoral Counselor is defined as an employee of the institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor. A Professional Counselor is defined as an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

TIMELY WARNING REPORTS — CRIME ALERTS

In an effort to provide timely notice to the campus community in the event of a Clery Act crime that may pose a serious or continuing threat to members of the community, the ISU Chief of Police or his/her designee issues “timely warning” under the heading “Campus/Crime Alert”. The University Police will generally issue Crime/Crime Alerts for the following crimes: arson; aggravated assault; criminal homicide; robbery; burglary; sexual assault; motor vehicle thefts; and hate crimes. Timely warnings can be issued for threats to persons or to property.

The decision to issue a Timely Warning/Campus Alert will be considered on a case-by-case basis in light of all the facts surrounding a crime or incident, including factors such as the nature of the crime and or the continuing danger to the campus community. The possible risk of compromising law enforcement efforts will also be considered.

The ISU Public Safety Office will post these warnings through a variety of ways, including but not limited to the Indiana State University portal email system, Rave Text messaging System (to those who register), ALERTUS Emergency Messaging System, the ISU Public Safety Office website, http://www.indstate.edu/pubsafety/, the Indiana Statesman campus newspaper, local media, and posting of crime alerts in visible campus locations as may be deemed appropriate.

The purpose of these Timely Warnings is to notify the campus community of the incident and to provide information that may enable the community to take steps to protect themselves from similar incidents.

Anyone with information warranting a timely warning should report the circumstances to the ISU Public Safety Office, by phone 812-237-5555 or in person at the dispatch center within Public Safety, 200 N. 6th Street, next to Pickerl Hall.
EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Indiana State University Emergency Preparedness/Response Plan

The Indiana State University Emergency Preparedness/Response Plan has been designed as a contingency plan in order to plan for campus emergencies. The basic emergency procedures are to enhance the protection of lives and property through effective use of University and campus community resources. This plan is reviewed annually to ensure that it remains current and addresses the campus needs. The Indiana State University Emergency Preparedness/Response Plan is located on the website http://www.indstate.edu/pubsafety/

A ready reference publication of the University procedures for emergency situations is located at http://www.indstate.edu/pubsafety/ under Emergency Information then Safety On Campus. Included in the Safety on Campus Emergency Procedures is basic “how to” information to help the campus community respond to emergencies. While it is impossible to produce a document that is all-inclusive, this publication addresses the most common emergencies.

EVACUATION PROCEDURES

Building Evacuation

- All building evacuations will occur when an alarm sounds and/or upon notification by Public Safety, Building Coordinator, Building Safety Officer, or designee.
- When the fire alarm is activated during an emergency, leave by the nearest marked exit and alert others to do the same.
- Handicap evacuation will be preplanned for each building at Indiana State University. Contingencies for handicapped evacuation shall be included in each building Emergency Response Plan.
- Do not use the elevators in case of fire and/or earthquake.
- Once outside proceed to a clear area that is at least 200 feet away from the affected building. Keep streets, fire lanes, hydrant areas, and walkways clear for emergency vehicles and personnel. Know your evacuation assembly points.
- DO NOT return to an evacuated building unless told to do so by a designated University official.

Important: After any evacuation, report to your pre-designated assembly point. Stay there until an accurate headcount is taken. Building Officials and Public Safety Officers will assist in accounting for all building occupants. For more information contact the Building Coordinator found at http://www.indstate.edu/pubsafety/

Campus Evacuation

- Evacuation of all or part of the campus will be announced by ISU Public Safety Office.
- All persons (students and staff) are to immediately vacate the site in question and relocate to another part of the campus or designated location as directed.

Drills, Exercises, and Training

Annually, the Emergency Preparedness/Response Plan is reviewed. This comprehensive review includes several departments across campus.

To ensure the University’s emergency plans remain current and actionable, the University will conduct at least one test a year and it may be announced or unannounced. The test will meet all of the following criteria: be scheduled; contain drills, exercises, follow-through activities; be designed for assessment and evaluation of emergency plans and capabilities. The test will address emergency response and evacuation procedures at different campus sites. The University has an emergency plan for each building.

The University tests the emergency notification system monthly, by sending test message to the University community via Rave messaging, email, All Hazards Siren, and ISU Live Television. These tests are evaluated for timeliness of message distribution, and effectiveness of All Hazards Siren.

In conjunction with at least one emergency exercise each year, the University will notify the Indiana State community of the exercise and remind the community of the information included in the University’s publicly
available information regarding emergency response procedures.

**Emergency Notification System**

Indiana State University will immediately notify the campus community upon confirmation of an emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. Indiana State University is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of campus community members. Notification to the campus community will be authorized by the ISU Chief of Police or highest ranking Public Safety officer available using one or more of the following methods:

- Rave-Text Messaging and email system notification (register at: [https://www.getrave.com/login/indstate](https://www.getrave.com/login/indstate))
- All Hazards Siren. Please note that all hazards sirens are tested at 11:00 a.m. on the first Tuesday of each month.
- Alertus Emergency Messaging System – full computer screen “pop-up” messages on all properly configured PC’s connected to the ISU network.
- Email messages via ISU portal.
- ISU Live television.
- A recorded message on the ISU Information Line (ext. 7777)
- Emergency message on the University homepage website ([www.indstate.edu](http://www.indstate.edu)).
- Voice over Internet Protocol (VOIP) Telephones in all classrooms.
- Local media outlets.

