

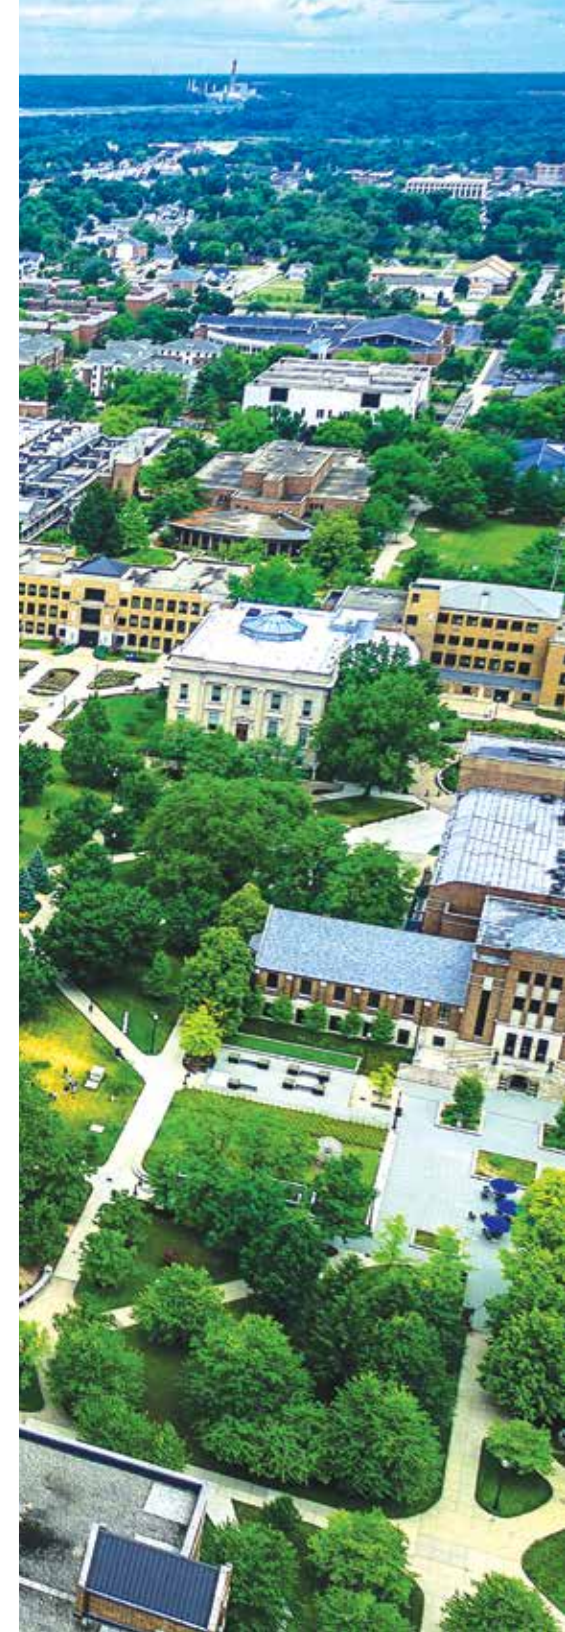

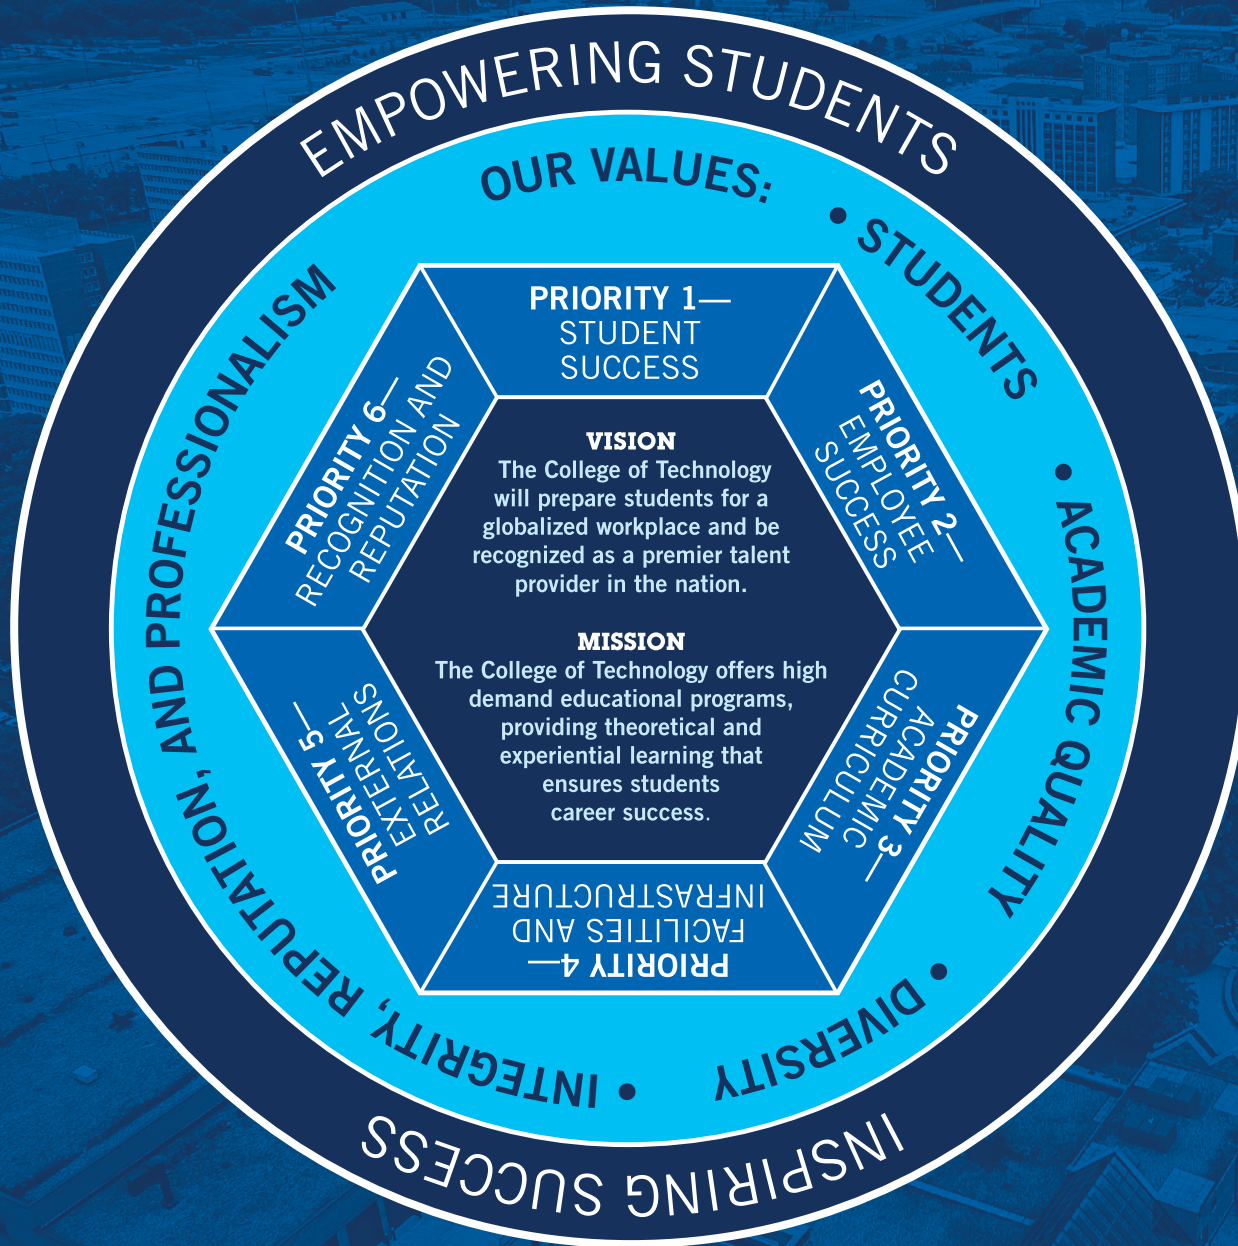

Graphic of the Plan

The Strategic Plan

A Strategic Plan for the College of Technology *Empowering Students. Inspiring Success.* 2019-2024

Values

- **Students.** The College of Technology values its students. We make them #1 in everything we do.
- **Academic Quality.** We transform students' abilities and social mobility through the quality of our programs. We prepare students for the advanced technological workforce.
- **Diversity.** We value and respect the diversity of individuals, ideas, and expressions.
- **Integrity, Reputation, and Professionalism.** We respect the integrity of people and processes as essential to our College's reputation and professionalism.

Vision

The College of Technology will prepare students for a globalized workplace and be recognized as a premier talent provider in the nation.

Mission

The College of Technology offers high demand educational programs, providing theoretical and experiential learning that ensures students' career success.
