- IV. New Business
 - I. SOAS Report Updates
 - II. End of the Year Report
 - III. AY 19-20 Membership & Meeting Dates/Times
- V. Announcements
- VI. Adjournment

Notes:

Resource of the Month:

- AALHE's Assessment Works podcast, *Fear & Learning in Assessment*: <https://www.aalhe.org/page/AWEpisodes#Ep01>

Homework for 5/10 meeting:

- Review Student Outcomes Assessment and Success Report template.
- Make recommendations for edits to the form with the following in mind*:
 - Readability
 - Clarity of instructions
 - Usefulness/redundancy of information requested
 - Options for how to collect student success information next year^
 - Alternative reporting styles~

*Career Readiness reporting will be due on 10/15 as well. Should that be a Part 3 in this report or a separate report due on the same day? *For 2019, this will only be planning data, not assessment findings.*

^I will be meeting with Jason Trainer, VP Enrollment Management, to better understand his vision for student success as a function of strategic enrollment management. This may shape the data asks/reporting structure .

~If we use a different format, we still need to collect the same basic information at least through our AY 19-20 reporting cycle to ensure consistency for our HLC evidence. More substantive changes could go in effect post-visit in September 2020.
