Indiana State University

Traditional Program

2010-11

[Print Report Card](#)

[Program Information](#)

Name of Institution: Indiana State University
Institution/Program Type: Traditional
Academic Year: 2010-11
State: Indiana

Address: 401 N 7th Street
 Room 109
 Terre Haute, IN, 47809

Contact Name: Dr. Denise Collins
Phone: 812-237-2918
Email: Denise.Collins@indstate.edu

Is your institution a member of a Teacher Quality Enhancement (TQE) partnership grant: No

TQE partnership name or grant number, if applicable:

Section I.a Program Admission

For each element listed below, check if it is required for admission into any of your initial teacher certification program(s) at either the undergraduate or postgraduate level.

Element	Undergraduate	Postgraduate
Application	Yes	Yes
Fee/Payment	No	No
Transcript	No	No
Fingerprint check	Yes	Yes
Background check	Yes	Yes
Experience in a classroom or working with children	No	No

Minimum number of courses/credits/semester hours completed	Yes	Yes
Minimum high school GPA	No	No
Minimum undergraduate GPA	Yes	Yes
Minimum GPA in content area coursework	Yes	Yes
Minimum GPA in professional education coursework	Yes	Yes
Minimum ACT score	No	No
Minimum SAT score	No	No
Minimum GRE score	No	No
Minimum basic skills test score	Yes	Yes
Subject area/academic content test or other subject matter verification	No	No
Recommendation(s)	No	No
Essay or personal statement	No	No
Interview	No	No
Resume	No	No
Beachelor's degree or higher	No	No
Job offer from school/district	No	No
Personality test	No	No
Other (specify:)	No	No

Provide a link to your website where additional information about admissions requirements can be found:

<http://coe.indstate.edu/ess/index.htm>

Indicate when students are formally admitted into your initial teacher certification program:

Other Upon completion of requirements

Does your initial teacher certification program conditionally admit students? No

Please provide any additional about or exceptions to the admissions information provided above:

We have a small number of students who complete the undergraduate teacher education program as post-bacc. The initial teaching license for Speech Pathology requires a master's degree.

Section I.b Program Enrollment

Provide the number of students in the teacher preparation program in the following categories.

Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

Total number of students enrolled in 2010-11:	1311
Unduplicated number of males enrolled in 2010-11:	436
Unduplicated number of females enrolled in 2010-11:	875

2010-11	Number enrolled
<i>Ethnicity</i>	

Hispanic/Latino of any race:	16
<i>Race</i>	
American Indian or Alaska Native:	3
Asian:	10
Black or African American:	81
Native Hawaiian or Other Pacific Islander:	0
White:	1109
Two or more races:	0

Section I.c Supervised Experience

Provide the following information about supervised clinical experience in 2010-11.

Average number of clock hours required prior to student teaching	178
Average number of clock hours required for student teaching	560
Number of full-time equivalent faculty in supervised clinical experience during this academic year	
Number of full-time equivalent adjunct faculty in supervised clinical experience during this academic year (IHE and PreK-12 staff)	15
Number of students in supervised clinical experience during this academic year	810

Please provide any additional information about or descriptions of the supervised clinical experiences:

Section I.d Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2010-11. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Subject Area	Number Prepared
Education - General	
Teacher Education - Special Education	35
Teacher Education - Early Childhood Education	
Teacher Education - Elementary Education	92

Section I.d Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2010-11. For the purposes of this section, number prepared means the number of program completers.

"Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Academic Major	Number Prepared
Education - General

Section I.e Program Completers

Provide the total number of initial teacher certification preparation program completers in each of the following academic years:

2010-11: 181

2009-10: 192

2008-09: 242

Section II. Annual Goals

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative routes to state certification or licensure program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. IHEs that do not have a teacher preparation program in one or more of the areas listed below can enter NA for the area(s) in which the IHE does not have that program.

Teacher shortage area	Goal for increasing prospective teachers trained
Mathematics	<p>Academic year: 2010-11</p> <p>Goal: 10</p> <p>Goal met? No</p> <p>Description of strategies used to achieve goal:</p> <p>We continue to partner with the Math Department faculty. Our Math Center has expanded operations and we have a dedicated scholarship for a student assistant in the Math Center.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p> <p>Our Math Center's tutoring services provide encouragement for K-12 students to consider Math Education as a career path. Two new math educators and a new chairperson of the Math Department have been hired; College of Education faculty participated on both search committees.</p>
Science	<p>Academic year: 2010-11</p> <p>Goal: 5</p> <p>Goal met? Yes</p> <p>Description of strategies used to achieve goal:</p> <p>We partner with Science Education faculty to coordinate programs between the College of Education and the College of Arts & Sciences. We have adopted the SENCER model for science education.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p> <p>We participated in the search committee to hire a new director of Science Education. In 2010-11, changes made to state licensure requirements have necessitated a change in the Science Education curriculum that aligns the selected area of specialization with the non-teaching degree in that area. The science core remained much the same in order to assure proper preparation of middle school students. The resulting program is longer in credit hours. It is unknown at this point if the additional credit hours will hamper enrollment or encourage enrollment as it will make for an easier transition/option for traditional science majors to add a teaching license. New state rules for degree programs will necessitate continued discussion and revision on the Science Education curriculum.</p>
Special education	<p>Academic year: 2010-11</p> <p>Goal: 20</p>

