

Indiana State University School of Nursing

Doctor of Nursing Practice (Post-Master's) Available States

- - Yes - Available
- - No - Not Available

Revised:
6/10/2022

Factors involved when considering states for our online DNP (Post-Master's) program include number of students, cost to the University for licensing / maintaining licensing for multiple faculty in each state, and other fiscal factors. The extensive process to have a teaching presence in particular states is not feasible.
