

October 28, 2020

Dear Sycamore Community,

I am writing to follow up on the latest campus RAVE alert indicating the following:

ISU Update: After reviewing camera footage, THPD has determined that the suspect fled campus southbound in a vehicle. All campus buildings are safe to reopen.

As a reminder, the Terre Haute Police have the lead in apprehending the suspect and investigating this off-campus situation. The ISU Police Department is assisting. While details will be forthcoming from the THPD, it appears that: (1) the suspect and victim are known to each other, and (2) neither are ISU students. ISU Police and University Communication will provide additional details when it is warranted.

Please join me in sending continued thoughts and prayers for the victim.

President Deborah J. Curtis, Ph.D.
