

## Curriculum Vitae – Shawn M. Phillips, Ph.D.

Director, Human Osteology Lab, Science Hall 147  
Dept. of Earth & Environmental Systems  
Indiana State University  
Terre Haute, Indiana 47809

Telephone: (812) 237-2070

e-mail: Shawn.Phillips@indstate.edu

### *Employment*

Professor of Anthropology & International Studies, Indiana State University, 8-16 to present

Associate Professor of Anthropology & International Studies, Indiana State University, 8-08 to 8-16

Assistant Professor of Anthropology, Indiana State University, August, 2002 to August, 2008

Visiting Assistant Professor of Anthropology, Indiana State University, August, 2001 to August, 2002

Project Director, Program for Archaeological Research, Univ. of Kentucky, May, 2000 to August, 2001  
Duties: Direct bioarchaeological excavation & research, (Budget: \$520,000)

Program Coordinator, Burial Sites Pres. Office, Wisconsin SHPO-DNR, January, 1999 to May, 2000  
Duties: Administer Wisconsin's Burial Preservation law (*Wis. Stats. 157.70*)  
Compliance review of budget, contract, research proposals, and reports  
Provide forensic & bioarchaeological investigation, analysis, reports

Research Scientist, New York State Museum, Albany, NY, June, 1996 to December, 1998  
Duties: NAGRA Compliance and Documentation of Native American Skeletal Collections

### *Education*

Ph.D. (2001), Department of Anthropology, State University of New York at Albany

Bachelor of Arts (1993), Department of Anthropology, Purdue University, West Lafayette, IN

### *Certifications*

Principal Investigator Certification - US Federal Register of Qualified Professional Archaeologists

### *Honors, Grants, Contracts, and Awards*

Focus Indiana Employer Field Trip, Lilly Grant CCFT-16-11 (\$406) "International Orangutan Research Center & Career Planning." Awarded in 2016 for work in 2017.

Focus Indiana Employer Field Trip, Lilly Grant CCFT-16-11 (\$232) "Indiana Crime Lab & Career Planning." Awarded 2016 for work in 2017.

Blueprint Mississippi – Asylum Hill Research Consortium (\$2.8 million) Advisor to Proposal in Development. Dr. Ralph Didlake (Vice Chancellor, U of Miss) and Prof. Shawn Phillips (ISU).

University Research Committee Grant URC15-18 (\$2,985) "Dependency & Care: A Model for Understanding Disabling Conditions in Past Populations." Awarded 2015 for research at the Smithsonian Institution in 2015-16 by the University Research Committee, ISU.

Experiential Learning/Community Engagement Grant DT15-10 (\$379) "Primate Research & Career Planning." Awarded 2014 for work in 2015 by the Center of Community Engagement, ISU.

Focus Indiana-Faculty-Led Employer Field Trip Grant CCFT-14-12 (\$232) "IDNR-DHPA & Career Planning." Awarded 2014 for work in 2015 by the Career Center, ISU.

Focus Indiana-Faculty-Led Field Trip Grant CCFT-14-13 (\$232) "Indiana Crime Lab & Career Planning." Awarded 2014 for work in 2015 by the Career Center, ISU.

Cultural Resource Management Contract (\$22,500) "Prairie Creek Baptist Church Cemetery Project (POT642)." Awarded in Sept, 2013 for work in 2013-14.

DNR-DHPA's "Archaeological Site of the Month, December 2014" – Bioarchaeology of the Vigo County Home Cemetery: Recovering Social Systems of Care for the Impoverished, Infirm, & Disabled. *Indiana Archaeology* 9(1)133-154.

Cultural Resource Management Contract: Historic Cemetery (\$1,750) "Prairie Creek Baptist Church Cemetery: Preliminary GPR Study (POT642)." June, 2013.

Experiential Learning/Community Engagement Grant DT13-15 (\$2,500) "Great Apes: Behavior Research, Conservation, & Public Education." Awarded 2013 for work in Fall 2013 by the Center for Community Engagement, ISU.

Cultural Resource Management Contract (\$570) "Amendment I (POT612) GPR Survey," City of Terre Haute. Work completed during 2011-2012.

