Introduction

The Code of Student Conduct (Code) contains policies governing the behavior of all students and student organizations at Indiana State University. The Code outlines the rights and responsibilities of students, behavioral expectations, prohibited conduct, and an overview of the conduct process. Definitions for terminology as well as acronyms used throughout the Code may be found in Appendix A.

Indiana State University strives to foster an atmosphere of learning and informed decision-making wherein students can be successful with an understanding of expectations, process, rights, consequences and opportunity for success. One pathway to creating this atmosphere of learning is through educational reflection.

Students and student organizations are expected to conduct themselves in accordance with these policies while aspiring to the “Sycamore Standard” (Appendix B). Aside from personal responsibility, students and student organizations are responsible for the actions of their guests and/or associates.

This Code addresses prohibited conduct that takes place on University premises and addresses off-campus conduct when the behavior may have or has had an adverse impact upon the University community. This Code also applies to University sponsored events (e.g. activities, trips, banquets) which may occur off campus.

The Board of Trustees has approved these regulations and has empowered the President of the University and his/her designees to enforce the regulations, adjudicate allegations, and assign appropriate conduct resolution outcomes. The Code will be provided annually to all members of the University community via electronic means.

Students agree to abide by these policies as a condition of admission and are expected to know the regulations of the University and conduct themselves in harmony with these regulations.

1.0 STUDENT RIGHTS, RESPONSIBILITIES, AND EXPECTATIONS

1.1 Student Rights

- All students have the same rights and responsibilities.
- A student has the right to participate in a free exchange of ideas and peaceful assembly in accordance with applicable federal, state, and local laws.
- Each student has the right to be free from discrimination; including but not limited to harassment, on the basis of race, sex, gender, religion, disability, age, national origin, sexual orientation, or veteran status.
- A student has the right to personal privacy except as otherwise provided by law and University policy/procedure.
- The rights to fair and equitable procedures determining when and upon whom consequences for violation of campus policies should be imposed.

1.2 Student Conduct Procedural Rights

Students will be given every reasonable opportunity to present information. Student rights related to the conduct process are as follows:

- The right against self-incrimination.
- The right to a University Advisor (See 4.2.7)
- The right to fair, equitable, and timely procedures.
- The right to provide witnesses (See 4.2.6).
- The right to appeal decisions of the hearing (See 6.0).

1.3 Student Responsibilities

- All students are responsible for conducting themselves in a manner that helps enhance an environment of learning in which the rights, dignity, worth, and freedom of each member of the University community are respected. Upon acceptance of admission to ISU, each student agrees to abide by the policies of the University and to conduct her/himself on- and off-campus in a manner consistent with its educational mission.
- A student has the responsibility to be knowledgeable with the published Code of Student Conduct in its entirety and to comply with the policies as well as all federal, state, and local laws.
- Academic units and administrative departments have policies specific to their areas. It is the responsibility of each student to be familiar with his/her college's University policies and procedures.
- Students are expected to have University issued identification at all times.

1.4 Student's Relation to University Community

Indiana State University, as an institution of higher education, has rights and responsibilities of its own, including:

- To provide opportunities for students of the University to present and debate public issues.
- To require persons on University-owned or -controlled property to present appropriate identification.
- To establish reasonable standards of conduct for all persons on the campus in order to safeguard the educational process and to provide for the safety and welfare of its students, visitors, and University property.
- To restrict students of the University from using its name, its finances, or its physical and operating facilities for commercial activities, except in cases involving University groups as provided for in policies governing use of the campus facilities and fund-raising activities.
- To provide, for registered student groups of the University, the use of campus facilities under the policies of the campus.

1.5 STUDENT RELATION TO EXTERNAL COMMUNITY

Students attending the University take on responsibilities not only of campus citizenship, but also community citizenship. When community standards are not respected and upheld by students, conflicts between students and other community members may result. Such conflicts are destructive to relationships in the community and detrimental to the image of the University, as well as to the reputation of the student body. Students shall conduct themselves responsibly in the community, respecting the personal and property rights of all community members.

1.6 STUDENT EMPLOYEE/LEADER RESPONSIBILITIES

When students commit acts that potentially violate this Code while in their capacities as employees, leaders, student athletes, or members of a recognized University group, the University reserves the right to review those potential conflicts with the standards outlined in the Code. When viewed as appropriate, the University may pursue resolution of those conflicts under this Code in addition to any other personnel action that may be taken against the student's other University roles. *The Vice President for Student Affairs or designee reserves the right to notify University employers of a student employee's disciplinary record. Further action may be warranted at the discretion of the employer.

1.7 UNIVERSITY E-MAIL COMMUNICATION AND MYISU

The University will communicate important information to you through your University e-mail account and MyISU. It is through MyISU that you will view your grades, update your contact information, register for classes, and communicate with faculty and other University personnel. It is your responsibility to use and check this account to conduct your University business.

1.8 GOOD NEIGHBOR EXEMPTION:

Students are encouraged to call 911 (or X5555 on campus) for emergency assistance as needed, even at the risk of disciplinary action for one's own conduct. The Good

Neighbor Exemption provides students the opportunity of an exclusion from University disciplinary action if a student risked revealing one's own violation of the Code of Student Conduct in order to seek medical or other emergency assistance for another person in distress. The decision to provide the exception shall be at the discretion of the designated hearing officer. The Good Neighbor Exemption does not apply to any criminal charges that may be incurred as a result of an offense.

