Computer Science (gEECS)

More. From day one.

COLLEGE OF
Technology

ISU's College of Technology hosts the 3rd annual FIT for the Future conference in collaboration with student organizations from ISU and Rose-Hulman Institute of Technology. This fun-filled day of career exploration will offer high school students hands-on workshops in the morning. In the afternoon, industry females will share how they chose and built the paths they have followed in building their careers and how students can take advantage of opportunities in the world of technology and engineering.