Cultural Resource Management Contract (\$12,400) "Recovery Work Plan for Historic Cemetery CR-84-129, City of Terre Haute Archaeological Site # 12Vi976, Stage One: Salvage Disturbed Burials & GPR Study." Work completed during 2011-2012.

Certificate for Excellence in Teaching, Indiana State University Summer Honors Program, 2008-2016.

Research proposal (\$13,200) "Health Transition in the Cayman Islands, 1900 to 1950." Submitted to the ISU Promising Scholars Initiative, for work in 2008.

University Research Committee Grant URC04-16 (\$4,330) "Heath Transitions in the Cayman Islands, 1885 to 1955". Funded by the ISU-University Research Com, awarded in 2004, MS pub in 2008.

Research contract (\$45,000) Bioarchaeological consultant to the New York State Museum and Charity Leadership Foundation for the excavation (Project Budget: \$680,000), analysis, and re-interment of the Albany Almshouse Cemetery, 1,800 burials, 2002.

Research contract (\$80,000) "Ancient mtDNA analysis", Kentucky Transportation Cabinet and the Kentucky Heritage Council, 2001 to 2002, with Drs. L. Baker, Baylor University, and D. Linebaugh, University of Maryland, College Park.

Research Contract (\$70,000) Bioarchaeological Project Director for the excavation and analysis of a rural family cemetery. Funded by the Kentucky Transportation Cabinet (Project Budget: \$520,000), work completed at the U of Kentucky, Program for Archaeological Research, for work 00-01

Professional Development Support (\$1,000), State Historical Society of Wisconsin, Spring 2000

Research Associate Appointment, New York State Museum, 1999 to 2000

University at Albany GSO Travel Grant (\$450.00), Spring, 1999

Professional Development Support (\$1,000), State Historical Society of Wisconsin, Spring 1999

Graduate Fellowship (\$6,300), University at Albany, 1998

University at Albany GSO Travel Grant (\$250), Spring, 1997

Research Residency Award, New York State Library, 1996-1997

Canadian Association of Physical Anthropology Travel Grant (\$100), Fall, 1996  
University at Albany GSO Travel Grant (\$500), Spring, 1996  
Benevolent Association Research Grant (\$500), Spring, 1996  
Teaching Assistantship and Tuition Awards, University at Albany, academic years 1994-1998  
Phi Beta Kappa, Purdue University  
Golden Key National Honor Society, Purdue University  
Distinguished Graduate, Purdue University, 1993

***Professional Presentations – Invited***

"Forensic Anthropology." Public forum for "Night at the Museum" part of ISU's Community Semester Event, ISU Campus, April, 2017.

"Syphilis in America: Unravelling a Medical 'Conspiracy of Secrecy.'" Paper presented to the Northern Ontario School of Medicine History of Health & Medicine Lecture Series, November, 2016.

"Forensic Anthropology & Archaeology: Merging disciplines to investigate suspicious deaths." Paper presented to the Forensic Medicine Colloquium, Lakehead University, November, 2016.

"Forensic Anthropology." Public forum for "Night at the Museum" part of ISU's Community Semester Event, ISU Campus, Jan, 2016.

"Vampires, Stigma, & Devotion: Archaeology of Mortuary Position in Public vs. Family Burials During Epidemics (USA)." Paper to be presented at the Corpses, Burial, & Infection Conference, CRASSH Research Centre, University of Cambridge, Cambridge, UK. Dec, 2015.

"Case Studies in Forensic Anthropology." Workshop for West Central Indiana Area Health Education Center, Vermillion Co. July, 2015.

"Plague, Culture, & Medicine: Understanding Contemporary and Past Health Risks." Osher Institute for Life Long Learning. Terre Haute, April, 2015.

"Forensic Science and Career Planning." Workshop for LEAP, Indiana State University, July, 2015.

"A Crossroads before Terre Haute: Exploring the Wabash Valley during the Fur Trade Era, 1780-1820" Indiana State University's Community Semester, March, 2014

"Forensic Anthropology: Case Studies." Workshop for LEAP, Indiana State University, July, 2014.

"A Long Waiting for Death: Uncovering Institutional Care for the Disabled in 19<sup>th</sup> Century America." TAG: The Theoretical Archaeology Group. Liverpool, UK, November, 2013.

"Professionalism in Bioarchaeology & Forensic Anthropology: Career Advice to Doctoral Students."

