

HR's Human Resources Training Sessions

Human Resources understands that there are numerous systems that employees must master in order to perform their everyday duties. Human Resources is pleased to present some of our campus' human resources to provide training. These sessions are built for walk-ins. However, you may register below to receive a reminder about the training.

For detailed information about each topic and to register, please visit the [HR's Human Resources](#) web page.

If you have any questions or need more information, please contact Kale Walker at Kale.Walker@indstate.edu or 812-237-8530.