1.9 MEDICAL AMNESTY (APPENDIX C):

In 2013, the Indiana State University Student Government Association took the lead in creating a student approved response to the 2012 Indiana Lifeline Law (IC7.1-5-1-6.5). In summary of the Indiana State University Medical Amnesty, a student who seeks for another and the student in need of medical assistance may be exempt from a University conduct process on the following conditions: 1) the student cooperates and provides detailed information regarding the incident and 2) the student successfully completes an alcohol education/awareness program. Repeat offenders are likely not eligible for this exemption. This exemption does not apply to any criminal charges that may be incurred as a result of an offense.

2.0 ACADEMIC POLICIES

2.1 DEFINING ACADEMIC INTEGRITY MISCONDUCT

Academic integrity is a cornerstone of the University's commitment to the principles of free inquiry; students are responsible for learning and upholding professional standards in research, writing, assessment, and ethics. In the academic community the high value of honesty mandates a corresponding intolerance of dishonesty. Written or other work which students submit must be the product of their own efforts and must be consistent with appropriate standards of professional ethics. Any academic integrity violation(s), which includes cheating, plagiarism, and other forms of dishonest or unethical behavior, is prohibited.

A summary of behaviors that constitute academic integrity misconduct appears below. Examples of each policy can be found in the Faculty Guide to Academic Integrity as well as the Student Guide to Academic Integrity. Questions regarding these policies or requests for additional clarification should be directed to the Office of the Provost, Student Affairs, or to the office of Student Conduct and Integrity (SCI).

2.1.1 Cheating

Cheating is using or attempting to use materials, information, notes, study aids, or other assistance not authorized by the instructor during an examination or evaluation.

2.1.2 Plagiarism

Plagiarism is intentionally or carelessly presenting the work of another as one's own. It includes submitting an assignment purporting to be the student's original work which has wholly or in part been created by another. It also includes the presentation of the work, ideas, representations, or words of another without customary and proper acknowledgement of sources. Students must consult instructors for clarification in any situation in which documentation is an issue. Students will be considered to have plagiarized whenever their work is improperly cited.

2.1.3 Falsification, Forgery, and Obstruction

Falsification is the intentional and unauthorized fabrication or invention of any information or citation in an academic exercise. Falsification includes knowingly reporting data, research, or reports so that the resulting process or product is different from what actually occurred.

Forgery is the imitating or counterfeiting of images, documents, signatures, class absence notes, attendance sign-in sheets and the like.

Obstruction is any behavior that limits the academic opportunities of other students by improperly impeding their work, their access to educational resources, or disrupting instruction.

2.1.4 Multiple Submission(s)

Multiple submissions are the submission of all or part of the same or substantially the same work for credit in two or more courses. Multiple submissions include the use of any academic work previously submitted for academic credit at this or another institution, including high school work. Multiple submissions shall not include those academic exercises when written approval by the current course instructor authorizes use of prior academic work. When multiple submissions are allowed, instructors will specify the expected academic effort applicable to their courses.

2.1.5 Facilitating Academic Dishonesty

Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty are examples of facilitating academic dishonesty. Facilitating academic dishonesty also includes behavior that may not directly benefit the accused but assists another student in achieving an unfair academic advantage.

2.1.6 Violation of Professional Standards in Research and Creative Endeavors

Misconduct in research is a serious deviation from accepted professional practice within a discipline or from the policies of the University in carrying out, reporting, or exhibiting the results of research or in publishing, exhibiting, or performing creative endeavors. It includes but is not limited to, plagiarism, fabrication, or falsification of data as well as misrepresentation of scientific or creative works. Misconduct in research does not include honest error or honest disagreement about interpretation of data.

2.1.7 Misuse of Academic Resources

Misuse of academic resources involves the intentional use, misuse, or alteration of University materials or resources to make them inaccessible to others. Such misuse includes the unauthorized or inappropriate use of computer accounts, alteration of passwords, violation of library procedures, other intentional misuse or destruction of educational materials, recording a lecture or other classroom interaction, selling class notes, or being paid for taking class notes, without the permission of the instructor or Disability Services staff.

2.1.8 Misuse of Intellectual Property

Misuse of intellectual property is the improper use of copyright materials, trademarks, trade secrets, or intellectual property (e.g. thoughts, ideas or works of another).

2.1.9 Violation of Ethical and Professional Standards

Students shall adhere to the standards, guidelines, and/or codes associated with the ethics and conduct established for academic programs and courses.* This policy applies to all student experiences involving academic credit (e.g., on-campus and distance education courses, internships, practicum, and thesis/dissertation) and is one of the regulations for student ethical behavior referenced in the Indiana State University Code of Student Conduct.

3.0 NON-ACADEMIC POLICIES AND PROHIBITED CONDUCT

Students at Indiana State University are expected to conduct themselves in a respectful and civil manner. Personal conduct and communication, either directly or indirectly with other students as well as faculty and staff, should conform to the University's community values and standards. As members of the at-large community, students are encouraged to resolve disagreements through informal, frank, and open discussion. Often conflicts can be lessened, if not resolved, by clearing up misperceptions and misunderstandings. Students are strongly encouraged to resolve any related concerns in this manner. However, the University also recognizes that occasionally more formal processes are needed. All such activities, whether informal or formal, must be carried out by all participants within a framework of good faith and general respect for one another. Students are encouraged to contact SCI for assistance or guidance in resolving any concerns or conflicts. Conflicts may be resolved through established disciplinary procedures and/or conflict resolution strategies.

It is an expectation of the University that students have a reasonable knowledge of and adhere to the following prohibited conduct and policies:

3.1 MISCONDUCT AGAINST PERSONS

3.1.1 Violence/Abusive Behavior refers to physical abuse/violence or conduct that threatens or endangers the health or safety of any person.