**Alertus Emergency Messaging System (implemented – Spring 2014)**

The Alertus Desktop alert system is installed on your computer. You can identify the software with an icon located in the taskbar. The Alertus desktop system will be activated when an event occurs that causes the ALL Hazards Siren to sound. This will result in a full-screen “pop-up” on all properly configured PC’s and MacIntosh computers connected to the ISU network, taking over the whole screen with a warning and instructions from Public Safety. An “ALL CLEAR” message will be sent when the incident has been resolved.
Confirm the Existence of a Significant Emergency or Dangerous Situation

Most significant emergencies are reported to ISU Public Safety’s dispatch. A Police officer will be dispatched to the scene to confirm the emergency or disaster conditions.

Dispatch will request the appropriate assistance from the fire department of emergency services personnel and will immediately contact the ISU Chief of Police or the next highest-ranking Public Safety official.

The ISU Chief of Police or highest-ranking Public Safety official shall in turn activate the Emergency Notification System.

As soon as the University has confirmed that a significant emergency or dangerous situation exists, the ISU Chief of Police or next highest ranking officer will take into account the safety of the campus community, determine what information to release about the situation, and begin the notification process.

The only reason ISU Public Safety Office, in their professional judgment, would not immediately issue a notification for a confirmed emergency or dangerous situation is if doing so would compromise efforts to: assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency. An example of not compromising efforts to mitigate the emergency might be agreeing to a request of local law enforcement or fire department officials.

As soon as the condition that may compromise efforts is no longer present, the University will issue the emergency notification to the campus community.

Determining the Appropriate Segment of the Campus Community to Receive an Emergency Notification:

Regardless of the event, whenever the emergency notification system is activated the entire campus of the University will be notified. There will be no segments of the main campus that will be omitted.

Determining the Contents of the Emergency Notification:

Once the University has confirmed that a significant emergency or dangerous situation exists, the Chief of Police or highest ranking Public Safety officer will determine the contents of the notification. The individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure that individuals are aware of the situation and they know the steps to take to safeguard their personal and community safety.

Initiate the Notification System:

In the event of a situation that poses an immediate threat to members of the campus community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of emergency notification to all of the campus community. The University will post updates during a critical incident on the ISU Public Safety homepage. If the situation warrants, the University will establish a telephone call-in center to communicate with the University community during an emergency situation. The Chief of Police or highest ranking Public Safety officer is responsible for initiating the Emergency Notification system using one or more of the methods described in Emergency Notification section of this document.

Procedures for Disseminating Emergency Information to the Larger Community (i.e., individuals and organizations outside the campus community):

If the University activates its Emergency Notification system in response to a situation that poses an immediate threat to members of the campus community, the ISU Public Safety Office is responsible for disseminating the Emergency Notification to the larger community about the situation and steps the University has taken to address the emergency. Primarily, the Office of Communications and Marketing is responsible for crisis communications and for updating notices on Facebook, Twitter, and other social networking platforms and for maintaining communications with national, regional, and local news and radio outlets.
To summarize, a University Police officer will confirm that there is a significant emergency or dangerous situation. The Chief of Police or highest ranking Public Safety officer will determine the content of the notification, and initiate the notification system.

**Enrolling in the University’s Emergency Notification System**

We encourage members of the campus community to enroll in the RAVE Alert system by visiting [https://www.getrave.com/login/indstate](https://www.getrave.com/login/indstate). We encourage University community members to regularly update their information at the same site.

**SECURITY OF AND ACCESS TO INDIANA STATE FACILITIES**

Access to campus buildings and grounds is a privilege extended to students, faculty, staff and guests. The University encourages an open environment with limitations to assure adequate protection of all members of the University community. Except for residence halls, most campus facilities are normally open when classes are in session or by special arrangements. A few University facilities are available to the general community. Building hours are monitored and buildings are secured at the end of the regular academic day.

During non-operational hours, University buildings are locked. Only faculty, staff, and students with proper authorization and identification are permitted into buildings.

Residential Life continually evaluates security procedures for the residence halls and implements many preventive measures. Outside doors are locked at 12:00 a.m., key floor stairwells access, and key floor elevators are open 24/7. For additional information about residence hall security, contact Residential Life at 812-237-3993.

**Security Considerations for the Maintenance of Campus Facilities**

The Department of Facilities Management maintains the university buildings and grounds with a concern for safety and security. Facilities Management staff inspect campus facilities regularly, promptly make repairs affecting safety and security, and responds to reports of potential safety hazards, such as lights that are out and broken windows and door locks. The ISU Police Department assists Facilities Management by reporting potential safety and security hazards.

