

Teacher Education Committee

Tuesday, February 19, 2019

3:30 PM

UH Conference Room 215

Minutes

Members Present: Shawn Huisinga, Janet Brosmer, Brad Venable, Alyce Hoppole, Jodi Frost, Richard Tarr, Andrew Brown, Della Thacker, Myung-Ah Lee, Eric Hampton, Diana Quatroche, Lisa Calvin, Amy French

Ex Officio/Other: Malea Crosby, Linda Sperry, Dennis Ballard, Judy Sheese

Called to Order, 3:31 p.m.

1. Approval of Minutes for December 11, 2018, D. Quatroche moved/J. Frost seconded. Vote 10-0-2.
2. Old Business – nothing discussed.
3. New Business
 - a. Proposal-Music Education Major (Brian Kilp – not in attendance) J. Sheese discussed – music’s requirement for a C grade or better was not recently noted. It’s proposed to include that requirement so as to be consistent with other programs. M. Lee moved/J. Brosmer seconded. Vote 12-0-0.
 - b. TK20 Course Fee Plan (Linda Sperry) – use CIMT 220 and LED 200 until Fall 2020 (a change cannot be made prior to this date due to schedules for review). We need to decide if we want to move it to a teacher education program course or if we want to move it into the bookstore and the student buys it when they come to teacher education. If we require students to pay on their own through the bookstore it wouldn’t be covered by financial aid, which is a concern. Proposal that they’re not admitted to the program until they pay the TK20 fee. ESS would be responsible for saying that they can’t be admitted until they have TK20. Discussion on making TK20 meaningful for the students and the costs/benefits of having students pay for it themselves. L. Sperry will research different products apart from TK20 to report back to TEC in April to inform a decision.
 - c. Overview of CAEP Self-Study Findings (Malea Crosby) – provided brief overview of data describing initial programs. Concern of how to measure some aspects of professional disposition. Trends across data include: classroom management (candidates aren’t prepared in this area), technology (modeling it in both coursework and field experiences), and differentiation. These are all areas for which we want to consider some changes. Requested that if departments are discussing areas for improvement, that they let her know aspects surrounding continuous improvement. Should have addendum report between June and August. Site visit is November 17th – 19th. Questions about assessment of technology and were we are with developing a measure. A past staff was working on a technology measure, but dropped the activity when the items weren’t fitting the need as much as we would have liked. Comment that there is a technology need in the schools – that what they have access to in the K-12 schools is different than other parts of their coursework. Moving forward, we need to more greatly consider how we’re utilizing technology and how to better assess it during the student teaching experience.

4. Dean's Report – Janet Buckenmeyer – not present.
5. Associate Dean's Report – Linda Sperry – we've submitted the CAEP self-study. Now we're focusing on making plans to address the problems that have been highlighted in the self-assessment.
6. Assistant Dean's Report – Judy Sheese – senate bill would require department of education to reissue RFPs for licensing. Consideration that more students are failing the test than we would like. Discussion surrounding if the tests might change in the future and how responsive legislature is to our feedback.
7. Assessment Director's Report-Malea Crosby – nothing further to report.

Adjourned, 4:20 p.m.