- Roundtable Disc, Bioarchaeology & Forensic Anthropology Asso., Columbus, OH, Oct. '13
- "The Vigo County Home: Digging into the Past." Indiana State University's Community Semester, January, 2013.
- "Case Studies in Forensic Anthropology." Workshop for LEAP, Indiana State University, July, 2013.
- "Uncovering a Mystery: Bioarchaeology & Forensic Anthropology". Osher Institute for Life Long Learning, Terre Haute, IN, January, 2012.
- Inmate Life in 19<sup>th</sup> Century American Asylum. Inmate and the Asylum Conference. Birmingham, UK. May, 2011
- "Mental illness, human biology, & therapeutics: A case study of the Oneida Asylum." Paper presented to the Northern Ontario School of Medicine History of Health & Medicine Lecture Series, November, 2009.
- "Forensic Anthropology & Archaeology: Merging disciplines to investigate suspicious deaths." Paper presented to the Forensic Medicine Colloquium, Lakehead University, November, 2009.
- With Melissa Zabecki (University of Arkansas)
- "The bioarchaeology of a Kentucky family, 1770 to 2006." Paper to be presented in the "Kentucky Historical Bioarchaeology" Symposium at the 71<sup>st</sup> Annual Society for American Archaeology Meetings, Puerto Rico, April, 2006.
- "Medical culture and human health in past populations." Paper presented at the Vigo County Historical Association, January, 2006.
- "Applications of forensic anthropology methods to archaeological problems." Paper presented in the Ecology and Organismal Biology Colloquium Series, Indiana State University, March, 2005.
- "Experiential learning and student goals: Developing student projects from inception to completion." Paper presented at the Center for Excellence in Teaching and Learning, Indiana State University annual Winterfest Conference, January, 18, 2004.
- "Assessing health from skeletal remains: An osteobiography of an American family, 1770 to 2003." Paper presented in the Life Sciences Colloquium Series, Indiana State University, Sept 2, 2003.
- With D. Linebaugh (University of Kentucky)
- "Death and Dying in 19<sup>th</sup>-Century Kentucky: Excavating the Holmes-Vardeman-Stephenson Cemetery." Paper presented at the Vardeman, Holmes, Stephenson 2003 Family Reunion, Crab Orchard, KY, July, 2003
- "Beyond dichotomies: Investigating the historical patchwork of North America through bioarchaeology." Paper presented in the "Paleopathology in Pre-Industrial and Industrial Societies" Symposium, G. Crane-Kramer & M. Cohen (SUNY-Plattsburgh), Organizers, at the Chacmool Conference, Calgary, Alberta, CA, November 2002.
- "Document dilemmas: Dealing with contradictions in historical bioarchaeology." Paper presented in "The Contribution, and/or Confusion, of Incorporating More Culturally Sensitive Data Sources with Osteology Research" Symposium, C. Dudar (Smithsonian Institution), Organizer, at the Canadian Association of Physical Anthropologists, Ottawa, Ontario, CA, October, 2002.

"An anthropological analysis of mental illness, human biology, and medical practice in Victorian America." Paper presented at the Indiana State University Colloquium Series, November, 2001.

*"A face on the past: Archaeology beneath the streets of Albany."* Public television documentary in which I appear to explain colonial period skeletal biology and health (2001).

"An excavation of a 19<sup>th</sup> century rural Kentucky cemetery: A view of the fieldwork, data recovery, and future research." Paper presented at the University of Kentucky Research and Creative Work Colloquium Series, September, 2000.

"Social stigma, disease, and death in two New York county institutions." Poster presented in the "Bioarchaeology of Poverty" Symposium, Roseanne Higgins (Cleveland State University), Organizer, at the American Association of Physical Anthropology Meetings, April 2000, San Antonio, TX.

With Dr. Nancy L. Winterbauer (University of North Florida)

"Biocultural Anthropology: Paradigmatic past, present, and future." Paper invited for presentation in the "Biocultural Contributions to Health Research: Future Directions for Method and Theory" Symposium, NL Winterbauer and SM Phillips, Organizers, at the American Anthropological Association Meetings, November, 2000, San Francisco, CA.

