But you will receive power when the Holy Spirit has come upon you, and you will be my witnesses in Jerusalem and in all Judea and Samaria, and to the ends of the earth.

ACTS 1:8
Why Study Abroad + Missions?

Studying abroad for a semester or summer does not mean sacrificing Christian ministry and community. Committing to missions does not mean compromising on academics or your degree plan. It doesn’t have to be one or the other—with Veritas, it’s both. Here’s how:

**Go long(er) term.** As a college student, you have an advantage to spend more than a week or long weekend on a mission trip. You have the chance to spend one to four months—even a full academic year—abroad taking courses and doing ministry to the ends of the earth!

**Immerse yourself.** Through your Mission Mentor and involvement with local churches and ministries, you’ll have intentional access to the local community and culture where you’re living. You’ll worship and pray with locals and serve in a variety of ministries with children, youth and adults. As a believer, you want to build relationships and share the gospel. Having these unique avenues through studying abroad allows for that.

**Get support on all fronts.** Before you go abroad, you’ll receive comprehensive advising and support from our U.S. office. Once you’re abroad, you’ll have access to a full-time resident staff who will provide support in all areas from academics to culture to excursions. Your Mission Mentor will offer spiritual support and connect you to ministry and community, as well as help you process your experiences and expectations abroad.

**Develop a mission lifestyle.** When you study and serve with Veritas, you will learn how to manage your time between school, social life, ministry and everyday living. Instead of spending five days a week and eight hours a day doing solely volunteer work, you will spend a few weeks to several months building relationships and serving a community while still living life as a student.

Leverage the cross-cultural benefits study abroad gives plus the spiritual support and ministry opportunities that missions provide.
Veritas Christian Study Abroad (Veritas) is a division of International Studies Abroad (ISA). Since 1987, ISA has offered quality study abroad programs for U.S. and Canadian students, and we are proud to have joined the WorldStrides organization. WorldStrides is the largest and most trusted educational travel company in the world. Founded in 1967, WorldStrides has grown to provide global educational programs for 400,000 students annually.

Veritas is privileged to utilize the experience and infrastructure of ISA to create programs for students interested in participating in missions during a study abroad program. Veritas shares offices and support staff with other ISA programs; Veritas students and traditional ISA students will participate in orientation, classes, cultural activities and excursions together.

### Academics

The mission of Veritas Christian Study Abroad is to provide high-quality college-level study abroad programs at host universities while helping students develop as mission-minded Christian leaders.

**DEDICATED TO CREATING OPPORTUNITIES FOR ALL STUDENTS**

- Veritas provides students with the right balance of independence and support by providing the necessary tools for all participants to succeed abroad.
- Veritas offers courses in English in all program locations as well as foreign language courses for all levels of language proficiency.
- Courses are available in over 100 subjects including Business, Health Sciences, Engineering, Foreign Languages, Agriculture, Arts, Education, Sociology, Sciences and Humanities.
- Students participate in volunteer mission work alongside local ministries in addition to university coursework.
- Veritas will provide services to students with disabilities or special needs at various locations.

Veritas programs include courses at accredited host universities, as well as Veritas for-credit and service-learning courses and practicum. Students will receive a transcript from the host university for language and content courses and a transcript from California Baptist University for the Veritas course and practicum. Transcripts come with a Veritas cover letter.

**VERITAS COURSES**

Veritas-specific courses are taught by Christian professors who understand the mission of Veritas. They encourage students spiritually as well as academically, and help students gain a missional perspective through their studies.

In addition to the mission work component, the International Missions Practicum is designed to help students process their study abroad and mission experiences through reflection, journal entries and research and gain a better understanding of missions in a cultural context. Students will experience first-hand the challenges and opportunities of serving as an international missionary.

Semester programs include the three-credit Veritas course and the one-credit International Missions Practicum, with the opportunity for students to earn up to two additional credits for added mission work.

Summer and Intensive Language programs include the one-credit International Missions Practicum.

**UNIVERSITY COURSES**

In addition to the Veritas classes, students will choose from a wide selection of courses taught at the host university to maintain a full academic course load. Each host university is accredited in its home country and staffed by local professors. Students choose from courses in many subjects taught in either English or the native language.

### Health & Safety

All efforts are made to ensure the safety, security and well-being of our students throughout the duration of their programs. While Veritas cannot guarantee a risk-free environment, we follow prudent measures to reduce risk and provide the safest environment for study abroad participants. We are on call 24 hours a day, seven days a week. Students, parents and home university staff who need urgent assistance outside of regular office hours may contact the Veritas Austin office at (512) 215-3797 for emergency contact information.

- Inform the university study abroad and financial aid offices of your interest in using financial aid to pay for the Veritas program and ask about their requirements.
- Ask the financial aid office if there is a Contractual Agreement (sometimes referred to as a Consortium Agreement) that needs to be completed. If so, have that form sent to Veritas at financialaid@veritasabroad.com or via fax to (512) 777-2866 as soon as possible so that it can be completed and returned.
- Sign the Veritas Verification of Award (VOA), which accompanies the Veritas acceptance forms.
- Ask the university financial aid office to complete the VOA and return it to Veritas.
- Let the financial aid office know about the payment due date of the Veritas program you have chosen.
- Turn in all necessary payments and a “hold” check to Veritas by your program due date.

