registration for the training.

LEARNING OBJECTIVES

1. Learn the latest transgender and gender non-binary terminology, how to create a gender-affirming intake form and therapeutic environment, & how to be a resource to clients.
2. Learn how to help clients questioning their gender identity discover their true self.
3. Conduct a psychosocial evaluation for gender dysphoria and assess for common co-existing disorders and unique adversities for the transitioning & non-transitioning client.
4. Learn how to work with partners, family and friends of a TGNB individual as they process their loved one's gender identity & transition journey.
5. Identify transition goals, prepare transition timelines, & learn clinical strategies to help clients navigate their transition journey including workplace issues.
6. Gain an understanding of cross-gender hormone therapy, gender-affirming surgeries, legal changes, & how to prepare letters in support of transition steps.
7. Analyze the gains and losses and potential financial strain of interventions associated with living as one's authentic self.
