

# Time to Order Your Nursing Pin!

**Congratulations** on the successful completion of your nursing degree! Your nursing pin is a prestigious symbol of your dedication and skill. We hope you will wear it with pride.

To Order:

<http://indianastateuniversity.terryberry.net>

\*Please be sure to order five weeks prior to the desired in hands date to provide ample time for manufacturing and shipping.

## Metal Quality Options

**14K Gold** – An alloy of 59% pure gold combined with a base metal for strength.

**10K Gold** – An alloy of 42% pure gold combined with a base metal for strength.

**Double Gold Filled** – A layer of 10K gold is bonded to both the front and back (where initials and year are engraved) of a reinforcing metal core.

**Single Gold Filled** – A layer of 10K gold is bonded to the front a reinforcing metal.

**Sterling Silver** – 92.5% pure silver.

**Gold Plate** – Gold electrolytically deposited onto a reinforcing metal. With this process, the thickness of gold is significantly less than gold-filled, and its durability is limited.