Custom Programs
FOR UNIVERSITY PROFESSORS & ADMINISTRATORS

Veritas’ Custom Programs (CP) division exists to respond to the growing demand for tailored study abroad opportunities that achieve U.S. universities’ specific academic and cultural objectives. As a division of International Studies Abroad, the Veritas CP department works with U.S. university partners to offer logistical support for faculty-led study abroad opportunities in existing locations offered by International Studies Abroad. Missions in Cape Town

Cape Town consistently ranks as one of the most beautiful cities in the world, but despite its beauty, South Africa’s history of hardship and contrast between wealth and poverty has created a lasting impression on the city and its people. There are many opportunities to serve the homeless, impoverished and uneducated people of Cape Town. Students will grow in their faith as they discover what it means to be an international missionary, serve others and gain a global gospel perspective for the ends of the earth! While abroad, the Mission Mentor will connect students to these ministries and local churches, and encourage students through prayer, reflection and spiritual support.

“I saw a new perspective on God and the Bible through the insights of friends, my Mission Mentor, and the Korean pastor. I really understand that God’s love crosses all borders and barriers—it cannot be stopped.”

KATHRYN M. • CALIFORNIA BAPTIST UNIVERSITY
**Missions in Seoul**

Once a strongly Buddhist nation, South Korea is now one of the largest mission-sending countries in the world. However, there is still a great need for the Gospel here, as nearly half the population has no religious affiliation. Previous students have partnered with a local church in Seoul through bible studies, youth ministry, and campus outreach and suicide prevention ministry. There are also opportunities to serve with Baby Box Ministries, an organization that cares for abandoned children. Students will grow in their faith as they discover what it means to be an international missionary, serve others and gain a global gospel perspective for the ends of the earth! While abroad, the Mission Mentor will connect students to these ministries and local churches, and encourage students through prayer, reflection and spiritual support.

Missions in Prague

The Czech Republic is home to a very large population of atheists and irreligious people. Since the fall of communism, the Christian faith has declined and is considered unnecessary. Our goal is to build meaningful relationships of trust with the locals and assist missionaries and pastors as they seek to turn the tide of secularism in this country. Through English language outreach and other relational ministries you will have the opportunity to understand the culture and share your story. Students will grow in their faith as they discover what it means to be an international missionary, serve others and gain a global gospel perspective for the ends of the earth! While abroad, the Mission Mentor will connect students to these ministries and local churches, and encourage students through prayer, reflection and spiritual support.

As you build relationships, you will be continuing the mission that the Apostle Paul started 2,000 years ago. Students will grow in their faith as they discover what it means to be an international missionary, serve others and gain a global gospel perspective for the ends of the earth! While abroad, the Mission Mentor will connect students to these ministries and local churches, and encourage students through prayer, reflection and spiritual support.

The ability to go to a Spanish church, to be thrust into times with the youth group where no one really spoke English, and to have three months to invest in the lives of people there was one of my favorite parts of the program.

SARAH S. • UNIVERSITY OF CALIFORNIA, BERKELEY
Missions in Sevilla

Studying abroad in southern Spain exposes you to three major religions that have influenced Spanish history: Judaism, Christianity and Islam. Today, Catholicism remains Spain’s main religion, but many consider it to be a cultural aspect rather than a spiritual lifestyle. Previous students have joined a grassroots community in the suburbs of Sevilla to forge local relationships, teach English and host gatherings for the neighborhood. Students will grow in their faith as they discover what it means to be an international missionary, serve others and gain a global gospel perspective for the ends of the earth! While abroad, the Mission Mentor will connect students to these ministries and local churches, and encourage students through prayer, reflection and spiritual support.

Student Visa Information

Veritas program countries vary greatly in their visa requirements for students. While some participants may be required to obtain a student visa, others may be able to stay in the host country for the duration of their program as a tourist. The application process for a student visa also varies by country. Depending on the foreign consulate, applicants may have to apply for the visa in person, via an online application or by mailing in all application materials. Veritas will include country-specific student visa information in the student portal (when applicable).

Most countries require a background check to issue a student visa, and any current or unresolved legal matters may result in a visa application being denied. If you have a current or unresolved legal matter or have not completed all sanctions from a legal matter, contact the consulate directly right away to obtain more information.

Please refer to the Veritas website to find the embassy and consulate information, as well as other relevant student visa requirements.
Cross-culture ministry is tough. With the cultural and language barriers, things can get confusing. But I believe love is a universal language, and our God is a god of love. There may be some cultural differences in how love is expressed, but for the most part love can be shown in simple ways that all can understand.

**THAT’S THE BEAUTY OF OUR GOD.**

He is the same yesterday, today, and tomorrow. He is the same in Spanish, English, and any other language.

Sharing his grace with people of a different culture was challenging at times, but I took comfort in the fact that we shared the same God. When Moses asks God what he should call Him, God answers with a simple two word phrase, “I AM.” It simplifies the complexity of this all-knowing, all-powerful, all-loving being and it describes Him so perfectly. God IS. This is so important to remember when struggling to share the grace of God cross-culturally.

I will always remember this time in Peru because my spiritual growth has never progressed this much in such a short period of time.

**HOW CAN I EVER FORGET AN EXPERIENCE LIKE THIS?**