Indiana State University ensures security is the appropriate consideration as we address and schedule routine maintenance and make upgrades to facilities. Landscaping and outdoor lighting on campus is designed for security and to provide pedestrians peace of mind. Similarly, sidewalks and other pathways are designed to provide well-traveled lighted routes from parking areas to buildings and from one building to another.

Under the directions of the ISU Police Department, annual lighting tours are conducted. Representatives from student organizations and leadership, Facilities Management, Office of Risk Management and the Police Department team together to visually inspect the campus looking for and identifying potentially unsafe areas due to lack of lighting. This tour is conducted in the late fall of each year. Any burned out lighting found is replaced accordingly.

Unsafe facilities conditions or those that raise concern for person safety and property protection, including inoperative locking hardware, exterior lighting, steps, handrails unsecured equipment, and hazardous conditions, should be reported by calling the Department of Facilities Management at 812-237-8100 during normal business hours and by calling ISU Public Safety Office at 812-237-5555 during non-operational hours.

**SEXUAL OFFENSE**

**Sexual Violence Policy**

**Purpose**

Indiana State University is committed to maintaining an environment conducive to the continued intellectual and social development of its students. A campus community of mutual respect and concern is established through the active efforts of all its members. Indiana State University maintains a proactive stance in the prevention of sexual violence and imposes strict sanctions against those found responsible of committing
such acts. Sexual violence will not be tolerated. Victims of sexual violence will be provided the active support and intervention needed to support their continued progress on academic and career goals.

Definitions

Sexual Violence (SV) is any sexual act that is perpetrated against someone’s will. SV encompasses a range of offenses, including but not limited to a completed nonconsensual sex act (i.e., rape) an attempted nonconsensual sex act, abusive sexual contact (i.e., unwanted touching), and non-contact sexual abuse (e.g., threatened sexual violence, exhibitionism, verbal sexual harassment). These four types are defined in more detail below. All types involve victims who do not consent, or who are unable to consent or refuse to allow the act.

- A completed sex act is defined as contact between the penis and the vulva or the penis and the anus involving penetration, however slight; contact between the mouth and penis, vulva, or anus; or penetration of the anal or genital opening of another person by a hand, finger, or other object.

- An attempted (but not completed) sex act

- Abusive sexual contact is defined as intentional touching, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or buttocks of any person without his or her consent, or of a person who is unable to consent or refuse.

- Non-contact sexual abuse does not include physical contact of a sexual nature between the perpetrator and the victim. It includes acts such as voyeurism; intentional exposure of an individual to exhibitionism; intentional exposure of an individual to exhibitionism; unwanted exposure to pornography; verbal or behavioral sexual harassment; threats of sexual violence to accomplish some other end; or taking or distributing nude photographs of a sexual nature of another person without his or her consent or knowledge, or a person who is unable to consent or refuse.

Intimate Partner Violence (IPV) is a serious, preventable public health problem that affects millions of Americans. The term “intimate partner violence” describes physical, sexual or psychological harm by a current or former partner or spouse. This type of violence can occur among heterosexual or same-sex couples and does not require sexual intimacy.

IPV can vary in frequency and severity. It occurs on a continuum, ranging from one hit that may or may not impact the victim to chronic, severe battering.

There are four main types of intimate partner violence including but not limited to:

- **Physical violence** is the intentional use of physical force with the potential for causing death, disability, injury, or harm. Physical violence includes, but is not limited to, scratching; pushing; shoving; throwing; grabbing; biting; choking; shaking; slapping; punching; burning; use of a weapon; and use of restraints or one’s body, size or strength against another person.

- **Sexual violence** is divided into three categories: 1) use of physical force to compel a person to engage in a sexual act against his or her will, whether or not the act is completed; 2) attempted or completed sex act involving a person who is unable to understand the nature or condition of the act, to decline participation, or to communicate unwillingness to engage in the sexual act, e.g., because of illness, disability, or the influence of alcohol or other drugs, or because of intimidation or pressure; and 3) abusive sexual contact.

- **Threats of physical or sexual violence** use words, gestures, or weapons to communicate the intent to cause death, disability, injury, or physical harm.

- **Psychological/emotional violence** involves trauma to the victim caused by acts, threats or acts, or coercive tactics. Psychological/emotional abuse can include, but is not limited to, humiliating the victim, controlling what the victim can and cannot do, withholding information from the victim, deliberately doing something to make the victim feel diminished or embarrassed, isolating the victim from friends and family, and denying the victim access to money or other basic resources. It is considered psychological/emotional violence when there has been prior physical or sexual violence or prior threat of physical or sexual violence.

The definitions above are from the Center for Disease Control and Prevention (http://www.cdc.gov/) to
provide consistent definitions to monitor and examine trends over time. In addition, this helps to determine the magnitude of sexual violence and compare these problems across jurisdictions.

Definitions

The proposed statutory changes of the Violence Against Women Reauthorization Act (VAWA) require institutions to compile statistics for certain crimes that are reported including incidents of dating violence, domestic violence, stalking, and sexual violence.

