

Indiana State University
 School of Nursing
 Post-Master's Certificate
 FNP Concentration

Required Clinical Hours per Semester
 Pediatrics

APN624 (offered Fall/Spring) =	125 hours*
APN644 (offered Spring/Summer) =	125 hours *
APN664 (offered Fall/Summer) =	125 hours *
APN670 (offered Fall/Spring) =	<u>125 hours *</u>
TOTAL:	500 hours

*Number of clinical hours needed per week is dependent on the number of weeks in the semester. Summer session is significantly shorter than fall or spring semesters and will require more hours per week to complete course requirements. Students are responsible for achieving the required number of hours and must arrange clinical dates to successfully meet clinical requirements for each semester. Student must consult their course calendar and syllabus for all due dates.

Breakdown of Total Clinical Hours for FNP Track