3.1.2 Threatening/Intimidating Behavior refers to behavior (reoccurring or singular extreme act) that involves an expressed or implied threat, which includes, but is not limited to the use of words verbal, written, or electronic (e.g. Facebook, Instagram, Snapchat, Vine, Twitter) inherently likely to provide an immediate violent reaction when directed toward a specific individual, or any behavior that has the purpose or reasonably foreseeable effect of creating a hostile environment by, but not limited to, interfering with another individual's personal safety, safety of property, academic efforts, employment, or participation in University-sponsored activities and causes that person to have a reasonable apprehension that such harm is about to occur.

3.1.6 Hazing is prohibited in connection with the activities of students and student organizations. Hazing shall be defined as any conduct which subjects another person, whether physically, mentally, emotionally, or psychologically, to anything that may abuse, degrade, or intimidate the person as a condition of association with an organization or group (formal or informal), regardless of the person's consent or lack of consent.

3.1.7 Restricting Movement refers to any activity that limits or restricts a person(s) against his/her own will and/or restricts his/her freedom of movement.

Information regarding Stalking, Sexual Misconduct (including Sexual Violence and Sexual Harassment), Intimate Partner Violence (See Appendix G for directions to full policy, definitions, and procedures)

The University approved in June 2015, policies and procedures for all students, faculty, staff, and visitors on Stalking, Sexual Misconduct, and Intimate Partner Violence. Stalking, Sexual Misconduct, and Intimate Partner Violence are defined below:

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for the person's safety or the safety of others; or (B) suffer substantial emotional distress. (See Appendix G for expanded information)

Sexual Misconduct includes both sexual harassment and sexual violence, as defined below. (See Appendix G)

- **Sexual harassment** refers to the unwelcome imposition of sexual attention often in the context of a relationship of unequal power. The policy applies to men and

women equally and encompasses both heterosexual and same sex harassment. Sexual harassment is any conduct, physical or verbal, that is sexual in nature and which has the effect of unreasonably interfering with an individual's or a group's educational or work performance, or which creates an intimidating, hostile, or abusive educational or work environment. It can include unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature made by someone from or in the workplace or educational setting.

- **Sexual Violence** is any sexual act that is perpetrated against someone's will. Sexual violence encompasses a range of offenses, including but not limited to a completed or attempted nonconsensual sex act (i.e., rape), abusive sexual contact (i.e., unwanted touching), and non-contact sexual abuse (e.g., threatened sexual violence, exhibitionism, verbal sexual harassment). All types involve victims who do not consent, or who are unable to consent or refuse to allow the act), abusive sexual contact (i.e., unwanted touching), and non-contact sexual abuse (e.g., threatened sexual violence, exhibitionism, verbal sexual harassment). All types involve victims who do not consent, or who are unable to consent or refuse to allow the act.

Intimate partner violence—sometimes referred to as domestic battery or dating violence -describes physical, sexual, or psychological harm by a current or former partner or spouse. This type of violence can occur between individuals of heterosexual or same-sex couples and does not require sexual intimacy. Intimate partner violence can vary in frequency and severity. It occurs on a continuum, ranging from verbal abuse that may or may not impact the victim to chronic, severe battering. (See Appendix G) There are four main types of intimate partner violence including but not limited to:

- **Physical Violence** is the intentional use of physical force with the potential for causing death, disability, or injury. Physical violence includes, but is not limited to, scratching; pushing; shoving; throwing; grabbing; biting; choking; shaking; slapping; punching; burning; use of a weapon; and use of restraints or one's body, size, or strength against another person.
- **Sexual Violence** is any sexual act that is perpetrated against someone's will. Sexual violence encompasses a range of offenses, including but not limited to a completed or attempted nonconsensual sex act (i.e., rape), abusive sexual contact (i.e., unwanted touching), and non-contact sexual abuse (e.g., threatened sexual violence, exhibitionism, verbal sexual harassment). All types involve victims who do not consent, or who are unable to consent or refuse to allow the act), abusive sexual contact (i.e., unwanted touching), and non-contact sexual abuse (e.g., threatened sexual violence, exhibitionism, verbal sexual harassment). All types

involve victims who do not consent, or who are unable to consent or refuse to allow the act.

- **Threats of Physical or Sexual Violence.** The use of words, gestures, or weapons to communicate the intent to cause death, disability, or injury.
- **Psychological/Emotional Violence** involves trauma to the victim caused by acts, threats of acts, or coercive tactics. Psychological/emotional abuse can include, but is not limited to, humiliating the victim, controlling what the victim can and cannot do, withholding information from the victim, deliberately doing something to make the victim feel diminished or embarrassed, isolating the victim from friends and family, and denying the victim access to money or other basic resources. It is also considered psychological/emotional violence when there has been prior physical or sexual violence or prior threat of physical or sexual violence.

Confidential resources are available as outlined by the federal mandate and the policy. Please note, unless a person falls in the category of confidential resource, many faculty/staff are considered responsible employees. This means they are required to report to the Title IX coordinator any allegation of sexual misconduct.

Investigations and resolution procedures regarding allegations of these policies are resolved through the Title IX process.

An online report form is available through the Equal Opportunity and Title IX Office.

4.0 STUDENT RIGHTS AND COMPLAINT RESOLUTION PROCEDURES

4.1 PURPOSE

This document establishes complaint resolution procedures (CRP) in order to better serve students, faculty, and staff. The purposes of the complaint resolution procedures include:

- To provide for the education and personal growth of the student;
- To provide fair inquiries concerning alleged violations of the Code;
- To determine whether any individual student is responsible or not responsible for violation(s) outlined in the Code as well as the possibility charges are unfounded;
- To allow for consideration of extenuating or mitigating factors where a violation has been found to exist; and

- To determine a conflict approach/outcome that will be appropriate and will also help the student involved make a positive contribution to the University community.

