

**University Speakers Series
2020-21 Summary Report**

Here is the report from the 2020-21 University Speaker Series Committee.

We met November 30, 2020 via Zoom.

I sent the following information in advance:

USS Thru the Years

USS Mission Goals Committee Expectations

Ranking Worksheet

2021-22 Potential Speaker list

The agenda included the discussing all of the attachments especially detailing the Mission Goals and Committee Expectations.

We also discussed potential speakers. COVID forced us to move the 2020-21 Series to 2021-22 but we discussed the possibility of adding one or two more speakers. I asked for suggestions so that I could investigate availability, costs, etc

The next meeting was March 31, 2021 via Zoom.

We again talked about the speakers already booked but then discussed potential upcoming speakers.

Each of their suggestions were discussed based on costs, availability, etc.

Everyone is looking forward to having Live Events again!

Please let me know if you need further information.
