

Will the ETHNIC FACTOR in Biden's KEY cabinet members preclude again (as it did with Trump's KEY cabinet members) bringing home some 70,000 U.S. troops whose deployment for Israel's security and prosperity in the Middle East cost some \$8 trillion and millions of people killed or displaced in that region?

“They will tell me what I need to know, not what I want to know.”

These disproportionate ethnopolitical appointments or nominations by both Biden and Trump in addition to dozens of elected Jewish Members of Congress can only give a glimpse of the [Power of Israel in the United States](#) and the depth of the [antisemitism cover up](#) to justify the occupation of Palestine in violation of [international law](#), [human rights](#), and [Jewish law](#) (especially the [Three Oaths](#) prohibiting national disloyalty, mass emigration to the Holy Land, and any attempt at hastening Jewish redemption)

Remember: The "ardent faith" of the war in Iraq was conceived and disseminated by a small group of 25 or 30 neoconservatives, almost all of them Jewish, almost all of them intellectuals (a partial list: Richard Perle, Paul Wolfowitz, Douglas Feith, William Kristol, Eliot Abrams, Charles Krauthammer), Ha'aretz (Israel, April 3, 2003), <https://www.haaretz.com/1.4764706>.

The most lucrative and highest interest rate: with a 'small' \$15 million paid by the Israel lobby to US candidates in the 2016 elections, Israel extracted from the Obama-Biden administration a 'big' \$38 billion in US military aid to Israel, while Trump's slogan was and remains: **"I'm the best that could ever happen to Israel."**