The established complaint resolution processes and rights are afforded to student organizations involved in conduct complaints.

4.2 STUDENT RIGHTS AND DUE PROCESS IN THE CRP

4.2.1 Right to a Complaint Resolution Procedures

Students alleged to have violated the Code will be afforded the opportunity to resolve the allegation within the established CRPs.

4.2.2 University Conduct Advisor

All involved students have the right to a University conduct advisor. The conduct advisor must be a member of the University community (student, faculty, administrator, staff, coach, recognized University affiliate). The advisor must have experience or knowledge of the University conduct system. The role of the advisor is to provide support and to assist in preparing for the hearing. Since the complaint resolution process is not a civil or criminal court hearing, the advisor's role is not that of an attorney. This person may not address the hearing officer or hearing board or ask questions of any witnesses. For assistance in securing an advisor, contact SCI.

4.2.3 Witnesses

Witnesses are permitted to participate in the complaint resolution proceedings. A list of witnesses must be submitted to the appropriate conduct officer no later than two (2) days prior to the administrative conference. Witnesses may present information on behalf of the student or the complainant. It is the responsibility of the student or the complainant to secure witnesses or witness statements. Witnesses may be questioned by the conduct officer or conduct board members, by the complainant, and by the student. Witness(es) will be asked to provide information concerning only the violation(s) being adjudicated. Since the complaint resolution process does not have the authority to subpoena, witness statements may be submitted in place of having witness(es) present during the hearing. Witness statements should be submitted to SCI no later than two (2) business days prior to the hearing for consideration by the board members.

4.2.4 Standard of Proof is "more likely than not" that University policy has been violated (also referred to as preponderance of the evidence). Proof needs to show that the facts are more likely to be so than not so. Evidence, when considered and compared with that opposed to it, has

more convincing force and produces in the hearing officer's mind the belief that what is sought is more likely true than not true (Journal of College and University Law).

4.2.5 Violation of Policy

A student is considered to have violated the Code when the student:

1. Admits responsibility for a violation, or
2. Is found responsible for one or more violations of the Code determined by the University standard of proof.

4.2.6 Conduct Process Environment

All hearings are closed to the public. Only individuals involved in the situation may be present. Involved individuals may include:

- Conduct officers and/or conduct board members,
- Student accused of violating University policy,
- University conduct advisor,
- Complainant, and
- Witnesses (witnesses will remain only for the duration of their own statement).

4.3 INITIATION, INVESTIGATION, AND DISPOSITION OF COMPLAINTS

4.3.1 Documentation/Reporting Alleged Violations of University Policy

Any alleged violation should be reported as soon as possible following the discovery of the alleged inappropriate behavior. Any potential violations of University policy may be reported in the following manner:

- A report may be filed with Indiana State University Police;
- A report may be filed with the Office of Residential Life;
- A report may be filed with SCI; and/or
- A report of Sexual Violence/Harassment may be filed with the Title IX Coordinator. The Title IX Coordinator for Indiana State University is located in the Office of Equal Opportunity. To file a complaint with the Title IX Coordinator, please go to: "<http://www.indstate.edu/aao/policy-procedure.htm>."

Any student, faculty, staff member, or guest of Indiana State University may officially report an alleged violation of University policy as outlined in the Code.

4.3.2 Notification and Process

Notwithstanding uncontrollable circumstances, the Director of SCI or his/her designee will notify the accused student within ten (10) working days of receipt of the complaint. This notification will include:

- The nature of the alleged inappropriate behavior,

- The date, time, and place of the alleged inappropriate behavior,
- The process in which to review all information relevant to the situation,
- The date, time, and place of the hearing,
- The fact that at the time of the administrative conference, students will be provided an opportunity to present and review relevant statements, information and documentation,
- The sanction(s) applicable if found responsible for a violation of the Code,
- A description of the preservation and the release of information from the conduct record, and
- A notice that a decision will be made in the student's absence if the student chooses not to appear at the hearing. Failure to appear may be a factor when determining conduct process outcomes.

4.4 COMPLAINT RESOLUTION PROCEDURES

4.4.1 Conduct Authority

The Director of SCI is charged with the development and administration of the Indiana State University conflict resolution procedures (CRP). The Director of SCI or designee is responsible for the training of University Conduct Officers (UCO). The following individuals have been granted authority as University Conduct Officers over the execution of conduct proceedings:

- Associate Director of SCI,
- Executive Director of Residential Life,
- Associate/Assistant Directors of Residential Life,
- Additional staff members in the University community as deemed appropriate and as trained by the Director of SCI or designee, and
- University Conduct Board.

The aforementioned individuals may conduct administrative conferences with students who may have violated any University policy, including those found in the Code of Student Conduct, ISU Residence Hall Handbook and ISU student organization policies.

The Director of SCI may refer a complaint the University Conduct Board (See 4.4.3) in matters involving academic misconduct, sexual violence, and/or as necessary to address University community concerns.

4.4.2 Administrative Conference

An Administrative Conference (AC) is intended to enhance a student's awareness of University expectations; although educational, formative and/or disciplinary action may be a necessary result. An AC is a one-on-one meeting between the accused student and a University Conduct Officer (UCO). During an Administrative Conference, the UCO will schedule an opportunity to meet with the accused student and discuss the alleged violation(s), documentation, and witness statements relevant to the

complaint. The UCO may also discuss relevant conduct history, academic progress, extracurricular activities, prior community service, and relevant criminal proceedings.

