

Sycamores Care

Sycamores Care is a campus-wide program that cares for students in distress. Sycamores Care is hosted out of the Dean of Students Office and works with partners across campus to address needs of students such as:

Homesickness	Feeling Lost
Family Emergencies	Injuries and Hospitalization
Illness	Faculty Concerns
Academic Problems	Relationship Issues
Financial Problems	General Questions

Sycamores Care encourages referrals from friends, family members or supporters, as well as faculty and staff. Anonymous referrals are also accepted. The best way to let us know a student is in need is to complete the referral form found at: www.indstate.edu/student-affairs/sycamores-care
