Due to your dean by June 1

Due from dean to assessment office by June 15

Degree Program Name: __Baccalaureate Nursing Completion RN to BSN__ **Contact Name and Email** _Andreas.Kummerow@indstate.edu____

Before you complete the form below, review your outcomes library and curriculum map to ensure that they are accurate and up to date. If not, you may submit a new version along with this summary.

Part One

<p>a. What learning outcomes did you assess this year?</p> <p>If this is a graduate program, indicate the Graduate Student Learning Outcome* each outcome aligns with.</p>	<p>b. (1) What method(s) did you use to determine how well your students attained the outcome? (2) In what course or other required experience did the assessment occur?</p>	<p>c. What expectations did you establish for achievement of the outcome?</p>	<p>d. What were the actual results?</p>	<p>e. (1) Who was responsible for collecting and analyzing the results? (2) How were they shared with the program's faculty?</p>
<p>7. The baccalaureate prepared student will demonstrate health promotion.</p>	<p>(1) Student will score a grade of 85% or better on the Health Promotion Project in Community Nursing course. Please see attached. (2) Nursing 444 – Community Nursing</p>	<p>90% of students will score a grade of 80% or better on the Health Promotion Project in Community Nursing course.</p>	<p>Fall 2015: N = 9 90-100% = 5 80-89% = 3 75-79% = 1 >74% = 0 <u>88.9% of students scored at or above 80% on the health promotion project and paper</u></p> <p>Spring 2016: N = 7 90-100% = 6 80-89% = 0 75-79% = 0 >74% = 1 <u>86% of students scored at or above 85% on the health promotion project and paper.</u></p>	<p>(1) Assessment committee representative. (2) Presented via assessment meetings.</p>
<p>8. The baccalaureate prepared student will display professional behaviors.</p>	<p>(1) Clinical Evaluation shall reflect a satisfactory score on midterm clinical assessment evaluation tool in the senior reflective nursing course. Please see attached rubric. (2) Nursing 484 – Reflective</p>	<p>100% students shall achieve a satisfactory or better score on clinical assessment evaluation tool in the senior reflective nursing course for the following areas: professional, timeliness, attitude, and</p>	<p>Fall 2015: N = 5 Satisfactory = 5 Unsatisfactory = 0 <u>100% of students achieved at or above satisfactory on the clinical assessment evaluation</u></p>	<p>(1) Assessment committee representative. If you would like to report on more than three outcomes, place the cursor in the last cell on the right and hit “tab” to add a new row.

Notes

- Use your outcomes library as a reference.
- Each outcome must be assessed by at least one direct measure (project, practica, exam, performance, etc.). If students are required to pass an examination to practice in the field, this exam must be included as one of the measures. At least one of the outcomes must use an indirect measure (exit interview, focus group, survey, etc.). Use your curriculum map to correlate outcomes to courses.
- Identify the score or rating required to demonstrate proficiency (e.g., “Students must attain a score of “3” to be deemed proficient; at least 80% of students in the program will attain this benchmark.”
- Note what the aggregate level of proficiency actually was and the number of students included in the cohort or sample (e.g., “85% of the 25 students whose portfolios were reviewed met the established benchmark).
- This may be a specific individual, a position (e.g., assessment coordinator), or a group such as the department assessment committee. Minutes should reflect that results are shared with members of the department at least annually.

Part Two

In no more than one page, summarize 1) the discoveries assessment has enabled you to make about your students’ learning, the curriculum, departmental processes, and/or the assessment plan itself; 2) the changes and improvements you have made or will make in response to these discoveries and/or the coordinator’s feedback on the previous summary; and 3) what your assessment plan will focus on in the coming year.

If you would like to reference any supporting materials (departmental meeting minutes, detailed assessment results, etc.), please provide the URL at which they can be found.

1. Discoveries - are as follows:
 - a. RN students continue to perform at a high level and professional behavior as reported by clinical survey remains at 100%.
 - b. Health promotion has room for improvement. One of the reasons for not fully achieving the desired benchmark is the low N value. For both semesters, only 1 student did not achieve the benchmark causing the benchmark to not be achieved. Plan to continue to monitor the RN population.
2. Changes and improvements with feedback from previous summary - are as follows:
 - a. Plan to continue to monitor Community Health Project scores to determine if pattern continues or if scores slightly below benchmark related to small N.
 - b. Professional behavior by RN's continues to remain high and will continue to monitor for any drop in scores.
3. Focus for upcoming year:
 - a. Clarify expectation on Community Health Project in effort to achieve benchmark.
 - b. Continue to monitor Professional behavior in Capstone Clinical course and intervene if necessary.

As is the case with the other undergraduate nursing programs, the RN-to-BSN program has clear, measurable outcomes that align well with the assessment measures (and your assessment plan provides additional evidence of this). This past year's small cohort achieved one of the two outcomes assessed. At this time, the assessment committee plans to continue to monitor performance before determining whether additional action is warranted. In next year's report, please reflect on this item, as well as clarifying how frequently the faculty engage in discussions about assessment results and planning.
