

Message from the President

Dear campus community,

As announced by University Communication, we learned earlier this morning of an off-campus shooting that involved several students from ISU. It is with great sadness that I inform you that one of our fellow Sycamores, Valentina "Tina" Delva, was killed.

Earlier today, I reached out to Tina's mother to express my condolences and offered the support of Indiana State University. Tina was a freshman at ISU with college and her entire life ahead of her. The Terre Haute Police Department is leading the ongoing investigation with the cooperation of the ISU Police Department.

This is a very tragic situation that every university president prays never happens. Our entire community must come together to care for one another as we remember her life. Please join me in sharing your thoughts and prayers for Tina's family and friends as we grieve and honor her life.

Deborah J. Curtis, Ph.D.
President