"Biocultural consequences of "normalcy" and "deviancy" in nineteenth century America," Paper invited for presentation in the "Biocultural Contributions to Health Research: Future Directions for Method and Theory" Symposium, NL Winterbauer and SM Phillips, Organizers, at the American Anthropological Association Meetings, November, 2000, San Francisco, CA.

"Skeletal markers of therapy and custodialism in a 19th-century asylum." Paper invited for presentation in the "Human Biology in the Archives" Symposium, Anne Herring (McMaster University) and Alan Swedlund (University of Massachusetts), Organizers, sponsored by the Human Biology Council/AAPA Meetings, May 1999, Columbus, OH.

#### *Professional Presentations – Contributed*

"Secret disease: Bioarchaeology of syphilis in America." Canadian Association of Physical Anthropology, Peterborough, ON, CA, Paper to be presented, Oct. 2016.

"Multiple myeloma or lytic metastatic carcinoma: Differential diagnosis of osteolytic lesions." Canadian Association of Physical Anthropology (CAPA), Toronto, CA, Nov, 2014.

"The Vigo County Home Cemetery Project: Merging Scholarship with Experiential Learning and Community Engagement." Midwest Historical Archaeology, Urbana, IL, Oct, 2012

"Identifying and understanding disabling conditions in the archaeological record. CAPA, Montreal, Nov, 2011.

"Osteobiography as a method in cemetery studies: A case study from the Holmes-Vardeman-Stephenson cemetery." Paper presented at the Ohio Valley Urban & Historical Archaeology Association, Muncie, IN, March, 2009

"Fundamentals of the epidemiologic transition: An example from a Caribbean population." Poster presented at the Society for Applied Anthropology, Santa Fe, NM, April, 2009.

"Hookworm disease, infant mortality, & the Rockefeller Foundation: Tracing the epidemiologic transition of a Caribbean population." Poster presented at the Canadian Association of Physical Anthropologists, ON, November, 2008.

"Epidemiologic transition in a Caribbean population: A study of disease ecology and modernization." Presented at the Canadian Association of Physical Anthropology, Banff, AL, November, 2007.

"Transitions in oral health & economics in rural Kentucky, 1760–1960." Poster presented at the 13<sup>th</sup> Annual Bioarchaeology and Forensic Anthropology Association Meetings, Springfield, IL, November, 2006.

"Bioarchaeology of an American family, 1760 to the 21<sup>st</sup> century." Paper presented at the 12<sup>th</sup> Annual Bioarchaeology and Forensic Anthropology Association Meetings, Terre Haute, IN, October, '05.

With Michelle Sivilich (University of South Florida)

"Determining familial relationships using historic DNA from urban and rural burials in Indiana. Paper presented at the 12<sup>th</sup> Annual Bioarchaeology and Forensic Anthropology Association Meetings, Terre Haute, IN, October, 2005.

"Oral health in an asylum skeletal sample: Diet and oral hygiene. Poster presented at the 12<sup>th</sup> Annual Bioarchaeology and Forensic Anthropology Association Meetings, Terre Haute, IN, October, 2005.

With Erin Willman (Ohio State University)

"Health and disease in the Fort Harrison soldiers skeletal remains." Paper presented at the Central States Anthropological Association, Oxford, OH, March, 2005.

With Michelle Sivich (ISU Graduate Student, Life Sciences)

"Determining Familial Relatedness Using DNA from Urban and Rural Historic Cemeteries in Indiana, USA." Poster presented at the Associated Biomolecules 7<sup>th</sup> International Conference, University of Queensland, Australia, July, 2004.

With M. Sivilich (Indiana State University)

"Diagnostic markers of a possible case of cleft palate from prehistoric Indiana." Poster to be presented at the Bioarchaeology and Forensic Anthropology Association Meetings, Chicago, IL, November, 2003

With L. Baker (Baylor University) and K. Matteson (University of Tennessee)

"Mitochondrial DNA sequence analysis of the Holmes-Vardeman-Stephenson Cemetery." Poster presented at the American Association of Physical Anthropologists, Tempe, Arizona, April, 2003

With Matt Lesniak (Hartgen Archaeological Associates, Inc.)

"Forgotten in life, forgotten in death: Rediscovering an almshouse cemetery in Albany, New York." Paper to be presented at the Council for Northeast Historical Archaeology Meetings, October 2002, Wilmington, DE.