Proposed definitions of “Dating violence,” “Domestic violence,” and “Stalking” are as follows:

“Dating violence” under the proposed regulations is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; where the existence of such a relationship is determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

“Domestic violence” under the proposed regulations to include a felony or misdemeanor crime of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

“Stalking” is defined to mean “engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.”

Crime Statistics

Indiana State University has made a good-faith effort to include accurate and complete statistics for domestic violence, dating violence, sexual assault and stalking for calendar year 2013 as follows:

Procedures to Follow if a Sex Offense Occurs

The following information provides steps to follow should a rape or sexual assault occur:

- **Get to a Safe Place** - Get to a safe place as soon as possible! Your safety is most important!
- **Preserve Evidence** - Best practices are to preserve evidence include seeking medical attention shortly after the event and do not shower, drink, eat, douche, or change your cloths prior to the exam.
- **Medical Attention** - Get medical attention as soon as possible, even with no physical injuries. You may wish to consult with medical personnel quickly regarding: prevention of sexual transmitted infections, pregnancy, evidence collection, and toxicology testing if there are signs that drugs or alcohol may have facilitated the assault. Individuals of any gender can be victims of sexual assault, dating violence, domestic violence and stalking. We encourage victims to go to the emergency room of either of the hospitals in Terre Haute, Indiana:

University Procedures for Responding to Reports of Sexual Assault

If you or someone you know is the victim of a sexual assault, the victim has several rights, including:

- The right to report the incident to the ISU Public Safety Office or local authorities. The institutional personnel will assist the student in notifying either the University or local police, if the student requests the assistance of these personnel. Filing a police report does not mean the victim must pursue criminal charges. The victim maintains his or her rights throughout the process.
- On and off campus counseling, mental health or other student services for victims of sex offenses resources:

- Changing a Victim’s Academic and Living Conditions – Indiana State University is obligated to comply with a student’s request for a living and/or academic situation change following an alleged sex offense if such changes are reasonably available. Class schedule changes may be requested by contacting Student Affairs, Parsons Hall Room 203 or 812-237-3888. Living arrangement changes may be requested by contacting Residential Life, Mills Hall lower level or 812-237-3993.

Whatever avenue the victim decides to follow for filing a complaint, it is important to follow these steps in order to ensure the possibility of criminal prosecution and/or University student judicial finding.

University Disciplinary Procedures in Sex Offense Incidents

The University’s student conduct process is designed to afford a complainant (the person who is bringing a charge) and a respondent (the person who is answering a charge) a fair, prompt, and appropriate resolution process. The process is designed to help people who need support as they address these incidents.

A multi-department team (Title IX Coordinator, Student Conduct and Integrity, Student Advocates) investigate and adjudicate all sexual complaints involving students. In any case, both the accuser and the accused are entitled to the following rights: 1). To the same opportunities to have others present during any disciplinary proceeding 2) To be informed of the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense. Compliance with this provision does not constitute a violation of the Family Educational Rights and Privacy Act (FERPA). For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution’s final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.

For more information concerning these processes or procedures, please visit the Sexual Violence Prevention (SVP) and Response website (http://www.indstate.edu/svp). On the SVP website you will find a listing of offices and staff available for questions. Also, refer to the Code of Student Conduct (http://indstate.edu/sci/docs/CodeConduct.pdf).

Sanctions/Stipulations for violations of University policies regarding sexual violence may include, but not limited to relocation or loss of campus housing privileges, no contact order issued by the University restricting communication and contact between parties, reassignment of academic courses to avoid contact with
the complainant, probation, suspension or expulsion from the university.

Indiana State University will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the results of any disciplinary proceeding conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Indiana State University will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

For more information concerning these procedures, contact The Office of Student Conduct and Integrity located in Hulman Memorial Student Union room 821 or 812-237-3800. Also, please refer to the Code of Student Conduct (http://www.indstate.edu/sci/docs/CodeConduct.pdf).

Sexual Assault Prevention Education Programs

Sexual assault prevention education is coordinated by the ISU Student Health Promotion Office and the ISU Sexual Violence Prevention and Response Coalition. The comprehensive sexual assault prevention education programs efforts for ISU include the following:

- ISU Sexual Violence Prevention and Response Coalition. Efforts include data collection, policy analysis, bystander intervention, social marketing, and male involvement, presentation for classes and student organizations. To learn more visit http://www.indstate.edu/svp

- MyStudentBody.com Essentials Course Sexual Violence section. Student School code is SYCAMORESAM Parent School code is SYCAMOREPARENT

- STEP UP! Bystander Intervention Program available upon request through the Dean of Students Office or http://www.indstate.edu/svp/
- Social Marketing Campaigns, learn more at http://www.indstate.edu/svp/

- Guest Speakers/Events:
  - Take Back the Night November 12, 2013
  - No One Left Behind April 9, 2013

- Periodically during the academic year the ISU Police, in cooperation with other University organizations and departments, present crime prevention awareness sessions on sexual assault (rape and acquaintance rape), Rohypnol abuse, relationship violence, and residence hall security.

