

Packaging Engineering Technology

Applied Engineering and Technology Management (AETM) Department

Description of major: The B.S. in Packaging Engineering Technology Program at Indiana State University combines classroom learning with hands-on experiences. Students explore the technical use of equipment to learn design techniques and to gain an understanding of management practices. The program offers numerous options for specialization, from manufacturing and mechanical technology to graphic and design.

Math Requirement: Calculus I

Science and Lab Requirement: Chemistry I, Physics I

Hands on/Lab Based: Yes

Theoretical/Analytical: No

Distance Program: No

Accreditation: The B.S. in Packaging Engineering Technology Program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org>.

Popular Jobs Associated: Packaging Engineer, Lab Technician, Quality Engineer

Average Salary Range: \$55,000-\$75,000