4.4.3 University Conduct Board (UCB)

This board is comprised of one student in good standing with ISU, one University faculty member, one University staff member, and the Director of SCI or his/her designee to serve as the advisor to the board. These individuals are appointed by the President and trained by the Director of SCI. When the UCB is convened, the Director of SCI or his/her designee will convene the board as stated above by members of the University hearing board pool:

- Six students (undergraduate and/or graduate),
- Six faculty members, and
- Six staff members.

The UCB will hear all cases involving academic integrity violations, sexual violence or cases referred to SCI from the Office of Equal Opportunity. On a case-by-case basis, a University Conduct Board may be offered as an option for complaint resolution.

4.4.4 Conflict of Interest

No member of the conduct board or no conduct officer who has a conflicting interest in a particular case may participate in a conduct hearing for said situation. Conduct board members and conduct officers with conflicting interests must recuse themselves from the proceedings. Either the student or the complainant may challenge a member of the University Conduct Board or University Conduct Officer in writing with the Director of SCI. In cases where the Director of SCI's involvement is questioned, the challenge would be forwarded to the Vice President for Student Affairs.

5.0 CONDUCT PROCESS OUTCOMES

Conduct process outcomes are meant to be educational and positively influence the decision-making skills of a student by creating awareness of consequences and the potential for higher-level sanctions should future violations occur. Conduct process outcomes that may be taken when a student is found in violation of University regulations range from charges dropped up to and including permanent separation from the University. The conduct process outcome(s) assigned will be based upon the student/student organization being found responsible for violation(s), the severity of the violation, the degree of involvement of the student, the individual circumstances of each case, prior conduct history, and academic progress.

5.1 FORMATIVE OUTCOMES

- Conversation with University Partner
- Meeting with University Administrator

- Written Assignments
- Letter of Apology
- Hall/Floor Programs
- Workshops

5.2 REFERRAL OUTCOMES

- Alcohol Education
- Drug/Substance Education
- Voluntary Counseling
- Psychological Assessment

5.3 ADMINISTRATIVE OUTCOMES

- Conduct Discussion
- Conduct Warning (No more than two)
- Housing Relocation
- On-Campus Housing Probation
- Account Hold

5.4 LOSS OF PRIVILEGE OUTCOMES

- Loss of Extra-Curricular Privileges
- Separation from Campus Housing
- Ban from an Area of Campus
- Trespass from University Property
- No Contact Order

5.5 DISCIPLINARY STATUS OUTCOMES APPLIED TO STUDENTS

- **Conduct Probation** is defined as a specified period of observation and evaluation of a student's conduct. Any violation of University or residence hall policy committed by a student on Conduct Probation is a serious violation and may result in separation from the University. Failure to complete discretionary sanctions while on Conduct Probation may result in separation from the University. No more than one Conduct Probation status shall be imposed on a student prior to the student being removed from the University community. While a student is serving a Conduct Probation, he/she is not in good conduct standing with the University, may not be permitted to hold elected office, nor represent the University in an official capacity.
- **Temporary Separation (Suspension)** involves removal of the student from the University for a definite period of time (minimum of one semester), after which the student is eligible to return, and a permanent notation on one's transcript. Conditions for readmission may be specified.
- **Permanent Separation (Expulsion)** refers to the removal of the student from the University. If assigned permanent separation, a student at no time will be permitted to reenroll in classes at Indiana State University, and a permanent notation will be made on one's transcript.

- **Emergency Action**—The University has identified two types of Emergency Action: Emergency Housing Separation and Emergency University Separation. The Director of SCI or designee has been granted the authority by the University to remove a student from the University for a temporary period pending complaint resolution or other formal proceedings. The student is denied access to all property owned, operated, or controlled by the University; is denied attendance and/or participation in classes; and is banned from attendance and/or use of University activities and facilities while under this status. If the student violates these conditions, he/she will be subject to arrest and prosecution for criminal trespass.

Emergency Housing Separation removes the student from all residential facilities; however, they student will continue to have access to all other areas of the University. The decision to pursue an Emergency Housing Separation involves a collaborative conversation between SCI and the Office of Residential Life. Appeals for Emergency Housing Separation must be directed to the office responsible for imposing this action for consideration.

Either Emergency Action shall become immediately effective without prior notice whenever there is evidence that the continued presence of the student at the University poses a substantial and immediate threat to others or to the stability and continuance of University functions.

Emergency Action may be lifted by the University at any time should information become available demonstrating the specific student is no longer considered a continued risk.

Under this action, a student(s) shall be given a prompt opportunity to appear personally before the Director of SCI or a designee in order to discuss the following issues only:

- a. The reliability of the information concerning the student's conduct, including the matter of his or her identity, and/or
- b. Whether the conduct and surrounding circumstances reasonably indicate that the continued presence of the student on University premises poses a substantial and immediate threat to others or the stability and continuance.

A hearing with the University Conduct Board will be conducted no later than ten (10) business days from the imposition of this action. The student will be allowed to attend this hearing and is afforded the process established by the University for formal adjudication of alleged violations.

5.6 DISCIPLINARY STATUS OUTCOMES APPLIED TO STUDENT ORGANIZATION

- **Conduct Warning** may occur when an organization is notified that conduct of its members has not been in keeping with the expectations of the University. A thorough explanation of University policies is given. The student officers and University advisor of the organization are instructed that further violations of University policies could be cause for additional disciplinary action.
- **Probation** is a formal status during which the organization will have certain restrictions placed on it for a period of time. The organization is removed from good standing with the University for no less than the equivalent of one full semester. Restrictions and provisions of the probation are individualized to the particular needs of the organization; these may include restrictions on social events, on use of University facilities, or on participation in campus-wide events (e.g., Homecoming or Spring Week). Charges for any damages or costs incurred as a result of a violation may also be assessed. Any further violation of University regulations or probation restrictions while on probation means that an organization subjects itself to further disciplinary action. University officials with responsibility for adherence to restrictions placed on the organization will be notified, as well as the persons responsible for registration of student organizations. Additionally, national offices of affiliated student organizations will be notified.

