The Purpose of OLLI at ISU
The Osher Lifelong Learning Institute at Indiana State University (OLLI at ISU) is a membership program open to all adults but geared towards individuals age 50 and older, regardless of academic background and is a program of Indiana State University. At its center are learning programs designed by its members and tailored to suit their interests. These programs (lectures, courses, and special events) are offered without concern for grades, credits, or prerequisites. Indeed, the only requirement for membership in the Institute is a desire to learn.

The Institute emphasizes collaborative leadership and active member participation. The primary responsibilities for programs are assumed by Institute members, all of whom volunteer their time. However, it is only because of the substantial support of the Bernard Osher Foundation and Indiana State University that the Institute can offer these unique learning opportunities to residents of the Wabash Valley.

Members’ Views of OLLI

We thoroughly enjoyed the dinner and presentation by Michael Sheldon on “The Young Titan”, Winston Churchill’s early years.

- Liz & Rick Tuttle

Gene England’s course that focused on John Dos Passos’ “42nd Parallel” was both informative and entertaining. His encyclopedic knowledge could have been overwhelming, but he presented it with clarity and, most importantly, humor. Also, after class he generously stuck around for another 45 minutes to answer every question that one person had. (I wonder who that was?)

- Sherry Dailey

Lew and I took the AARP driving course a week after I had an accident. If I had taken it a week before the accident I might have been able to avoid getting my car totaled. They recommend that you check your rear view mirrors every 5-8 seconds. Even though I was standing still I might have seen the big black truck barreling down towards me. And did you know that you should have 10 inches between you and the steering wheel so that the air bag can deploy properly? Needless to say that $15 course has been useful in training and retraining me to drive more defensively!

- Kathy & Lew Hackleman

A community reaches a level of excellence when the majority of its citizens are informed and willing to support and participate. OLLI at ISU is dedicated to our citizens being ‘informed, supportive and participating’ by providing outstanding programs by community leaders on an on-going basis.

- Barbara Ater

You never know where OLLI will lead you. A plant I got on an OLLI mystery trip won first place in the Vigo County fair.

- Annie Whitman

OLLI has been so interesting for us! We have learned something from each program. Each presenter has done a good job. We have missed so much lately due to health problems. We do hope to be able to attend some this year. OLLI is a great program to keep going!

- Jim & Goldie Hicks

I really enjoy the smartphone classes. I learned a lot about taking pictures, and am looking forward to new information about applications at the August class. Bruce McLaren is a wonderful teacher! If you sense your phone may be gaining the upper hand, these classes are for you!

- Chris Schellenberg

Cold War Culture

With Darlene M. Hantzis, ISU Chair & Professor of Communication and Gender Studies

Date: Tuesdays & Thursdays, August 22 - November 30, 2017
Time: 12:30 - 1:45 PM
Place: ISU Federal Hall, Room 05
Cost: $15

This course examines the Cold War as a cultural practice - constructed by and constructing culture. As a practice, the Cold War is not contained in a physical or geographical sense. We find the cold war circulating around events that reference it and, simultaneously, invent it. The class examine this issue by engaging multiple texts (visual, verbal, factual, fictional), beginning with an event often characterized as the inaugural event of the cold war-the dropping of the atom bomb on Hiroshima. We examine the dropping of the bomb as a proceeding event, not only a consequential material one. We find the Cold War also in the “Red Scare” and some of its actors, including Senator Joe McCarthy, Roy Cohn, Congress, HUAC, and the Hollywood Blacklist. During the period of escalating fear and hatred of “Others” who, by virtue of being other, were defined as “un” or “not” American, the zeal of the hunt generated multi-faceted strategies to uncover what was hidden or secreted. Invisibility and visibility functioned strategically; explicit loyalty oaths and espionage came to be mundane expectations and the work to uncover and reveal the disguised dangerous (next door) was pursued by professionals and amateurs schooled by public service information teaching how to spot a Red. We will examine the case of Julius and Ethel Rosenberg, which provoked national and international response and a conversation about spying and secrets. We will examine the eventual censure of “tailgunner Joe.” Finally, we will sit the Cold War in the emergence of the “nuclear” family of the 1950’s, referenced in the trial of the Rosenbergs, who were cited for failure to maintain a proper home (though executed for conspiracy to commit treason). The post-war construct of “family home” organized daily lives and framed the 20th century dream. Interrogating it includes examining the arrival of television and the rise of popular cultural production that shapes our daily lives in the present in powerful ways. Students will respond critically to readings and discussions through the semester, ever mindful of the resonance of the Cold War in our current culture.

Week 1 will focus on developments in North and South Korea over the past 10-15 years.

Week 2 will focus on China’s interests in and involvement with the two Koreas over that time period.

Week 3 will then turn to the prospects for a peaceful outcome over the nuclear tensions with North Korea (including US interests and involvement).

Shakespeare and the Queen City also features collection pieces from the Cincinnati Museum Center’s collections and local organizations including Cincinnati Shakespeare Company, University of Cincinnati’s Archives & Rare Books Library, Miami University and the Public Library of Cincinnati and Hamilton County to show how Shakespeare’s works hopped from the Elizabethan stage to American libraries, schools, homes and theaters.

