Next Meeting: Assessment Council, December 14, 9:00am, 222 Federal

Prep Work for ALT Meeting 12/7

- Consider the strategic goals we've decided to focus on through AY 2020:
 - Improve integrity and accessibility of assessment processes and resulting data to enhance efficiency and effectiveness (this includes the strategy of incorporating an assessment management system (AMS)).
 - Build assessment capacity and normalize practice among faculty and staff.
 - Advance our assessment story and sharing abilities to increase awareness of assessment processes and findings.
- Determine the following for each:
 - What would success look like/what is the target?
 - 2-3 concrete strategies for working toward achievement.
 - Necessary resources for these strategies.
 - How would we measure our success?
- The intended goal of this exercise is to create a rough draft plan at ALT meeting on 12/7 to present to Assessment Council on 12/14.