Temporary Separation (Suspension) involves the recognition/registration status of an organization being temporarily terminated with the University for an indefinite period of time (no less than the equivalent of one semester). Additional conditions may be specified.

Revocation of Recognition/Registration of Student Organization action indicates that an organization's standing as a registered student organization of the University is permanently terminated.

6.0 APPEALS

Students found responsible for a violation of the Code may appeal. An appeal from any decision, either conference, administrative hearing or University conduct board, must be made in writing within five business days following the date the hearing record notification is assigned and notice is received by the student. Students may file one (1) appeal per case. In the event multiple students are involved in one case, each student pursuing an appeal must do so individually. Submitting an appeal does not guarantee a meeting with the administrator

responsible for deciding the appeal outcome. For that reason, it is important all information for consideration be made clear in the written appeal.

Under Title IX of the Education Amendments of 1972 and the Violence Against Women's Act, the complainant in cases of sexual violence have the identical rights as the charged student which includes the right to appeal.

6.1 FORMAT OF APPEAL

To assist with the filing of an appeal, an appeal cover sheet has been created and must accompany the written appeal.

An appeal shall be written and contain the student's name, the date of the decision or action, and the reason(s) for the appeal. The appeal letter must specify in detail one or more of the following bases for appeal:

- Student's/student organization's rights were violated as a result of failure of due process (specify right believed to have been violated),
- Significant new evidence is available that could change the outcome.

6.2 OFFICE RESPONSIBLE FOR APPEAL REVIEW

Appeals must be submitted to the Vice President for Student Affairs office. The Vice President for Student Affairs or designee will be responsible for the review and timely response to all appeals submitted.

The appeal decision is final.

6.3 SUSPENSION OF ORIGINAL SANCTION PENDING APPEAL REVIEW

A properly-filed notice of appeal suspends the imposition of sanctions until the appeal is decided, unless, in the discretion of the Vice President for Student Affairs or designee, the continued presence of the student on the campus poses a serious threat to themselves or to others, property, or to the normal operation of the University.

6.4 APPEAL REVIEW PROCESS

The appellate officer will review the written letter of appeal from the student and determine if one of the bases for appeal is present. If it is, a review of the appeal will be granted. The appellate officer shall review:

- The response from the hearing officer/body, and
- Materials presented at the original hearing.

Appeals shall be decided upon the record of the original proceedings and upon the written responses submitted by the parties. Decisions of the conduct bodies will be given great deference by the appellate decision maker. After reviewing these materials, the appellate officer may decide to do one of the following:

- Affirm the finding and the sanction imposed;

- If specified errors occurred, remand to the original decision makers to address the error, change the procedures, consider new evidence that could not have been discovered by a properly diligent accused before or during the original hearing, substitute new adjudicators, or otherwise repair the grounds that gave rise to the appeal;
- Affirm the finding and reduce, but not eliminate or increase the sanction if found to be grossly disproportionate to the offense; or
- Cases may only be dismissed if the finding is held to be arbitrary and capricious.

A crucial point in the appeals process is the shifting of the burden of proof. At the initial hearing, the burden of proof lies with the complainant. Once there is a finding of responsibility, the burden shifts to the petitioner. The decision on the appeal will generally be made within ten (10) business days of receipt of the appeal, but may take longer during University recesses or in the event of complex cases.

7.0 STUDENT CONDUCT RECORDS

These records are considered "educational records," in accordance with the Family Rights and Privacy Act (Public Law 93-380). These records are private and may not be disclosed in whole or in part except as provided by law or by written authorization from the student. Conduct records are separate from a student's academic records. Students have the right to inspect and review the materials contained in their conduct record subject to office procedures. Those notified of your status are the Executive Director of Residential Life, Director Public Safety, and the Dean of Students Office.

7.1 MAINTENANCE OF RECORDS

Indiana State University is responsible for the maintenance of student conduct records. These records are maintained for a period of seven (7) years from date of the successful completion of the most recent University assigned sanction. Recordings of hearings will be maintained until the final decision of the University appellate process or the failure of the student to file appeal within the deadline specified by the University.

7.2. RIGHT TO REVIEW CONDUCT RECORD

The Family Education Rights and Privacy Act (FERPA) affords students and eligible parents the right to "inspect and review the education records of the student." (section 99.10 (a)). Disciplinary records maintained by the University are considered education records as defined by this law. Parents of a dependent student as defined by the

Internal Revenue Code will receive notification of sanctions of certain violations of the Code of Student Conduct (See section III of the Code of Student Conduct, subsection D. “Types of Disciplinary Action” for details.)

All materials in the disciplinary record are the property of Indiana State University. This includes, printed summaries, audio recordings of hearings, written recommendations or decisions reflecting findings of responsible or not responsible as well as the conduct process outcome(s) assigned to those students found in violation. The University will not release these materials to any party, unless compelled to do so through a court order. Students may request an opportunity to review those records by scheduling an appointment with the SCI.

SCI has established guidelines in order to afford students and eligible parents access to the disciplinary record, while exercising the institution’s responsibility to privacy required by law. A dependent student who desires that his/her parent review his/her disciplinary record must provide written consent to SCI.

Materials provided an accused student (e.g. complaint, witness statements, charges) become the property and the responsibility of the accused student.