- Rape Aggression Defense: Rape Aggression Defense (RAD) is a free self-defense class offer by ISU Public Safety Office. This is a comprehensive course that begins with awareness, prevention, risk reduction, and avoidance, while progressing on to the basics of hands-on defense training. Certified RAD instructors teach each session.

For more information about programs or to request a program for your group or organization, please call the ISU Public Safety Office at 812-237-7829.

Obtaining Registered Sex Offender Information

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, Indiana State University is providing a link to the Indiana Sex and Violent Offender Registry.

This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information concerning registered sex offenders may be obtained.

A list of registered sex offenders in Indiana is available at http://www.icrimewatch.net/indiana.php
CAMPUS SECURITY POLICIES

Security Awareness Programs for Students and Employees

During the Fall Welcome and throughout the year, students are informed of services offered by the ISU Public Safety Office. Presentations outline ways to maintain personal safety and residence hall security. Students are told about crime on campus and in surrounding neighborhoods. Similar information is presented to new staff and faculty through their respective orientation programs. Crime Prevention Programs and Sexual Assault Prevention Programs are offered on a continual basis and as requested.

Periodically during the academic year the ISU Public Safety Office, in cooperation with other University organizations and departments, present crime prevention awareness sessions on sexual assault (rape and acquaintance rape), drug abuse, theft, and vandalism, as well as educational sessions on personal safety, relationship violence, and residence hall security.

In addition to these presentations, information is disseminated to students, staff, and faculty through crime prevention awareness materials, posters and displays. Much of this is managed through the Dean of Students Office. Articles and advertisements in University communications and student publications are also used to share awareness information about security. The ISU Public Safety Office works closely with the University College which has as a primary focus of the needs of first year students.

The Office of Student Conduct and Integrity annually educates and notifies the campus community of content and updates to the Indiana State University Code of Student Conduct.

The “BLUE FOLDER” published by the Division of Student Affairs lists a C.A.R.E.S. Guide. “Creating Awareness and Readiness for Everyone’s Safety” is a new idea launched in the fall of 2014. It is a compact, yet comprehensive guide to classroom and workplace safety information for faculty and staff at Indiana State University.

A common theme of all awareness and crime prevention programs is to encourage students, staff, and faculty to be aware of their responsibility for their own security and the security of others.

When time is of the essence, information is released to the University community through Crime Alerts posted prominently throughout campus, through computer memos sent over the University’s Email system, and the University’s text messaging service.

Parental Notification Policy

It is the goal of Indiana State University to expand the partnership with parents/guardian in encouraging students to make reasonable, responsible, and health decisions about alcohol and other drugs. In addition, we know that there is a strong association between a declining academic performance and the illegal/abuse use of alcohol and other drugs by our students. By notifying parents/guardians of violations of this nature, we have the opportunity to work together to aid in the academic success and health social integration of our students.

If a student under the age of 21 is found responsible of violating the 3.3.3 Drug Related Behavior and/or 3.3.4 Alcohol Related Behavior of the Code of Student Conduct, ISU Student Conduct and Integrity will notify the student’s parents/guardians in writing.

See the following website for the University Code of Conduct and additional information concerning Parental Notification http://www.indstate.edu/sci/docs/CodeConduct.pdf.

Missing Student

When it is determined that a student is apparently missing from the University, staff at Indiana State, in collaboration with campus and local law enforcement, will be guided by this Missing Student Policy and standing operating procedures, to locate the student.

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the ISU Public Safety Office by calling 9-1-1 from on campus phone or 812-237-5555 from any other phone. Anyone receiving a missing student report should immediately bring it to the attention of ISU Public Safety Office. The ISU Public Safety Office will generate a missing person report and initiate an investigation.

In addition to registering a general emergency contact, students residing in on-campus housing have an option to confidentially identify an individual to be contacted by the ISU Public Safety Office within 24 hours of the determination that the student is missing, if the student has been determined missing by the ISU Public Safety Office, or the local law enforcement agency. This option is provided on the application for student housing and a response must be provided in order to make the application complete.

If a student has identified such an individual, ISU Public Safety Office will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact
will be accessible only by authorized campus officials and law enforcement in the course of the investigation.

The ISU Public Safety Office will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, ISU Public Safety Office will notify the student’s custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Regardless of whether the student has identified a contact person, is above the age of 18 or is an emancipated minor, ISU Public Safety Office will notify the local law enforcement agency that has jurisdiction in the areas within 24 hours that the student is missing.

Daily Crime Log

The Daily Crime Log is available by request. Please contact the Records Coordinator at Indiana State University Public Safety Office at 812-237-4516 or by email request (Teresa.Evans@indstate.edu).

The log includes the nature, date, time, general location, and disposition of each crime. All log entries, except where disclosure of such information is prohibited by law or such disclosure would jeopardize the confidentiality of the victim, will be open to public inspection within two business days of the initial report being made to the department or to a Campus Security Authority.

