Adding to or Editing Online Directory Information

Online directory entries can be located via searching for oneself at <http://www.indstate.edu/search/faculty-staff> to determine the need to add / update information.

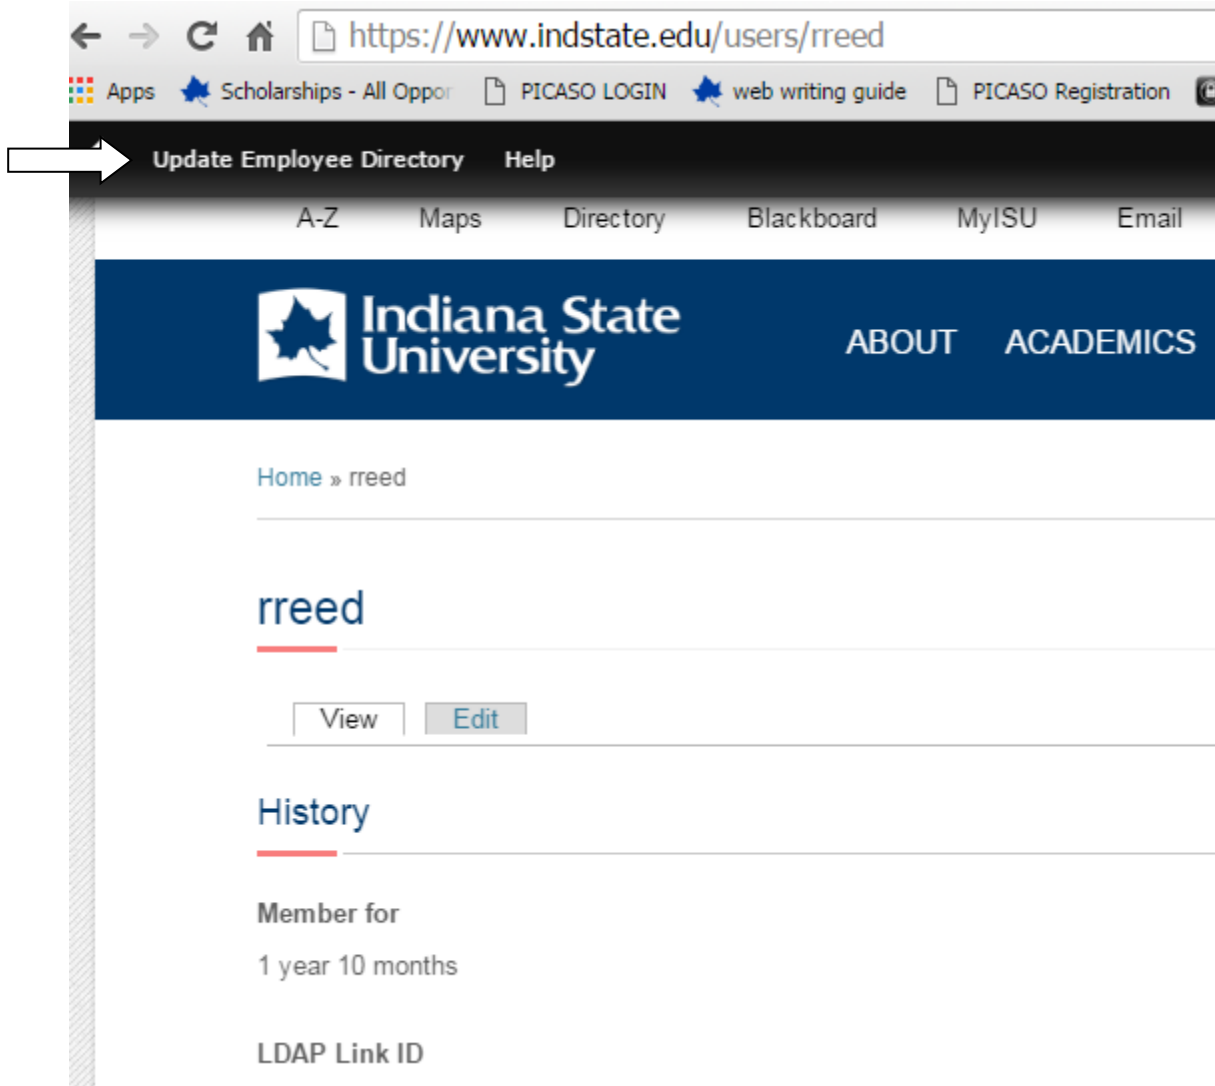

To edit one's information:

- Open a web browser (the web program works best in the Chrome browser)
- Go to <https://www.indstate.edu/user>
- Login with University Username and password

The screenshot shows a web browser window with the address bar displaying <https://www.indstate.edu/user>. The browser's address bar includes navigation icons (back, forward, home, refresh) and a search bar. Below the address bar, there are several bookmarks: "Apps", "Scholarships - All Oppor", "PICASO LOGIN", "web writing guide", "PICASO Registration", "UHHG", and "Comp". A navigation menu below the bookmarks contains links for "A-Z", "Maps", "Directory", "Blackboard", "MyISU", and "Email". The main content area features the Indiana State University logo and navigation links for "ABOUT", "ACADEMICS", and "ADMISSION". Below the logo, the breadcrumb "Home » User account" is visible. The "Login" section contains two input fields: "Username" and "Password". The "Username" field has a red label "Username" and a red instruction "Enter your Indiana State University username." The "Password" field has a red label "Password" and a red instruction "Enter the password that accompanies your username." A blue "LOG IN" button is located below the password field.

- Click on the **Update Employee Directory** link at the top of the page

- Banner information will appear grayed out
 - Updates to BANNER information must be completed via MyISU (see <http://www.indstate.edu/health/sites/health.indstate.edu/files/hhs-instructions-portal-info-update.pdf>)