7.3 RIGHT TO AMEND CONDUCT RECORD

In the event that the student believes his or her records to be inaccurate, misleading, or otherwise in violation of his or her expectation of privacy, he or she may challenge the information that is contained in his or her educational records by contacting the University official responsible for the particular educational record in question. The student may then request informal meetings and discussions to resolve his or her concerns. The University official may decide that the student has sufficiently demonstrated that the challenged material should be deleted or modified, and the change will subsequently be made. Otherwise, the student may insert a statement into his or her record to explain any such material from his or her point of view, or a formal hearing may be requested in writing through SCI and/or the Vice President for Student Affairs office. This right to challenge information contained in the student’s educational records does not extend to grades unless a grade assigned by a professor was inaccurately recorded. Individuals, agencies, or organizations shall not have access to the student’s personally identifiable educational record without his or her written consent except for the following:

- University personnel who require access with a legitimate educational interest;
- Officials of other schools in which the student may seek or intend to enroll; provided that the student has the opportunity to receive a copy of such records if he or she desires;
- Authorized representatives of the government when release of such data is necessary in connection with the audit and evaluation of federal- or state-supported

educational programs, or in connection with the enforcement of legal requirements that relate to such programs;

- In connection with the student’s application for, or receipt of, financial aid;
- State and local officials or authorities to which such information is specifically required to be reported or disclosed;
- Organizations conducting studies for, or on behalf of, the University for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction;
- His or her parents, if he or she is dependent student as defined by the Internal Revenue Service Code, which means that he or she receives more than one-half of his or her financial support from his or her natural or adoptive parents;
- In connection with emergency, if the knowledge of the student’s information is necessary to protect his or her health or safety or that of other persons; and
- In compliance with a legal order or pursuant to any lawfully issued subpoena provided that the student is notified of any such order or subpoena before his or her information is released. A log is maintained for student’s inspection of those individuals, agencies, or organizations listed above (other than University personnel) who have had access to or been provided personally identifiable information from the student’s file.

8.0 INTERPRETATION AND REVISION

8.1 INTERPRETATION—Any question of interpretation or application of the Code shall be referred to SCI.

8.2 AMENDMENTS AND REVIEW

Amendments may be proposed by the Indiana State Student Government Association (SGA), Residence Hall Association (RHA), University Senate, administrative staff, or by the Board of Trustees. A committee, under the direction of the Director of SCI, will be formed to review any proposed amendments. The committee will include, but is not limited to: SGA, RHA, University Police, Residential Life, and Student Activities and Organizations, Academic Affairs. A response from the committee must occur 30-calendar days from submission of the proposal. The committee may approve, amend, request a 30-day extension or reject any proposal. Failure to respond may be cause of the initial proposal to be submitted for consideration without comment from the committee.

Recommendations made by the Policy Review Committee will be provided to the Student Affairs Committee (SAC) for review and comment and proceed to Faculty Senate prior to submitting the recommendations for approval.

The Board of Trustees has delegated approval of any amendments and/or recommendations to alter the Code of Student Conduct to the President. The President will have the authority to set the day for which any amendments become effective for the University. Approved amendments will be provided to the Board of Trustees for review at which time amendments may be permanently accepted or rejected.

In addition, the *Code of Student Conduct* shall be reviewed at least every two years under the direction of the Director of SCI or other University official designated by the Vice President for Student Affairs. The aforementioned committee will assist in the bi-annual review. Updates may be made to the Code of Student Conduct as necessary depending on legal updates and campus needs. Recommendations stemming from the review will be submitted to the President and Board of Trustees for approval.

University community members will be notified of all approved amendments, as well as effective date, via electronic notification (e.g. e-mail, MyISU Portal announcement, Communications Today).

APPENDIX B: “SYCAMORE STANDARD”

Adopted by SGA in 2002; Adapted Policy Review Committee 2013

All members of Indiana State University will learn and apply essential life lessons related to: self-awareness, communication, civility and respect, integrity, forgiveness,

patience and trust. As a member of Indiana State University:

I will practice personal responsibility and academic integrity;

I will aspire towards truth and learning;

I will foster an environment conducive to mine and other's health, wellness, and safety;

I will avoid acts that promote intolerance of individuals or groups;

I will conduct myself in a manner that brings honor to me and the University community; and

I will discourage behaviors by others that are differing to these standards and expectations of the Code of Student Conduct.

Awareness of the common good leads us to make individual choices in light of how they affect, or may affect, other people and the ISU community as a whole. Accepting certain social conditions allows people, either as groups or individuals, to reach their full holistic development.

APPENDIX C: MEDICAL AMNESTY

ISU Alcohol Health Procedures: Alcohol Safety and Assistance Program

The utmost concern of Indiana State University is the care and well-being of our student body. Alcohol-related illness poses significant dangers to students. The university community understands that the risk of university discipline can deter a student from making the call that could save the life of someone who has consumed too much alcohol. In alcohol related emergencies, ISU ASAP seeks to mitigate deterring consequences for the intoxicated student as well as one student seeking medical attention on behalf of the intoxicated student. The purpose of ISU ASAP is not to exonerate students from disciplinary action; rather the ISU ASAP favors educationally-based, reformation-minded University responses to these frightening incidents. The proposed procedure will foster a culture in which individuals feel comfortable calling for help on behalf of those in need of assistance, thereby saving lives.