Any new information obtained is added to the log no later than two business days after the information becomes available, unless there is clear and convincing evidence that the release of such information would:

1. Jeopardize an ongoing criminal investigation or the safety of an individual;
2. Cause a suspect to flee or to evade detection;
3. Result in the destruction of evidence.

The Fire Log is also available by request. Contact the Records Coordinator at ISU Public Safety Office 812-237-4516 or by email request (Teresa.Evans@indstate.edu).

Crime Prevention Programs

Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. Public Safety personnel facilitate programs for students, parents, faculty, new employee orientations, student organizations, community organizations, in addition to programs for Residential Life Resident Assistants and residents providing a variety of educational strategies and tips on how to protect themselves from sexual assault, theft, and other crimes.

Rape Aggression Defense System (RAD) training is also offered for female students and staff. It is a comprehensive course that begins with awareness, prevention, risk reduction, and avoidance, while progressing on to the basics of hands-on defense training. Certified RAD instructors will teach the courses provided.

In order to enhance and regularly visit possible emergency preparedness and prevention programs, a Behavior Intervention Team (B.I.T.) exists. This is a group made up of upper managers from the Office of Student Conduct and Integrity, Residential Life, Student Affairs, Counseling Center and Public Safety. The objective of B.I.T. is to systematically identify, evaluate, and manage potentially threatening situations, including persons of concern, at the University.

Under the directions of the ISU Public Safety Office, annual lighting tours are conducted. Representatives from student organizations and leadership, Facilities Management, Office of Risk Management and Public Safety team together to visually inspect the campus looking for and identifying potentially unsafe areas due to lack of lighting. This tour is conducted in the late fall of each year. If you or your organization would like to request a specific program, please contact the ISU Public Safety Office at 812-237-5555.
POLICIES GOVERNING ALCOHOL, DRUGS AND WEAPONS

Alcoholic Beverages

The unlawful manufacture, distribution, dispensation, possession, or use of alcohol in any part of the University campus is governed by the Drug-Free Workplace Policy, the ISU Code of Student Conduct, and the laws of the State of Indiana. The Indiana Alcohol & Tobacco Commission regulates and limits the manufacture, sale, possession, and use of alcohol and alcoholic beverages. However, the enforcement of alcohol laws on-campus is the primary responsibility of the ISU Public Safety Office. The ISU campus has been designated “Drug free” and consumption of alcohol on campus is only permitted under certain circumstances as set forth by University policy. Legal use of alcohol may be permitted on campus only if approved by the University President or designee. The illegal possession, use, sale manufacture, or distribution of any controlled substance is enforced under both state and federal laws. The ISU Public Safety Office proactively enforces these laws and University policies concerning alcohol and drugs on campus, including state underage drinking laws. Violators of alcohol policies are subject to the provisions of applicable state and federal laws as well as University disciplinary actions. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21 years of age. Organizations or groups violating alcohol/substance policies or laws may be subject to sanctions by the University.

Illegal Drugs

Indiana State University policy prohibits the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the ISU Public Safety Office.

Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment.

University and campus policies pertaining to the possession, use, and sale of alcohol and other drugs are outlined in:

- Indiana State University Handbook:
  - 950 Drug-Free Workplace Policy
  - 955 Campus Tobacco Policy
  - 435 Alcohol Policy for Student-Related Events

- Indiana State University Code of Student Conduct

- Indiana State University Alcohol Policy Statement for Student Related Events
Health Risks Associated with Alcohol and controlled Substances (Drugs)

All persons should be aware of the health risks caused by the use of alcohol, and by the illegal use of controlled substances (drugs).

Notes:
- Alcohol and other drug use during pregnancy increases risk of physical harm to fetus.
- Additional risks of harm may occur from toxic impurities present in street drugs.
- Additional risks of harm may occur from the use of prescription drugs in ways other than prescribed.
- Drugs taken by injection can increase the risk of infection (e.g., HIV, hepatitis, etc.) through needle contamination.
Substance Abuse Education

The University currently offers the following Alcohol and Drug educational programming:

The Student Counseling Center and the UAP Clinic provide counseling and certain levels of treatment and rehabilitation. These departments are also able to refer students to specialized treatment and rehabilitation programs when needed. Student Health Promotions and the Student Counseling Center maintain a referral resource list for all of counties in Indiana.

Human Resources provide information to all employees about the services and assistance offered by the Employee Assistance Program. All services are provided under strict confidentiality.

The Student Counseling Center provides a 3 session assessment process for all student violators of the drug and alcohol regulations contained in the Code of Student Conduct.

The Student Health Promotions, arm of the Student Counseling Center, provides general student programs on responsible alcohol use, safety and health issues, and sexual violence prevention.