"Falling from a wagon upon his head: Evidence of healed cervical vertebrae fractures in a nineteenth century asylum cemetery." Poster presented at the Paleopathology Association Meetings, Buffalo, NY, April, 2002

"Life and death in Kentucky: A bioarchaeological view from the Revolutionary War to the Progressive Era." Poster presented at the American Association of Physical Anthropologists, Buffalo, NY, May, 2002.

"Exploring a silent city: Excavation and analysis of the Holmes-Vardeman-Stephenson Cemetery Lincoln County, Kentucky." Kentucky Heritage Council Meetings, March, 2001, Franfort, KY.

"Class and health in 19th-century North America." Paper presented at the Latin American Association of Physical Anthropologists Meetings, October 1998, Havana, Cuba.

"Stature and stress in a 19th-century middle class skeletal series." Paper presented at the American Association to Physical Anthropologists Meetings, April 1998, Salt Lake City, UT.

"Calculating Morals: The care of the mentally ill in New York's county asylums, 1865-1890." Paper presented at the New York History Society Meetings, June, 1997, Saratoga Springs, NY.

"Hyperostosis frontalis interna in archaeological contexts." Poster presented at the American Association of Physical Anthropologists Meetings, April, 1997, St. Louis, MS.

"Bioarcheology and history: Incorporating history in biocultural analysis." Paper presented at the Canadian Association of Physical Anthropology Meetings, October, 1996, Kingston, Ontario.

"Hyperostosis frontalis interna in the 19th Century Oneida Burial Sample." Poster presented at the American Association of Physical Anthropologists Meetings, April, 1996, Durham, NC.

"Just can't work 'em hard enough': Morality, therapeutics, and economics in New York's County Asylums, 1865-1890." Paper presented at the Northeastern Anthropological Association, Meetings March, 1996, Plymouth, NH.

"From the lab to the archives: Merging skeletal and historical research." Paper presented at the Midwest Bioarcheology and Forensic Anthropology Association Meetings, September, 1995, Dekalb, IL.

"Insanity in the archeological record." Paper presented at the Northeastern Anthropological Association Meetings, March, 1995, Lake Placid, NY.

#### *Conferences and Symposiums Organized*

"Recovering the Margins: Interdisciplinary Efforts at Recovering Underrepresented Groups" Symposium, LW Phillips (Indiana State University) and SM Phillips, Organizers, at the American Historical Association, New York, NY, November, 2008.

Bioarchaeology & Forensic Anthropology Association, Shawn Phillips, Conference Coordinator for the 12<sup>th</sup> Annual Meeting held at Indiana State University. Terre Haute, IN, October, 2005.

"Minding the margins: Cross-disciplinary research on the process of (de)marginalization in the modern market." Symposium, LW Phillips (Indiana State University) and SM Phillips, Organizers, at the Social Science History Association. Chicago, IL, November, 2004.

"Biocultural Contributions to Health Research: Future Directions for Method and Theory" Symposium, NL Winterbauer (University of North Florida) and SM Phillips, Organizers, at the American Anthropological Association Meetings, November, 2000, San Francisco, CA.

#### *Project Director - Bioarchaeology Field Work*

2016-Present, Co-PI, Black Friary Cemetery Project, Trim Ireland. Continuing Field School of a community sustainability project linking historic tourism with undergraduate training.

2014-Present – Co-PI, Asylum Hill Cemetery Project – \$2.8m. Consortium headed by University of Miss. Medical Center

2013 Field Season, Prairie Creek Baptist Church Cemetery Project. \$24,000. Funded by the Prairie Creek Baptist Church. GPR study and mitigation for the construction of a building adjacent to a cemetery with a number of unmarked burials.

2011/12 Field Seasons

Project Director, Vigo County Home Cemetery Project. \$12,500. Funded by the City of Terre Haute and Vigo County. A “Bioarchaeology Field Methods” course was developed for this project.

2008 Field Season

CRM Recovery – Fur Trade Era Burial Site, Tippecanoe County, IN. (*pro bono*) Copper Kettle Burials in Micmac Mortuary Tradition.