On September 28, OLLI will travel to Cincinnati to visit the exhibit “Shakespeare and the Queen City,” the centerpiece of which is a copy of Shakespeare’s “First Folio” on loan from the Folger Shakespeare Library in Washington, DC. Last year—the 400th anniversary of Shakespeare’s death—copies of the “First Folio” from the Folger collection traveled throughout the United States and were seen by sell-out crowds across the country, including in South Bend, the only Indiana location included in the tour. Arguably the most famous English language book ever published, the “First Folio” appeared in 1623 (seven years after Shakespeare’s death) and contained 36 plays by Shakespeare, for 18 of which no other source exists. What exactly is the “First Folio”? Why and how did this almost 400-year-old printed book become such a blockbuster?

Tom taught ISU’s Shakespeare course for English majors for nearly two decades and has offered multiple courses and presentations on Shakespeare for OLLI.

Explore the most famous canyons of the American West on a journey featuring three national parks. Begin in colorful Scottsdale where you will join your fellow travelers for a welcome dinner with real cowboy flair. Includes a dinner and the hotel will be Courtyard By Marriott Scottsdale.

Day 2 - Scottsdale - Sedona - Grand Canyon
This morning, delve into the region’s Native American heritage during a chat with a local tribe member. Learn about the region’s various tribes; their history, traditions and modern experiences. Stunning Sedona awaits. Soak in the imaginative atmosphere and colorful vistas while browsing the arts and crafts shops of the marketplace. Admire Oak Creek Canyon, where the rock formations seem to change hue with every turn in the road. Later, travel through the spectacular Kaibab National Forest before reaching the South Rim of the Grand Canyon. Includes breakfast and dinner and same hotel.

Day 3 - Grand Canyon - Lake Powell
"Grand" is not a strong enough word for today. This morning, take the time to explore the Grand Canyon. Theodore Roosevelt once said, “This is one of the great sights which every American, if he can travel at all, must see.” Behold those same breathtaking views as we travel along East Rim Drive. Later, a short ride brings you to Cameron Trading Post. For nearly a century, the post has acted as a haven for travelers, traders and explorers. Continue north through mesa-studded desert before arriving at your home for the next two evenings – a lovely hotel overlooking the stunning blue waters of Lake Powell. Includes breakfast and dinner and hotel will be Lake Powell Resort.

Day 4 - Lake Powell - Monument Valley Navajo Tribal Park or Canyon Cruise
Begin your day with an invigorating breakfast cruise along lovely Lake Powell. It’s your choice! Travel through the territory of the Navajo nation and arrive in Monument Valley Navajo Tribal Park, a sacred Navajo land featuring iconic sandstone spires; enjoy a fascinating tour, narrated by a Navajo tribe member and a stop at a Hogan, a traditional Navajo hut. Or you may take a canyon adventure cruise through the wondrous geologic formations of the Navajo and Antelope canyons. Later we will enjoy dinner in Lake Powell and some time at leisure. Includes breakfast and dinner and at same hotel.

Day 5 - Lake Powell - Bryce Canyon National Park - Zion National Park
Hoodoos! Today, travel to spectacular Bryce Canyon National Park, famous for its Hoodoos. These rock formations, created over thousands of years by wind and water, carry natural orange and red hues, the product of iron oxidizing within the rock. Zion National Park is our next destination. In sheer magnitude and color, few places on earth match the beauty of Zion’s red and white sandstone cliffs. Includes breakfast and hotel will be Majestic View Lodge.

Day 6 - Zion National Park - Las Vegas, Nevada
Climb aboard Zion’s open-air tram and wind your way alongside the Virgin River and through the 2,400 foot deep, one-half-mile wide Zion Canyon. Later today, trade nature’s beauty for the lights of the Vegas strip. This four-mile stretch of road features neon-lit resorts and round-the-clock action. A 2-night stay offers up plenty of time to enjoy all the glitz and glamour. Includes breakfast and hotel will be Paris Hotel Las Vegas.

Day 7 - Las Vegas
Today is yours. Lounge by the pool sipping drinks, take in a one-of-a-kind show, browse the world-renowned shops, or try your luck in the casino. Simply visiting the different hotels can take you all over the world. Stop in at Mandalay Bay’s Shark Reef aquarium; visit the Luxor to see the sphinxes and pyramid; take a bite out of the Big Apple at New York-New York; see the Eiffel Tower; “ooh” and “ahh” at the Mirage volcano; or take a gondola ride at the Venetian. Includes breakfast and dinner and hotel will be the same.

Day 8 - Las Vegas - Tour Ends
Depart for home with amazing memories of your journey.

Adverse Weather Policy
If the ISU Campus is closed due to adverse weather conditions, OLLI programs are also cancelled. If you are registered for a program you will be notified by phone or e-mail about the rescheduled program. If OLLI presentations are cancelled, an e-mail will be sent and a notice will be on the Program Administrator’s voicemail at 812-237-2336. The easiest way to determine if your class or trip has been cancelled is to call the OLLI offices at 812-237-2345. Campus closures are also announced by local media.

Program Cancellation
Although highly unlikely, a program may be cancelled due to under-enrollment or some other circumstance beyond the Institute’s control. Members will be notified of a cancellation and have the option of a credit to their account or a refund.

A cancellation must be made seven days prior to the date of the program to receive a refund or credit. Trip cancellations must be made two weeks prior to a trip to possibly receive a refund or credit. If we can fill your seat for a day-trip, you may receive a full credit. If you do not show for a program that you are registered for and have not cancelled by the stated time you will be charged for that program.