The University is committed to providing employees access to rehabilitation services when needed. These services are designed to prevent/reduce the incidents of all drug and alcohol abuse within the workplace. The ultimate responsibility for overcoming any addiction or inappropriate use of alcohol or controlled substance is that of the employee. The University will make appropriate good faith efforts to provide an alcohol-free and drug-free work place for all its employees and students, and will, for such purposes, carry out the following policies and procedures:

The staff of the University Employee Assistance Program is responsible for administration of an alcohol and drug awareness program for employees. This effort includes:

1. The University’s policy and maintaining an alcohol and drug free workplace;
2. The confidential services available to employees, such as brief counseling, assessment and referrals for treatment and rehabilitation;
   - The Hartford: Ability assist includes confidential face to face sessions.
   - Psychology Clinic: Therapy is available for a variety of situations including alcohol or drug abuse. The Employee Assistance Program will pay for the first six (6) visits per year (with prior approval).
3. Information about available treatment resources in the community that can be accessed without intervention of the Employee Assistance Program.

Local Health Care Providers:
- Union Hospital
- Regional Hospital
- Hamilton Center

Any employee or supervisor with additional questions related to alcohol and other drug problems may contact: Office of Human Resources: 812- 237-4114.

Weapons Policy

Weapons on University owned property are prohibited according to the Code of Student Conduct. Failure to comply with the University weapons policy under the Student Code of Conduct will result in disciplinary action against violators.
ANNUAL DISCLOSURE OF CRIME STATISTICS

Clery Act Crimes

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses.

Crime Statistics:

Definitions:

On Campus – the total number of crimes that occurred on campus, including crimes that occurred in student housing facilities.

On Campus Student Housing – the total number of crimes that occurred in on-campus student housing facilities as a subset of the total.

Public Property – All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Non-campus – Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013, (VAWA) which amended the Clery Act. Final regulations are expected to be published by November 1, 2014. The VAWA amendment to the Clery Act requires institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in the annual security report due by October 1, 2014. Until final regulations are published and effective, institutions must make a good-faith effort to comply with the statutory provisions as written.

Policies, Procedures and Programs
As part of the good-faith effort, Indiana State University is in the process of reviewing and developing policies, procedures and programs to follow once an incident of domestic violence, dating, violence, sexual assault, or stalking has been reported, including a statement of the standard of evidence that will be used during any institutional conduct proceeding arising from the report.

Steps We Are Taking to Prepare, To Be Proactive
Steps Indiana State University are taking to prepare and be proactive include the following:

- Training for Sexual Violence Response Team specific to individual responsibilities
- Sexual Violence Prevention and Response Coalition
- Prevention programs for students, faculty, and staff
- Bystander Intervention programs for campus community (STEP UP!)
- Social Marketing campaigns addressing consent
- Male Involvement - selecting a nationally recognized evidence based program to implement on campus
- Review of campus policies and procedures following final regulations in VAWA
- Campus Climate Survey in Spring 2015
- Updating www.indstate.edu/svp web page

Hate Crimes

A **hate crime** is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. **Bias** is a performed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin. Under the proposed regulations they define “hate crime” to mean a crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim.

Fire Safety Education and Training Programs

Fire Safety Education and Training programs and efforts at Indiana State University include scheduled and structured activities as well as spontaneous, unplanned but routine communication of the need for fire safety awareness and sound fire safety practices.

During student orientation, the Fire Safety Specialist conducts fire and building safety education and training with R.A.’s and Residential Life staff. Policies, procedures, and responsibilities are discussed as part of this training to encourage awareness and promote proactive fire safety behavior. Additionally, the Fire Safety Specialist monitors fire evacuation drills in each residence hall twice each semester making recommendations to improve response times and protocols as needed.

The Fire Safety Specialist addresses groups of new employees during their orientation. He/she also meets with department supervisors annually, reviewing fire and building safety practices as well as related emergency preparedness issues specific to their areas of responsibilities.

Fire Drill and other fire safety information is provided to students at the start of each semester and reviewed in October and again in March.

The Fire Safety Specialist conducts quarterly building inspections and reports fire safety deficiencies to responsible faculty and administrative staff, and reviews the need for regulatory compliance and the importance of fire safety awareness.
Upon request, the Fire Safety Specialist conducts fire extinguisher training both for employees whose responsibilities routinely expose them to increased incidence of fire; and by request of Health and Safety department faculty, for students as needed.

The student employees in the Office of Environmental Safety whose tenure generally extends over a period of several years receive sustained comprehensive fire safety training and education experientially as their work-related duties and responsibilities expose them daily to the myriad of issues generated by the campus community that impact fire safety at the University.

Prohibitions on Portable Electrical Appliances, Smoking and Open Flames

The University has taken many precautions to limit the danger of fire in the residence halls but the main responsibility falls to the residents. Below are policies students need to follow:

- **PORTABLE ELECTRICAL APPLIANCES**
  Any appliance that may create a fire or safety hazard should not be used in student rooms or in any area of the suites in Lincoln Quad. Hot surface appliances, such as hot plates, space heaters, irons, popcorn poppers, etc., are not to be used in student rooms and may be impounded if improperly used. The use of portable hair dryers, compact refrigerators, razors, radios, portable television sets, and C.D. players is permitted in student rooms. Exterior TV or radio aerials from student rooms are not permitted. Resistance coil or gas appliances of any kind such as hot plates immersion coils, grills, skillets, Toasters, irons, or any appliance with an exposed heating element or heating surface are prohibited. These may be used in floor lounge areas only.