2006 Field Season

CRM Recovery – Fur Trade Era Burial Site, Vigo County IN. (*pro bono*) Copper Kettle Burials in Micmac Mortuary Tradition

2002 Field Season

Consulting Research Scientist for the Albany Almshouse Cemetery Excavation, Albany, New York (Budget – \$680,000), Funded and facilitated by the New York State Museum and the Charitable Leadership Foundation, 5 ISU students (4 undergraduates and 1 graduate) were also supported and trained on this project

2000 Field Season

Project Director for the Vardeman-Holmes-Stephenson Family Cemetery Excavation, Lincoln County, Kentucky (Budget – \$520,000), Funded by the Kentucky Transportation Cabinet and the Kentucky Heritage Council, 25 students (graduate and undergraduate) from various universities were supported and trained on this project

1998 Field Season

Consulting Research Scientist for the Lutheran Church - Colonial Albany Pearl St. Cemetery Excavation, Albany, New York (Budget – \$91,000), Funded by the New York State Museum

1997 Field Season

Consulting Research Scientist for the Queensbury Colonial Quaker Cemetery Excavation, Queensbury, New York (Budget – \$62,000), Funded by CT-Mail

#### ***Forensic and Applied Anthropological Work***

2001-17 – Professional Consultations:

62 for the Indiana Dept. of Natural Resources (field visits throughout the state)

38 Terre Haute Police Dept

26 Vigo County Sherriff's Office

16 Vigo County Coroner's Office

11 Indiana State Police

08 Clay County Sherriff's Office

07 Illinois State Police

03 Parke County Sherriff's Office

03 Sullivan County Sherriff's Office

- Physical Anthropology Consultant, New York State Museum, (*Analysis published, 2003*)  
 Duties: Report on inventory, documentation, and analysis (metric, non-metric, paleopathology, trace element, stable isotope) of skeletal remains  
 Burials associated with Colonial Period downtown Albany, New York  
 Documentary Service - Serve as scientific expert for an educational documentary film.
- Forensic Anthropology Consultant, Colonie Forensics Unit, Albany Morgue, 10-98  
 Duties: Report on identification, inventory, and analysis of human skeletal remains recovered during construction activities
- Physical Anthropology Consultant, Collamer & Associates, (6-97 to 12-99)  
 Duties: Report on inventory, excavation, and analysis of skeletal remains (~ 40 individuals). Skeletal remains from disturbed 18th century Quaker cemetery in Upstate New York, participant in mitigation proceedings with the Quaker community
- Research Associate (Physical Anthropology), New York State Museum, 5-96 to 12-96  
 Duties: NAGPRA documentation (lab, photo, x-ray) of human skeletal remains  
 Englebert: Prehistoric, Native American skeletal collection (~ 170 individuals)  
 Supervisor, Dr. Brenda Baker
- Physical Anthropology Consultant, New York SHPO, Peebles Island, NY (1996)  
 Duties: NAGPRA documentation (lab, photo, x-ray) of human skeletal remains  
 Bear Mountain: Prehistoric, Native American skeletal collection (~ 15 individuals), Collaborators: Drs. Brenda Baker and Tamara Varney
- Participant in Iroquois/Muncie reburial ceremony, Peebles Island, Troy, NY, 8-96.
- Forensic Anthropology Consultant, Colonie Forensics Unit, Albany Morgue, 8-96  
 Duties: Identification and inventory of human skeletal remains (~ 9 individuals) disturbed during construction activities
- Editorial Assistant for the journal *Northeast Anthropology*, May to December 1996  
 Duties: Peer-review correspondence, billing, Editor-in-Chief, Dr. Richard Wilkinson
- Physical Anthropology Consultant, Hartgen Archeological Associates, Albany, NY, Fall 1994  
 Duties: Inventory and preliminary analysis of human skeletal remains (~ 12 individuals). Lehman Family Cemetery: Unmarked cemetery moved before construction activities, Collaborator: Dr. Carol Raemsch (Project Coordinator)
- Archeological Field Crew Supervisor, Collamer & Associates, Inc., Albany, NY  
 1994 Summer/Fall field season and 1995 Summer field season  
 Duties: Directed field crews in Stage 1, 2 and 3 field investigations
- Archeological Field Crew, St. Catherines Island, Ga, 1992 and 1993 Spring field seasons  
 Duties: Excavation and field processing of prehistoric shell mound burials  
 Supervisor, Dr. Clark Larsen
