Ms. Amanda Knerr
Executive Director for Residence Life and Housing
Erickson Hall 119
Terre Haute, IN 47809

Ms. Knerr and Search Committee Members,

Please accept my application materials for the Residence Life Area Coordinator Position at Indiana State University. This vital role is a great opportunity for me to share my talents and skills as an educator, professional and leader. Indiana State's desire to hire someone who has strong administration skills to manage relations while providing a safe, community based experience for their students is the type of challenge I look forward to.

During my time in Higher Education, I have found the most joy working with and for students, meeting them where they are. The Area Coordinator position allows me to further reimagine the student experience through community connection, encouraging personal growth through self-authorship and intellectual curiosity. The opportunities to teach and understand students through interactions are plentiful within student affairs. My experiences have enabled me to better understand the needs of a community; with special attention to the importance of interoffice collaboration to best serve the students. My ability to build and sustain meaningful relationships with faculty, staff and community partners of varying decision making leaders, ensures I contribute to the success of our department.

I have attached a copy of my resume which highlights my qualifications. Thank you for your consideration and I look forward to an opportunity to discuss my candidacy with you.

Go Sycamores!

Josh Lemieux
