### Outcome Set

#### Injury/Illness Prevention

Cognitive and psychomotor skill mastery, clinical proficiency and demonstration of sound clinical decision making in the application of injury/illness prevention.

**Courses:**
- ATTR 110, ATTR 202, ATTR 212 & 212L, ATTR 255, ATTR 280, ATTR 355, ATTR 356, ATTR 365, ATTR 425, ATTR 455, ATTR 456, ATTR 473, ATTR 475, COUN 433, HLTH 111, FCS 201, PE 220, PE 381, PE 385

Specific Competencies and Proficiencies for Medical Conditions and Diseases, Nutrition, Pathophysiology, and Risk Management are included in this coursework. See course matrix.

Students assess these program outcomes with the exit and alumni survey.

#### Clinical Evaluation and Diagnosis

Cognitive and psychomotor skill mastery, clinical proficiency and demonstration of sound clinical decision making in the application of clinical evaluation and diagnosis.

**Courses:**
- ATTR 210, ATTR 212 & 212L, ATTR 256, ATTR 280, ATTR 355, ATTR 356, ATTR 363, ATTR 365, PE 381

Specific Competencies and Proficiencies for Medical Conditions and Diseases and Orthopedic Clinical Evaluation and Diagnosis. See course matrix.

Students assess these program outcomes with the exit and alumni survey.

#### Immediate Care

Cognitive and psychomotor skill mastery, clinical proficiency and demonstration of sound clinical decision making in the application of immediate care of injuries/illnesses.

**Courses:**
- ATTR 110, ATTR 202, ATTR 212 & 212L, ATTR 225, ATTR 255, ATTR 363, ATTR 365, ATTR 425, ATTR 435, ATTR 455, ATTR 456, ATTR 473, HLTH 111, FCS 201, PE 220, PE 381, PE 385

Specific Competencies and Proficiencies for Acute Care of Injuries/illnesses and Nutrition are included in this coursework. See course matrix.

Students assess these program outcomes with the exit and alumni survey.

#### Treatment, Rehabilitation, and Reconditioning

Cognitive and psychomotor skill mastery, clinical proficiency and demonstration of sound clinical decision making in the application of the treatment, rehabilitation, and reconditioning of injuries/illnesses.

**Courses:**
- ATTR 110, ATTR 202, ATTR 212 & 212L, ATTR 255, ATTR 256, ATTR 355, ATTR 356, ATTR 435, ATTR 455, ATTR 456, ATTR 472, ATTR 473, COUN 433, HLTH 111, FCS 201, PE 220, PE 381, PE 385

Specific Competencies and Proficiencies for Medical Conditions and Diseases, Nutrition, Pathophysiology, and Risk Management are included in this coursework. See course matrix.

Students assess these program outcomes with the exit and alumni survey.

---

**Printed on:** 3/30/2016 12:45:37 PM
Specific Competencies and Proficiencies for Treatment, Rehabilitation, and Reconditioning are included in this coursework. See course matrix.

Students assess these program outcomes with the exit and alumni survey.

**Administration and organization**
Cognitive and psychomotor skill mastery, clinical proficiency and demonstration of sound clinical decision making in the administration and organization of athletic health care services.

ATTR 110, ATTR 212, ATTR 225, ATTR 425
Specific Competencies and Proficiencies for Administration and Organization are included in this coursework. See course matrix.

Students assess these program outcomes with the exit and alumni survey.

**Professional responsibility**
Cognitive and psychomotor skill mastery, clinical proficiency and demonstration of sound clinical decision making in the application of professional responsibility.

All courses in the Required Core of the Curriculum address the professional responsibility aspect of the program through the use of evidence-based medicine.
ATTR 110, ATTR 355, ATTR 425, ATTR 455, ATTR 456. Specific Competencies and Proficiencies for Acute Professional Responsibility are included in this coursework. See course matrix.

Students assess these program outcomes with the exit and alumni survey.

**ATC Credential**
Achieve Certification credential from the Board of Certification.

Alumni surveys and BOC reports are used to assess this outcome.

**Professional Performance**
Demonstration of quality performance in a professional/employment setting.

Results of employer surveys are used to assess this outcome.