	<p>Goal met? Yes</p> <p>Description of strategies used to achieve goal:</p> <p>SPED is a dual major option with Elementary Education. Through initial advising, we work to inform students seeking just ELED to consider adding the SPED major to increase their skills and options after graduation.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p>
Instruction of limited English proficient students	<p>Academic year: 2010-11</p> <p>Goal: 5</p> <p>Goal met? No</p> <p>Description of strategies used to achieve goal:</p> <p>We talk to students early in recruitment to encourage this addition to their license. In addition, we include issues related to English language learners in content and pedagogy classes and use this opportunity to encourage students to add an ENL/ESL minor.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p> <p>We offer dual major/minor/certification in four areas: special education, reading, middle school math, and ENL. The competition with other high-need areas makes it difficult to recruit ENL minors. However, our participation in the SPA review process has provided opportunities for assessment and feedback, aiding our development of this program.</p>
none	<p>Academic year: 2010-11</p> <p>Goal: 0</p> <p>Goal met?</p> <p>Description of strategies used to achieve goal:</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p>

Provide any additional comments, exceptions and explanations below:

Section II. Assurances

Please indicate whether your institution is in compliance with the following assurances.

Training provided to prospective teachers responds to the identified needs of the local educational agencies or States where the institution's graduates are likely to teach, based on past hiring and recruitment trends.

Yes

Training provided to prospective teachers is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers receive coursework in core academic subjects and receive

training in providing instruction in core academic subjects.

Yes

General education teachers receive training in providing instruction to children with disabilities.

Yes

General education teachers receive training in providing instruction to limited English proficient students.

Yes

General education teachers receive training in providing instruction to children from low-income families.

Yes

Prospective teachers receive training on how to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

As part of the TOTAL program, all Elementary and Special Education majors complete an extended field experience prior to student teaching. During this experience they 3 days a week, all day for most of the semester co-teaching in an elementary class. All placements for this FE are in low-income schools, and must complete a final report that in which student indicate how they would differentiate instruction for low income students. Overall, the district in which we place all pre-service teachers (P-12) for field experiences ranks at the top in the state for percentage of free and reduced lunch.

We have extended the pre-student field experience opportunities such that all Elementary/Special Education students spend over half of a semester full-time in a classroom co-teaching, and Secondary/All-Grade majors spend 5 weeks co-teaching a class every day.

To help teachers respond to LEAs, we actively place students in our Professional Development Schools and have a program developed with the local school district that brings in an experienced teacher for a year to work with our faculty and students.

The Behavioral Management course is being encouraged for all Elementary Education majors (not just SPED) with a move to make it a required part of the program.

Section III. Assessment Rates

Section III. Summary Rates

Group	Number taking tests	Number passing tests	Pass rate (%)	State Average pass rate (%)
All program completers, 2010-11	158	153	97	98
All program completers, 2009-10	191	185	97	98
All program completers, 2008-09	238	235	99	98

Section IV. Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V. Technology

Does your program prepare teachers to:

- **integrate technology effectively into curricula and instruction**
Yes
- **use technology effectively to collect data to improve teaching and learning**
Yes
- **use technology effectively to manage data to improve teaching and learning**
Yes
- **use technology effectively to analyze data to improve teaching and learning**
Yes

Provide a description of how your program prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of how your program prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Faculty model technology integration and pre-service teachers have an expectation to complete technology facilitated assignments, lesson plans, and unit plans.

All pre-service teachers are required to complete a culminating unit report that demonstrates their impact on P-12 student learning. As part of that report, students are required to collect, manage and analyze their student data to determine their impact on student learning and plan for next steps. All data are managed and analyzed through technology.

The concepts of UDL are taught to all pre-service teachers and they are expected to use these principles during all field experiences and student teaching and are evaluated on their ability to do so.

Section VI. Teacher Training

Does your program prepare general education teachers to:

- **teach students with disabilities effectively**
Yes
- **participate as a member of individualized education program teams**
Yes
- **teach students who are limited English proficient effectively**
Yes

Provide a description of how your program prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently

in place.

All of our pre-service teachers are required to complete activities during their field experiences and student teaching which involve them in working with IEP teams (as long as parents give permission). A required course for all majors gives an introduction to disabilities and how to differentiate instruction given different student abilities.

Secondary education majors receive preliminary instruction on how to work with limited English proficiency students and gain most experience/knowledge from the teachers in the field. Starting Fall 2010, an instructional module developed in cooperation with Language Education and an ENL instructor were added to the curriculum.

Does your program prepare special education teachers to:

- **teach students with disabilities effectively**
Yes
- **participate as a member of individualized education program teams**
Yes
- **teach students who are limited English proficient effectively**
Yes

Provide a description of how your program prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All of our special education majors are also elementary education majors (it is a dual major), so in addition to the focus in Special Education classes and field experiences which work on effective teaching strategies and the role and function of IEP teams, they have the same emphasis on working with limited English proficiency students and the extended field work and student teaching that increases exposure to these students.

Section VII. Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.