- **SMOKING**
  Smoking is prohibited in all University owned, operated, or leased properties. The University smoking policy can be seen at [http://www.indstate.edu/adminaff/policyindex.htm](http://www.indstate.edu/adminaff/policyindex.htm)

- **OPEN FLAMES**
  Lighted candles, oil lamps, fireworks, sparklers and smoke bombs may not be used anywhere in the residence halls.
  Highly flammable products must not be brought into the hall. Lighter and cleaning fluids should be kept tightly closed. The use of kerosene, gasoline, naphtha, benzene, propane, or any appliance with an exposed heating element or heating surface is prohibited.
  To prevent the rapid spread of room fires, residents should not remove ceiling tiles (suspended or interlocked) at any time. Tampering or removing ceiling tiles will result in conduct action and replacement charges of a minimum of $10 even if no damage results. Additional costs for damage to grid, tile, and wires in the ceiling will be added.
  All lighting needs to be UL approved for the student’s safety and the safety of others. Halogen lamps are not allowed in student rooms.
  Anyone who tampers with the firefighting equipment, fire alarms, smoke detectors, exit lights, or any other equipment on the campus in such a way as to endanger his/her own safety or the safety of others, subjects himself/herself to disciplinary action up to and including suspension which may be taken in addition to civil action.

Fire Drills

Regular fire drills are a part of the safety program of Indiana State University and its residence hall system. By holding fire drills, residents become familiar with building alarm systems and practice their evacuation skills. Everyone inside the residence hall during the drill is required to evacuate the building.

In order to fulfill our responsibilities in this area, the following guidelines have been established:

- There will be two fire drills each semester in each Residence Hall.
- The first fire drill for the semester should be done within the first two weeks of September and the first fire drill for the second semester should be done before the end of January. The second fire drill of both semesters is up to the Director/Area Director.

Student Housing Evacuation in Case of a Fire

Indiana State University provides residents with fire evacuation procedures and conducts fire drills during each semester. Residents are informed of the following procedures.

- If a fire exists, activate the fire alarm and evacuate all rooms, closing all doors to confine the fire and reduce oxygen.
- Call 9-1-1, or University Police at 812-237-5555 from a safe location.

Evacuate from the building:
- Upon activation of the fire alarm system,
everyone shall immediately leave the building.

- Never use elevators during a fire evacuation.
- Smoke is the greatest danger in a fire, so stay near the floor where the air will be less toxic.
- Once outside move to the building’s designated evacuation assembly point. Stay there until an accurate headcount is taken. The Building Safety Officer will take attendance and assist in accounting for all building occupants.

In the case of fire, the residence hall staff’s primary responsibility is to make sure that the building is evacuated and that residents stay away from the building until it is safe to re-enter. Fire and police personnel should be advised of any occupants whose safety or accountability is in doubt.

If you become trapped in a building:

- Stay calm, and take steps to protect yourself.
- If a window is available, place an article of clothing (shirt, coat, etc.) outside the window as a marker for rescue crews.
- If there is not a window, stay near the floor where the air will be less toxic. Shout at regular intervals to alert emergency crews of your location.
- Call 9-1-1 or University Police at 812-237-5555 and report your location.
- Stuff clothing, towels or blankets around the cracks in the door to help keep smoke out of your refuge.

### Procedures That Students and Employees Should Follow in the Case of a Fire

- Activate the nearest fire alarm to cause evacuation of the building.
- Call 9-1-1 or University Police 812-237-5555 to report a fire.
- Exit to the nearest emergency exit and stay clear of the building.

### Fire Log

A Fire Log is published Monday–Friday, except for days when the institution is closed, and is available at the Department of Public Safety. Any reported on-campus student housing facility fire must be included in the University fire log and statistics. The fire log includes the date the fire was reported, the nature of the fire, the date and time the fire occurred, and the general location of the fire. The crime log for the most recent 60-day period is open to public inspection, upon request, during normal business hours. The portion of the log that is older than 60 days is available within two business days of a request for public inspection. All Fire Log information will be maintained for seven years.

### Incident Reporting

Students, faculty, and staff are instructed to call 9-1-1 or University Police at 812-237-5555 to report a fire emergency.

Per federal law, Indiana State University is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. These are fires for which you are unsure whether the University Police may already be aware of. If you find evidence of such a fire, or if you hear about such a fire, please contact the University Police:

University Police 812-237-5555

When calling, please provide as much information as possible about the location, date time and cause of the fire.

### Plans for Future Improvements in Fire Safety

Anticipated improvements include adding sprinklers and integrated fire alarm to Sycamore Towers, a new fire pump is also scheduled for installation with the Mills Hall project currently underway.
Important Phone Numbers:

Safety is a community issue. All members of the University community must take an active role in their safety and the safety of others. One way to achieve this is to participate in the many programs offered throughout campus. Resources for the University community in the areas of crime prevention and personal safety education are available from a variety of sources.