1. Any student who requires medical assistance due to an alcohol-related illness may be exempt from university disciplinary sanctions when all of the following has taken place:
 - a. The proper authorities are notified; and

- b. The student completely cooperates with all authorities involved and provides all requested information, i.e. the provider of alcohol, the person/organization that owns the property where the incident occurred, etc.; and
 - c. After the offense, the student remains compliant with the prescribed Alcohol Education and Assessment Initiative issued by the Office of SCI.
2. One (1) student who assists the ill individual may be exempt from university disciplinary sanctions related to this incident when all of the following has taken place:
 - a. The proper authorities are notified;
 - b. The student completely cooperates with all authorities involved and provides all requested information; and
 - c. The student remains with the ill individual until the authorities arrive to the scene.
3. The decision to provide the exception from university disciplinary sanctions shall be the judgment of the SCI office. NOTE: The exception does not apply to any criminal charges that might be incurred as a result of an offense. Vice versa, a student may still be exempt through the University process even if criminal charges are pursued by legal channels.
4. Repeat offenses may not receive the immunity that this procedure offers.

APPENDIX D: SALES AND SOLICITATIONS

Sales and solicitations may be conducted on campus by an officially registered or recognized student organization. Off-campus charitable, not-for-profit, and commercial enterprises offer programming opportunities that often include sales. Such programs may be brought onto campus under the sponsorship of a registered or recognized student organization. All sales and solicitations must comply with University regulations and policies, as well as local, state, and federal laws and ordinances.

1. Sales or solicitations in residence halls must be approved by Residential Life.
2. Sales or solicitations conducted anywhere on campus except in the residence halls must be approved by Student Activities and Organizations. In addition, use of a facility for the purpose of sales or solicitations must be approved by the person charged with primary responsibility for use of that facility. (Names of such persons are available in Student Activities and Organizations.)
3. Individual students who wish to sell or solicit on campus may do so by renting space in the Hulman Memorial Student Union or by conducting the sale in the privacy of their own residence hall rooms or University Apartments residence, provided such sales have been specifically approved in accordance with the Residential Life guidelines.

APPENDIX E: POLICIES FOR POSTING NOTICES

The University provides facilities for the posting of University related and private notices under the following criteria:

1. Notices must have the name, address, and telephone number of an authorized organization representative (or individual if not affiliated with an organization) clearly printed on the back of the notice.
2. The notice cannot promote any activity in violation of University regulation or policy, or federal, state, or local law or statute.
3. Hulman Memorial Student Union and Residential Life have limitations on the size of notices. Users should contact the directors of those facilities concerning these limitations. In all other areas, posted notices may be no larger than 18 inches by 24 inches.
4. Outdoor displays cannot be nailed to trees or other structures or objects. The use of string, tape, or wire is suggested. No stakes or postholes may be used without the written permission of Facilities Management.
5. Chalking with water soluble chalk is restricted to flat, horizontal walkways in open areas that will allow rain to eventually wash the chalk away. Chalking is prohibited on benches, walls, or other vertical surfaces. Chalking is not allowed on the brick paver walkways.
6. Posters may not be attached to the sides of buildings. Banners may be hung from buildings if approved by the building supervisor and Facilities Management. Posters and notices may not be placed on glass (entry) doors or windows.
7. Private parties may post notice of meetings and services as long as the above criteria are followed. Posters are removed after two weeks or at the end of the effective date of the posted message, whichever comes first.
8. Priority is given to those notices posted by University departments and by registered/recognized student organizations.

**The University may remove and discard any outdated notice, or any notice posted in violation of the criteria outlined above.*

APPENDIX F: STUDENT RIGHTS UNDER FERPA/ PARENTAL NOTIFICATION

Background

Congress amended the Family Educational Rights and Privacy Act (FERPA) in late 1998 to permit colleges and universities to notify the parents or guardians of students about violations of campus alcohol and drug policies, regardless of age. For specifics regarding FERPA, please visit <http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

Purpose

It is the goal of Indiana State University to expand the partnership with parents/guardians in encouraging students to make reasonable, responsible, and healthy decisions about alcohol and other drugs. In addition, we know that there is a strong association between a declining academic performance and the illegal/abusive use of alcohol and other drugs by our students. By notifying parents/guardians of violations of this nature, we have the opportunity to work together to aid in the academic success and healthy social integration of our students.

Details of Notification

If a student under the age of 21 is found responsible violating 3.3.3 Drug Related Behavior and/or 3.3.4 Alcohol Related Behavior of the Code of Student Conduct, SCI will notify the student's parents/guardians in writing.

Written notifications will not include specific details of the incident(s), circumstances surrounding the violation(s), or any specifics of the case. If parents/guardians are interested in receiving more information are encouraged to discuss the case with their student. If questions remain, parents/guardians are encouraged to contact SCI.

Additional Information

Notification is designed to inform parents/guardians a violation has occurred and to encourage an educational discussion between parents/guardians and their student. Notifications will be sent for repeat violations of 3.3.4- Alcohol Related Behavior and for first time/repeat violations of 3.3.3- Drug Related Behavior.

An integral part of the conduct adjudication process will be the discussion concerning notification of the parents/guardians. Consideration will be given to situations where notification may be detrimental to the student or family.

When there is reason to believe that a student's health and well-being are at risk or they have placed other members of the community at risk, the Dean of Students or his/her designee may contact the parents/guardians directly.

APPENDIX G: SEXUAL MISCONDUCT INFORMATION

The Title IX Coordinator is responsible for the Stalking Policy, Sexual Misconduct Policy, as well as Intimate Partner Violence Policy (University Handbook: 922 Policy Prohibiting Sexual Misconduct). The Title IX Coordinator also provides direct leadership of the process, training, and response for each of those policies. For full policy and procedural information (including definitions of consent), go to the Equal Opportunity and Title IX Office website: <http://www.indstate.edu/equalopportunity-titleix>.
