## Ethics: It's Your Choice

 8:00-9:30 a.m.  
Dede I

### *Corporate Keynote*

**Angela Morelock**, CPA, CFE, CFF, ABV

Angela Morelock has more than 20 years of experience and leads BKD's forensic accounting and investigations team, providing fraud investigation and prevention, complex litigation support and forensic accounting services for a variety of business clients. She regularly provides consulting and expert witness assistance to attorneys in a variety of litigation matters. Morelock and her team have investigated some of the largest fraud cases in the United States. Her clients include the FBI, U.S. Department of Justice and the U.S. Attorney's Office.

Morelock has been qualified as an expert witness in cases involving criminal and civil fraud, securities fraud, business valuation, acquisition disputes, commercial business damages, funding constitutionality, bankruptcy, breach of fiduciary duty, fidelity and bonding claim disputes and other financial matters in both federal courts and numerous state level courts around the country. She also has served as an arbitrator in a post-acquisition dispute matter.

Morelock is a member of the ACFE, AICPA, and Missouri Society of Certified Public Accountants. She is a 1993 summa cum laude graduate of Missouri State University, Springfield, with a B.S. degree in accounting.

Fraud can wreak havoc on organization financial performance and undermine business objectives. No business is immune from the risks associated with fraud, and education is the key to prevention. Morelock will share her insights into the world of internal embezzlement based on her experience investigating white-collar crime. With stories from the trenches and often overlooked prevention tips, you will be simultaneously educated and entertained during this fast-paced program designed for those with or without an accounting background. Anyone involved in business—managers, owners, board members, controllers, and outside

auditors—will benefit from this enlightening presentation which discusses the symptoms management should watch for with a focus on how organizations can better protect themselves.

 **10:00-10:50 a.m.**
