

What is Big Interview?

Big Interview gives your student video lessons and virtual interview practice. Big Interview also teaches them how to prepare for any interviewer and prove that they are the candidate the employer is looking for.

What can Big Interview do for them?

Learn

Find out exactly what interviewers are looking for and learn how to anticipate and properly answer the toughest questions.

Practice

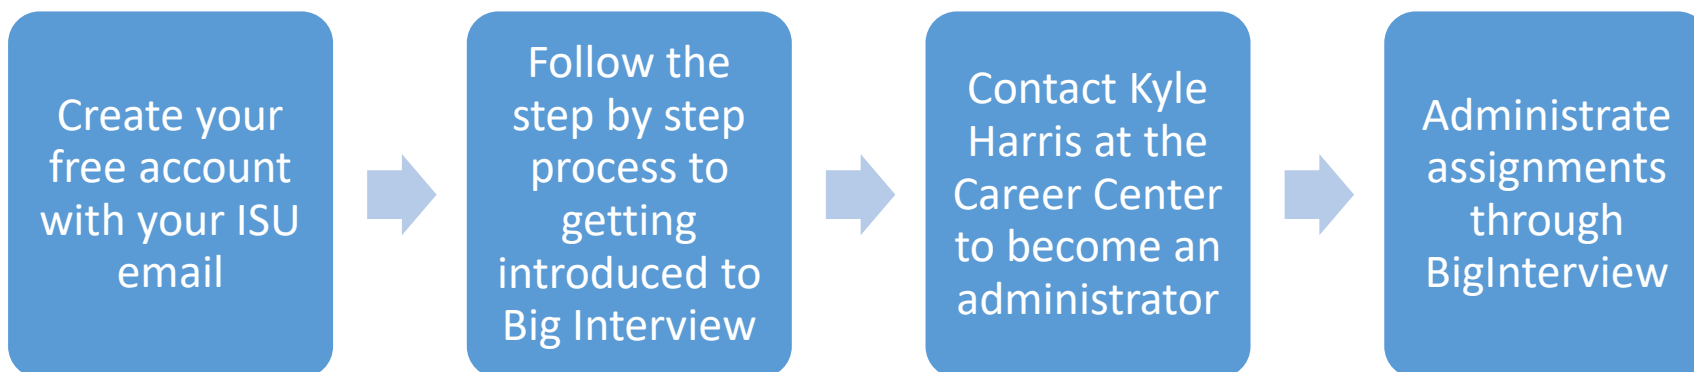

Once your answers are planned and refined, use our Practice tool to make your delivery confident and natural.

Analyze

Use our built-in feedback tools to get objective analysis on your progress from mentors, professors, coaches, or friends.

How to get started!

Task Bar

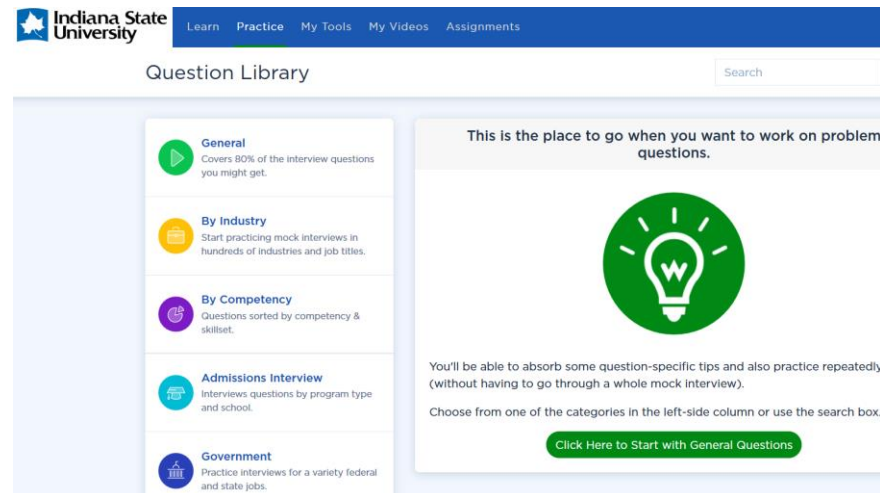

Dashboard Learn Practice My Tools My Videos Assignments

Dashboard

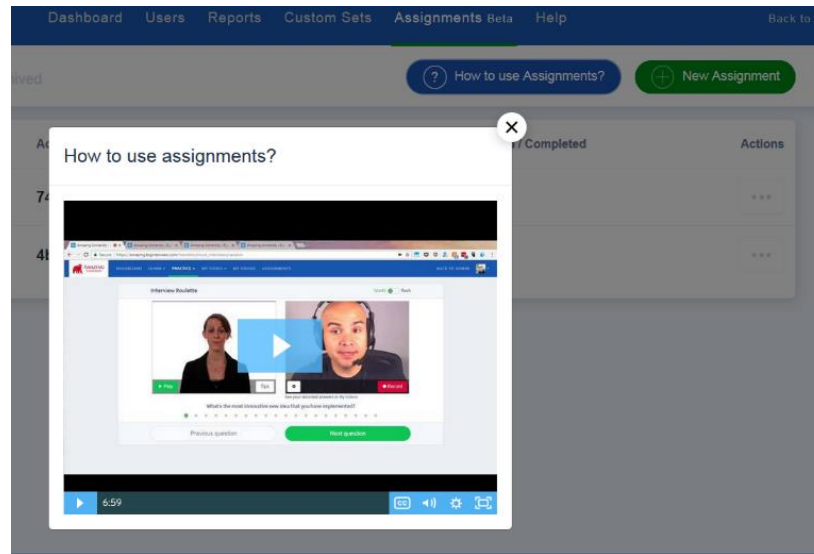

- Contains an overview of recommended things to do
 - Shows completion percentage for students

Interview Questions

- Has hundreds of different interview questions based on industry, competencies (Career Readiness), graduate school, and more.

Assignments

- You can create assignments with pre-made interview questions, custom made interview questions, and/or custom sets. Each assignment is given a unique code to give to all students that can be placed in a syllabus, Blackboard, or handed out in class
- Excellent for distance student assignments or for peer evaluations as well as other opportunities.

Help Center http://support.biginterview.com/help_center

- Shows step by step with screenshots on how to do a variety of things both on the student side and the administrative side.
- Shows step by step on how to create assignments, review assignments, create custom questions, and more.
