### **Summary of Activities**

UAC met two times during the AY. Normally, the Committee meets 4 times. Early in the fall semester, UAC began a review of its function. Several changes that would more fully engage the committee were discussed. With the appointment of President Curtis, it was agreed that the AD and the UAC Chairperson would meet with the President to explore her expectations.

That meeting occurred late in the spring semester and the regular UAC meetings scheduled were cancelled.

UAC issues for the year included:

- Updates from new coaches,
- Participation in the search for the new women's basketball coach,
- Reviews of eligibility verification process,
- Conducted hearing on athlete appeal, and
- Review of UAC Handbook language and review of similar language from other conference schools.

During the summer, the AD, Faculty Athletic Representative, and UAC Chairperson are working on revised Handbook language to present to the UAC for review and discussion.
